Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 154A.110 is amended to read as follows:

- (1) Proceeds of lottery prizes shall be subject to Kentucky state income tax. Any attachments, garnishments, or executions authorized and issued pursuant to statute shall also be withheld if served upon the process agent of the corporation. This section shall not apply to a retailer.
- (2) The board shall adopt rules to establish a system of verifying the validity of tickets claimed to win prizes and to effect payment of such prizes, except that:
 - (a) No prize, nor any portion of a prize, nor any right of any person to a prize awarded shall be assignable. Any prize, or portion thereof, remaining unpaid at the death of a prize winner shall be paid to the estate of such deceased prize winner or to the trustee under a revocable living trust established by the deceased prize winner as settlor, provided that a copy of such a trust has been filed with the corporation along with a notarized letter of direction from the settlor and no written notice of revocation has been received by the corporation prior to the settlor's death.

Following such a settlor's death and prior to any payment to such a successor trustee, the corporation shall obtain from the trustee and each trust beneficiary a written agreement to indemnify and hold the corporation harmless with respect to any claims that may be asserted against the corporation arising from payment to or through the trust. Notwithstanding any other provisions of this section, any person, pursuant to an appropriate judicial order, shall be paid the prize to which a winner is entitled.

- (b) No ticket shall knowingly be sold to any person under the age of eighteen (18), but this section does not prohibit the purchase of a ticket by a person eighteen (18) years of age or older for the purpose of making a gift to any person of any age. The person named as custodian shall have the same powers and duties as prescribed for a custodian pursuant to the Uniform Transfers to Minors Act.

 - (d) No particular prize in any lottery game shall be paid more than once, and in the event of a binding determination that more than one claimant is entitled to a particular prize, the sole remedy of such claimants is the award to each of them of an equal share in the prize.
 - (e) A holder of a winning cash ticket from a Kentucky lottery game shall claim a prize within three hundred sixty-five (365) days (for a ticket issued before January 1, 1995), and within one hundred eighty (180) days (for a ticket issued on or after January 1, 1995), or for a multistate lottery game within one hundred eighty (180) days, after the drawing in which the prize was won. However, a holder of a pull-tab lottery ticket shall claim a prize within the time period and in the manner printed on the ticket. If a valid claim is not made for a prize within the applicable period, the prize shall constitute an unclaimed prize for purposes of subsection (3) of this section.
 - (f) No prize shall be paid upon a ticket purchased or sold in violation of this chapter. Any such prize shall constitute an unclaimed prize for purposes of subsection (3) of this section.
- (3) Any unclaimed prize money may be retained by the corporation and added to the pool from which future prizes are to be awarded or used for special prize promotions, or may be appropriated by the General Assembly directly from the corporation for any public purpose. For ~~each fiscal year years 1998-99 and 1999-00~~, any unclaimed prize money in excess of six million dollars (\$6,000,000) shall be transferred to the affordable housing trust fund established by KRS 198A.710.
- (4) The corporation is discharged of all liability upon payment of a prize.
- (5) No ticket shall be purchased by and no prize shall be paid to any of the following persons:
- (a) Any member of the board of directors, officers, or employees of the corporation;
 - (b) Any vendors or related entities, or any member of the board of directors, officers, employees of, partners in, or owners of any vendors or related entities to the vendors; or

HB 476, AN ACT relating to the consolidation of counties, and making an appropriation therefor.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 67 IS CREATED TO READ AS FOLLOWS:

It is the intent of the General Assembly to encourage county governments to perform at the highest levels of efficiency and economy while providing the highest standards of governmental services possible to their citizens. It is also the belief of the General Assembly that, in order to attain these high standards of efficiency, economy, and service and to assure the ongoing improvement in the quality of life of all citizens of the Commonwealth, all county governments must be permitted by the action of their fiscal courts or at the request of their citizens to consider consolidation with adjoining counties for these purposes. The General Assembly, in support of those counties that take action to consolidate, further intends to provide financial and technical assistance for those counties through legislative action in order to ease the transitions brought by consolidation.

SECTION 2. A NEW SECTION OF KRS CHAPTER 67 IS CREATED TO READ AS FOLLOWS:

- (1) Any two (2) or more adjoining counties may consolidate.
- (2) (a) An action to consolidate a county may be initiated by:
 - 1. The adoption of an ordinance by a fiscal court stating the intent of the county to consider consolidation with another county or counties; or
 - 2. The petitioning of the fiscal court by residents who are registered voters within the county.
- (b) The number of signatures required for a petition to consolidate shall equal twenty percent (20%) of the total number of persons voting in the last presidential election. All petitions shall be certified as sufficient by the county clerk. All petitions shall include the printed name, address, age, and signature of each registered voter signing the petition, and the date of the signature. The petition shall not be circulated for a period of time exceeding one hundred twenty (120) days in duration. If the petition exceeds the one hundred twenty (120) days time frame it shall become void. Any petition containing irregularities shall be returned to the petitioner who shall have ten (10) days to correct the irregularities and resubmit the petition to the county judge/executive for final certification.
- (c) Upon receipt of a certified petition or the final adoption of an ordinance stating the intent of a county to consolidate with another county or counties, the county judge/executive in the initiating county shall within ten

(10) working days notify by certified mail, return receipt requested, the fiscal courts of the adjoining counties proposed for consolidation and shall notify the residents of those counties by legal public notice of the action taken in the initiating county. If no action is taken within one hundred twenty (120) days from the receipt of the certified letter to present a petition or to enact an ordinance in the adjoining counties which are proposed to be consolidated as provided in subsections (2)(a) and (2)(b) of this section, the actions in the initiating county shall be considered void.

- (3) All ordinances relating to county consolidation shall be adopted in accordance with the provisions of KRS 67.076 and 67.077. Upon enactment, the ordinances shall be published in accordance with the provisions of KRS Chapter 424.
- (4) (a) If within one hundred twenty (120) days of the public notice in an adjoining county proposed for consolidation, a petition is received or an ordinance is enacted stating the intent of the county to consolidate with a county or counties as provided in subsections (2)(a) and (2)(b) of this section, a special election shall be held within ninety (90) days on the same day within each county, to determine the will of the people in each separate county.
 - (b) The county judge/executive shall in each county proposed for consolidation deliver a certified copy of the enacted ordinance or the final certified petition to the county clerk of the county in which the election is to be held. The county clerk in each county proposed for consolidation shall prepare the following question to be placed before the voters: "Are you in favor of being consolidated with the county (or counties) of which will form a new county?" The advertisement of the election by the sheriff shall be in accordance with KRS 242.040. The advertisement shall include the date of the election and the question to be voted upon.
 - (c) If a simple majority of those persons voting in each county vote in favor of the consolidation, the counties shall become consolidated. If less than a simple majority of those persons voting in each county favor the consolidation, then the issue of consolidation will become void for all purposes in each county.
- (5) All general costs associated with the conduct of special elections relating to a proposed consolidation of counties shall be paid by the state. The publication costs for legal public notice of the election and the costs for legal public notices in adjoining counties proposed for consolidation as required in subsection (2)(c) of this section shall be considered a general cost of the election, but no other advertising shall be paid for by state funds.
- (6) Upon certification of an affirmative action to consolidate counties, no further action shall be made to alter the territory of the newly consolidated county for a period of ten (10) years.

SECTION 3. A NEW SECTION OF KRS CHAPTER 67 IS CREATED TO READ AS FOLLOWS:

The fiscal court of any new county created by the consolidation of two (2) or more counties shall not take any legal action until the expiration of the current terms of office of all elected county officials holding office when the counties were consolidated and the election and certification of the officials of the newly consolidated county. The officers of the newly consolidated county shall be elected and take office in the same manner and at the same time as other elected county officials.

SECTION 4. A NEW SECTION OF KRS CHAPTER 67 IS CREATED TO READ AS FOLLOWS:

- (1) Upon certification of an election to consolidate counties, the county judge/executive of each county shall, within thirty (30) days after the certification, appoint six (6) voters from the county to serve as members of a transition committee for the purpose of dividing the area of the new county into districts for the election of members of the fiscal court for the new county. The appointments for each county shall be made so that they reflect as closely as possible the ratio of each of the two (2) major political parties to the total county population. The committee members representing each county shall begin meeting jointly within fifteen (15) days after their appointment and proceed to divide the area of the new county into not less than three (3) nor more than eight (8) magisterial districts, each to be as nearly equal in area and population as possible. The committee shall also select not fewer than two (2) names nor more than five (5) names for the new county, which shall be submitted to the voters for their selection at the same time as the election for the members of the new fiscal court. The report of the transition committee shall be filed with the county judge/executive of each consolidating county not less than sixty (60) days after the appointment of the members. The members of the transition committee shall select a chairman from among themselves to preside over the meetings of the group.
- (2) If, at the expiration of sixty (60) days after the initial meeting of the transition committee, a majority of the members have failed to agree upon the selection of the names for the proposed county or fail to agree upon a plan to divide the new county into magisterial districts, the Governor shall appoint an additional person to act as chairman of the committee. The Governor's appointee shall not vote on any question except in the case of a tie vote, to aid in the selection of the potential new county names, the formation of magisterial districts, or any other relevant issue for the ballot. The report of the committee shall be filed with the county judge/executive of each county not less than thirty (30) days after appointment of the new chairman.

SECTION 5. A NEW SECTION OF KRS CHAPTER 67 IS CREATED TO READ AS FOLLOWS:

- (1) All taxes in effect in each county in the fiscal year immediately preceding the beginning of the term of the new fiscal court shall remain in effect until action is taken to change or remove them by the new fiscal court.
- (2) The territory formerly embraced within each of the previously existing counties is hereby made into a separate special taxing district for the repayment of financial obligations and debts of the previously existing counties. The new fiscal

court has the power to levy and collect taxes in these special taxing districts in addition to its other powers to levy and collect taxes. The separate debt of each special taxing district shall be a first lien on the territory formerly embraced within that previously existing county. The money collected as taxes for each of the special taxing districts shall be kept separate and shall first be used as payment of the debts of the previously existing county that formerly embraced the territory of that specific taxing district. The special taxing district shall cease to exist upon repayment of all debts and financial obligations of the previously existing county.

- (3) Any surplus funds in existence in a county on the date of a consolidation shall be spent in the territory of the previously existing county in which the surplus funds were raised. The surplus funds shall first be expended towards the regular repayment of any financial obligations or debts of the territory formerly embraced within each of the previously existing counties that were to be paid in full within five (5) years. The schedule for the repayment of debts or financial obligations that were contracted for a period of more than five (5) years shall be at the discretion of the newly formed county. Any surplus funds remaining after the payment of obligations and debts shall be spent by the fiscal court of the newly formed county in the territory of the previously existing county from which the taxes were collected.

SECTION 6. A NEW SECTION OF KRS CHAPTER 67 IS CREATED TO READ AS FOLLOWS:

Voters shall select the county seat of the newly consolidated county from one (1) of the previously existing county seats. The question on the selection of the new county seat shall be submitted to the voters at the same time as the election for the members of the new fiscal court and the selection of the name for the newly consolidated county. The county seat shall remain at this location for a period of no less than ten (10) years after which time the citizens may remove the county seat only as provided by KRS 67.020. The remaining county government buildings in the county seats of the previously existing counties shall be maintained as branch offices of the newly formed counties for a period of no less than ten (10) years after which the fiscal court may make a decision as to their necessity and use.

SECTION 7. A NEW SECTION OF KRS CHAPTER 67 IS CREATED TO READ AS FOLLOWS:

Where the previously existing counties were in the same representative, senatorial, judicial circuit, congressional, or railroad commissioner district or districts, the newly consolidated county shall remain in the same district or districts. Where the previously existing counties were not in the same judicial circuit or judicial district, the newly consolidated county shall be placed in the same district in which the previously existing county which had the largest population was located. If each of the previously existing counties was a separate district, the new county shall be divided into such districts, each district to be contiguous with the boundary lines of the previously existing counties.

 - (a) Any check cashing company licensed under KRS Chapter 368, prior to the effective date of 1998 Ky. Acts ch. 601, that accepted and deferred deposit of personal checks was authorized to charge a service fee that specifically was not interest under KRS 368.100(2) and*

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 117.085 is amended to read as follows:

- (1) All requests for an application for an absentee ballot may be transmitted by telephone, facsimile machine, by mail, or in person. Except as provided in paragraph (b) of this subsection, all applications for an absentee ballot shall be transmitted only by mail or in person at the option of the voter, except that the county clerk shall hand an application for an absentee ballot to a voter permitted to vote by absentee ballot who appears in person to request the application, or shall mail the application to a voter permitted to vote by absentee ballot who requests the application by telephone, facsimile machine, or mail. The absentee ballot application shall be restricted to the use of the voter or the spouse, parents, or children of the voter. Except for qualified voters who apply pursuant to the requirements of KRS 117.075 and 117.077, and those who are incarcerated in jail but have yet to be convicted and persons who qualify under subparagraph 5. of paragraph (a) of this subsection, no absentee ballots shall be mailed to a voter who resides within the county in which he is registered. In the case of ballots returned by mail, the county clerk shall provide an absentee ballot, two (2) official envelopes for returning the ballot, and instructions for voting to a voter who presents a completed application for an absentee ballot as provided in this section and who is properly registered as stated in his application.
- (a) The following voters may apply to cast their votes by absentee ballot at any time not later than the close of business hours seven (7) days before the election:
 1. Voters permitted to vote by absentee ballot pursuant to KRS 117.075;
 2. Residents of Kentucky who are members of the Armed Forces, dependents of members of the Armed Forces, and citizens residing overseas;
 3. Students who temporarily reside outside the county of their residence and other voters who temporarily reside outside the state but who are still eligible to vote in this state;
 4. Persons who are incarcerated in jail who have been charged with a crime but have not been convicted of the crime; and
 5. Persons who are prevented from voting in person at the polls on election day and from casting an absentee ballot in person in the county clerk's office on all days absentee voting is conducted prior to election day because their employment location requires them to be absent from the county all hours and all days absentee voting is conducted in the county clerk's office.
- (b) Residents of Kentucky who are members of the Armed Forces, dependents of members of the Armed Forces, and overseas citizens, may apply for an absentee ballot by means of the federal post-card application, which may be transmitted to the county clerk's office by mail or by facsimile machine. The application may be used to register, reregister, and to apply for an absentee ballot. If the federal post-card application is received at any time not less than seven (7) days before the election, the county clerk shall affix his seal to the application form upon receipt.
- (c) Any other qualified voter in the county who is not permitted to vote by absentee ballot under paragraph (a) of subsection (1) of this section who shall be absent from the county on any election day may, at any time during normal business hours on at least any of the twelve (12) working days before the election, make application in person to the county clerk to vote on a voting machine in the county clerk's office or other place designated by the county board of elections and approved by the State Board of Elections. A county board of elections may permit absentee voting to be conducted on a voting machine for a period longer than the twelve (12) working days before the election prescribed above.

(d) Any member of the county board of elections, any precinct election officer appointed to serve in a precinct other than that in which he is registered, and any alternate precinct election officer may vote on a voting machine in the county clerk's office or other place designated by the county board of elections, and approved by the State Board of Elections, up to the close of normal business hours on the day before the election. The application form for those persons shall be prescribed by the State Board of Elections and, in the case of application by precinct election officers, shall contain a verification of appointment signed by a member of the county board of elections. If an alternate precinct election officer or a precinct election officer appointed to serve in a precinct other than that in which he is registered receives his appointment while absentee voting is being conducted in the county, such officer may vote on a voting machine in the county clerk's office or other place designated by the county board of elections, and approved by the State Board of Elections, up to the close of normal business hours on the day before the election. In case of such voters, the verification of appointment shall also contain the date of appointment. The applications shall be restricted to the use of the voter only.

(e) Any pregnant woman who is in her last trimester of pregnancy at the time she wishes to vote under this paragraph may vote on a voting machine in the county clerk's office or other place designated by the county board of elections, and approved by the State Board of Elections, up to the close of normal business hours on the day before the election. The application form for those persons shall be prescribed by the State Board of Elections, which shall contain the woman's sworn statement that she is in fact in her last trimester of pregnancy at the time she wishes to vote, and shall be made in person to the county clerk, at any time during any of the twelve (12) working days before the election. A county board of elections may permit absentee voting to be conducted on a voting machine for a period longer than the twelve (12) working days before the election as prescribed above.

(f) The members of the county board of elections or their designees who provide equal representation of both political parties may serve as precinct election officers, without compensation, for all absentee voting performed on a voting machine in the county clerk's office or other place designated by the county board of elections and approved by the State Board of Elections. If the members of the county board of elections or their designees serve as precinct election officers for the absentee voting, they shall perform the same duties and exercise the same authority as precinct election officers who serve on the day of an election. If the members of the county board of elections or their designees do not serve as precinct election officers for the absentee voting, the county clerk or deputy county clerks shall supervise the absentee voting.

~~(g)(6)~~ Any individual qualified to appoint challengers for the day of an election may also appoint challengers to observe all absentee voting performed at the county clerk's office or other place designated by the county board of elections, and approved by the State Board of Elections, and those challengers may exercise the same privileges as challengers appointed for observing voting on the day of an election at a regular polling place.

- (2) The clerk shall type the name of the voter permitted to vote by absentee ballot on the application form for that person's use and no other. The absentee ballot application form shall be in the form prescribed by the State Board of Elections, shall bear the seal of the county clerk, and shall contain the following information: name, residential address, precinct, party affiliation, statement of the reason the person cannot vote in person on election day, statement of where the voter shall be on election day, statement of compliance with residency requirements for voting in the precinct, and the voter's mailing address for an absentee ballot. The form shall be verified and signed by the voter. A notice of the actual penalty provisions in KRS 117.995(2) and (5) shall be printed on the application.
- (3) If the county clerk finds that the voter is properly registered as stated in his application and qualifies to receive an absentee ballot by mail, he shall mail to the voter an absentee ballot, two (2) official envelopes for returning the ballot, and instructions for voting. The county clerk shall complete a postal form for a certificate of mailing for ballots mailed within the fifty (50) states, and it shall be stamped by the postal service when the ballots are mailed. An absentee ballot may be transmitted by facsimile machine to a resident of Kentucky who is a member of the Armed Forces, a dependent of a member of the Armed Forces, or a citizen residing overseas.
- (4) Absentee ballots which are requested prior to the printing of the ballots shall be mailed by the county clerk to the voter within three (3) days of the receipt of the printed ballots; and absentee ballots which are requested subsequent to the receipt of the ballots by the county clerk shall be mailed to the voter within three (3) days of the receipt of the request.
- (5) The clerk shall cause ballots to be printed fifty (50) days prior to each primary or general election and fifteen (15) days prior to each runoff primary.
- (6) The outer envelope shall bear the words "Absentee Ballot" and the address and official title of the county clerk and shall provide space for the voter's signature, voting address, and precinct number. A detachable flap on the inner envelope shall provide space for the voter's signature, voting address, precinct number, and notice of penalty provided in KRS 117.995(5). The clerk shall type the voter's address and precinct number in the upper left hand corner of the outer envelope and of the detachable flap on the inner envelope immediately below the blank space for the voter's signature. The inner envelope shall be blank. The clerk shall retain the application and the postal form required by subsection (3) of this section for twenty-two (22) months after the election.

- (7) Any person who has received an absentee ballot by mail but who knows at least seven (7) days before the date of the election that he will be in the county on election day and who has not voted pursuant to the provisions of KRS 117.086 shall cancel his absentee ballot and vote in person. He shall return his absentee ballot to the county clerk's office no later than seven (7) days prior to the date of the election. Upon the return of the absentee ballot, the clerk shall mark on the outer envelope of the sealed ballot or the unmarked ballot the words "Canceled because voter appeared to vote in person." Sealed envelopes so marked shall not be opened. The clerk shall remove the voter's name from the list of persons who were sent absentee ballots, and the voter may vote in the precinct in which he is properly registered.

Section 2. KRS 117.086 is amended to read as follows:

- (1) The voter returning his absentee ballot by mail shall mark his ballot, seal it in the inner envelope and then in the outer envelope and mail it to the county clerk as shall be provided by this chapter. The voter shall sign the detachable flap and the outer envelope in order to validate the ballot. A resident of Kentucky who is a member of the Armed Forces, a dependent of a member of the Armed Forces, or a citizen residing overseas who has received an absentee ballot transmitted by facsimile machine shall transmit the voted ballot to the county clerk by mail only, conforming with ballot security requirements that may be promulgated by the state board by administrative regulation. In order to be counted, the ballots shall be received by the clerk by at least the time established by the election laws generally for the closing of the polls, which time shall not include the extra hour during which those voters may vote who were waiting in line to vote at the scheduled poll closing time.
- (2) Any voter who shall be absent from the county on election day, but who does not qualify to receive an absentee ballot by mail under the provisions of KRS 117.085, and all members of county boards of elections, ~~and~~ precinct election officers, and pregnant women qualified to vote prior to the election under the provisions of Section 1 of this Act ~~[KRS 117.085]~~, shall vote at the main office of the county clerk or other place designated by the county board of elections, and approved by the State Board of Elections, prior to the day of election. The clerk may provide for such voting by the voting equipment in general use in the county either at the precinct, the equipment as may be used to tabulate absentee ballots, or any other voting equipment approved by the State Board of Elections for use in Kentucky, except as follows:
- (a) Any voter qualifying to vote in the clerk's office or other place designated by the county board of elections, and approved by the State Board of Elections, who receives assistance to vote shall complete the voter assistance form required by KRS 117.255.
- (b) Any voter qualifying to vote in the clerk's office or other place designated by the county board of elections, and approved by the State Board of Elections, whose qualifications are challenged by any clerk or deputy shall complete an "Oath of Voter" affidavit.
- (3) When the clerk uses general voting equipment as provided for in subsection (2) of this section, each voter casting his vote at the clerk's office or other place designated by the county board of elections, and approved by the State Board of Elections, shall sign an "Absentee Ballot Signature Roster."
- (4) The clerk shall designate a location within his office where the ballots shall be cast secretly. The county clerk, with the approval of the State Board of Elections, may establish locations other than his main office in which the voters may execute their ballots. Public notice of the locations shall be given pursuant to KRS Chapter 424 and similar notice by mail shall be given to the county chairmen of the two (2) political parties whose candidates polled the largest number of votes in the county at the last general election.
- (5) The State Board of Elections shall promulgate administrative regulations to provide for casting ballots as provided in subsection (2) of this section.
- (6) The clerk shall deposit all of the absentee ballots returned by mail in a locked ballot box immediately upon receipt without opening the outer envelope. The ballot box shall be locked with three (3) locks. The keys to the box shall be retained by the three (3) members of the central absentee ballot counting board, if one is appointed, or by the members of the board of elections, and the box shall remain locked until the ballots are counted. All voting equipment on which ballots are cast as permitted in subsection (2) of this section shall also remain locked and the keys shall be retained by the three (3) members of the central absentee ballot counting board, if one is appointed, or by the members of the board of elections, and the equipment shall remain locked until the ballots are counted.
- (7) The clerk shall keep a list of all persons who return their absentee ballots by mail or cast their ballots in the clerk's office or other place designated by the county board of elections, and approved by the State Board of Elections, and send a copy of that list to the state board after election day. The county clerk and the Secretary of State shall keep a record of the number of votes cast by absentee ballots returned by mail and on the voting machine in the county clerk's office or other place designated by the county board of elections, and approved by the State Board of Elections, cast in any election as a part of the official returns of the election.

Section 3. Whereas the provisions of this Act are necessary to administer the May primary election in a fair and effective manner with respect to pregnant voters, an emergency is declared to exist, and this Act takes effect upon its passage and approval by the Governor or upon its otherwise becoming a law.

- (5) No worker shall be disqualified or held ineligible under the provisions of this section or KRS 341.350, who is separated from employment pursuant to a labor management contract or agreement, or pursuant to an established employer plan, program, or policy, which permits the employer to close the plant or facility for purposes of vacation or maintenance.
- (6) "Discharge for misconduct" as used in this section shall include, but not be limited to, separation initiated by an employer for falsification of an employment application to obtain employment through subterfuge; knowing violation of a reasonable and uniformly enforced rule of an employer; unsatisfactory attendance if the worker cannot show good cause for absences or tardiness; damaging the employer's property through gross negligence; refusing to obey reasonable instructions; reporting to work under the influence of alcohol or drugs or consuming alcohol or drugs on employer's premises during working hours; conduct endangering safety of self or co-workers; and incarceration in jail following conviction of a misdemeanor or felony by a court of competent jurisdiction, which results in missing at least five (5) days work.

"Injury" ~~does not include the effects of the natural aging process, and~~ does not include any communicable disease unless the risk of contracting the disease is increased by the nature of the employment. "Injury" when used generally, unless the context indicates otherwise, shall include an occupational disease and damage to a prosthetic appliance, but shall not include a psychological, psychiatric, or stress-related change in the human organism, unless it is a direct result of a physical injury.
- (2) "Occupational disease" means a disease arising out of and in the course of the employment.

The occupational disease shall be incidental to the character of the business and not independent of the relationship of employer and employee. An occupational disease need not have been foreseen or expected but, after its contraction, it must appear to be related to a risk connected with the employment and to have flowed from that source as a rational consequence.

 1. Total and permanent loss of sight in both eyes;
 2. Loss of both feet at or above the ankle;
 3. Loss of both hands at or above the wrist;
 4. Loss of one (1) foot at or above the ankle and the loss of one (1) hand at or above the wrist;

It shall not include the commercial processing, packing, drying, storing, or canning of such commodities for market, or making cheese or butter or other dairy products for market.

A business entity engaged in the severance or processing of coal, including, but not limited to, administrative or selling functions, shall be considered wholly engaged in the severance or processing of coal for the purpose of this chapter. However, a business entity which is engaged in a separate business activity not related to coal, for which a separate premium charge is not made, shall be deemed to be engaged in the severance or processing of coal only to the extent that the number of employees engaged in the severance or processing of coal bears to the total number of employees. Any employee who is involved in the business of severing or processing of coal and business activities not related to coal shall be prorated based on the time involved in severance or processing of coal bears to his total time.

The cost for coverage calculated under this paragraph by insurance companies that issue only deductible insurance policies in Kentucky shall be actuarially adequate to cover the entire liability of the employer for compensation under this chapter, including all expenses and allowances normally used to calculate the cost for coverage. For policies with provisions for deductibles with effective dates of May 6, 1993, through December 31, 1993, for which the insurance company did not report premiums and remit special fund assessments based on the calculated cost for coverage prior to the reduction for deductibles, "premiums received" includes the initial premium plus any reimbursements invoiced for losses, expenses, and fees charged under the deductibles. The special fund assessment rates in effect for reimbursements invoiced for losses, expenses, or fees charged under the deductibles shall be those percentages in effect on the effective date of the insurance policy. For policies covering leased employees as defined in KRS 342.615, "premiums received" means premiums calculated using the experience modification factor of each lessee as defined in KRS 342.615 for each leased employee for that portion of the payroll pertaining to the leased employee.

The cost for coverage calculated under this paragraph by insurance companies that issue only deductible insurance policies in Kentucky shall be actuarially adequate to cover the entire liability of the employer for compensation under this chapter, including all expenses and allowances normally used to calculate the cost for coverage. For policies with provisions for deductibles with effective dates of May 6, 1993, through December 31, 1993, for which the insurance company did not report premiums and remit special fund assessments based on the calculated cost for coverage prior to the reduction for deductibles, "premium" includes the initial consideration plus any reimbursements invoiced for losses, expenses, or fees charged under the deductibles.

- (28) "Premium" for each employer carrying his own risk pursuant to KRS 342.340(1) shall be the projected value of the employer's workers' compensation claims for the next calendar year as calculated by the commissioner using generally-accepted actuarial methods as follows:
- (a) The base period shall be the earliest three (3) calendar years of the five (5) calendar years immediately preceding the calendar year for which the calculation is made. The commissioner shall identify each claim of the employer which has an injury date or date of last injurious exposure to the cause of an occupational disease during each one (1) of the three (3) calendar years to be used as the base, and shall assign a value to each claim. The value shall be the total of the indemnity benefits paid to date and projected to be paid, adjusted to current benefit levels, plus the medical benefits paid to date and projected to be paid for the life of the claim, plus the cost of medical and vocational rehabilitation paid to date and projected to be paid. Adjustment to current benefit levels shall be done by multiplying the weekly indemnity benefit for each claim by the number obtained by dividing the statewide average weekly wage which will be in effect for the year for which the premium is being calculated by the statewide average weekly wage in effect during the year in which the injury or date of the last exposure occurred. The total value of the claims using the adjusted weekly benefit shall then be calculated by the commissioner. Values for claims in which awards have been made or settlements reached because of findings of permanent partial or permanent total disability shall be calculated using the mortality and interest discount assumptions used in the latest available statistical plan of the advisory rating organization defined in Subtitle 13 of KRS Chapter 304. The sum of all calculated values shall be computed for all claims in the base period.
 - (b) The commissioner shall obtain the annual payroll for each of the three (3) years in the base period for each employer carrying his own risk from records of the department and from the records of the Department for

Employment Services, Cabinet for Workforce Development. The commissioner shall multiply each of the three (3) years of payroll by the number obtained by dividing the statewide average weekly wage which will be in effect for the year in which the premium is being calculated by the statewide average weekly wage in effect in each of the years of the base period.

- (c) The commissioner shall divide the total of the adjusted claim values for the three (3) year base period by the total adjusted payroll for the same three (3) year period. The value so calculated shall be multiplied by 1.25 and shall then be multiplied by the employer's most recent annualized payroll, calculated using records of the department and the Department for Employment Services data which shall be made available for this purpose on a quarterly basis as reported, to obtain the premium for the next calendar year for assessment purposes under KRS 342.122.
 - (d) For November 1, 1987, through December 31, 1988, premium for each employer carrying his own risk shall be an amount calculated by the board pursuant to the provisions contained in this subsection and such premium shall be provided to each employer carrying his own risk and to the funding commission on or before January 1, 1988. Thereafter, the calculations set forth in this subsection shall be performed annually, at the time each employer applies or renews his application for certification to carry his own risk for the next twelve (12) month period and submits payroll and other data in support of the application. The employer and the funding commission shall be notified at the time of the certification or recertification of the premium calculated by the commissioner, which shall form the employer's basis for assessments pursuant to KRS 342.122 for the calendar year beginning on January 1 following the date of certification or recertification.
 - (e) If an employer having fewer than five (5) years of doing business in this state applies to carry his own risk and is so certified, his premium for the purposes of KRS 342.122 shall be based on the lesser number of years of experience as may be available including the two (2) most recent years if necessary to create a three (3) year base period. If the employer has less than two (2) years of operation in this state available for the premium calculation, then his premium shall be the greater of the value obtained by the calculation called for in this subsection or the amount of security required by the commissioner pursuant to KRS 342.340(1).
 - (f) If an employer is certified to carry his own risk after having previously insured the risk, his premium shall be calculated using values obtained from claims incurred while insured for as many of the years of the base period as may be necessary to create a full three (3) year base. After the employer is certified to carry his own risk and has paid all amounts due for assessments upon premiums paid while insured, he shall be assessed only upon the premium calculated under this subsection.
 - (g) "Premium" for each employer defined in KRS 342.630(2) shall be calculated as set forth in this subsection.
 - (h) Notwithstanding any other provision of this subsection, the premium of any employer authorized to carry its own risk for purposes of assessments due under this chapter shall be no less than thirty cents (\$0.30) per one hundred dollars (\$100) of the employer's most recent annualized payroll for employees covered by this chapter.
- (29) "SIC code" as used in this chapter means the Standard Industrial Classification Code contained in the latest edition of the Standard Industrial Classification Manual published by the Federal Office of Management and Budget.
 - (30) "Investment interest" means any pecuniary or beneficial interest in a provider of medical services or treatment under this chapter, other than a provider in which that pecuniary or investment interest is obtained on terms equally available to the public through trading on a registered national securities exchange, such as the New York Stock Exchange or the American Stock Exchange, or on the National Association of Securities Dealers Automated Quotation System.
 - (31) "Managed health care system" means a health care system that employs gatekeeper providers, performs utilization review, and does medical bill audits.

 - (36) "Permanent disability rating" means the permanent impairment rating selected by an ~~arbitrator or~~ administrative law judge ~~times the factor set forth in the table that appears at KRS 342.730(1)(b)).~~
 - (37) **"Board-certified" means certified in radiology or diagnostic roentgenology by the American Board of Radiology, Inc., or the American Osteopathic Association.**
 - (38) **"B-reader" means a radiologist or other physician who has demonstrated proficiency in assessing and classifying x-ray evidence of pneumoconiosis by successful completion of an examination conducted by or on behalf of the United**

States Department of Health and Human Services.

Section 2. KRS 342.0015 is amended to read as follows:

The substantive provisions of 1996 (1st Extra. Sess.) Ky. Acts ch. 1 shall apply to any claim arising from an injury or last exposure to the hazards of an occupational disease occurring on or after December 12, 1996. Procedural provisions of 1996 (1st Extra. Sess.) Ky. Acts ch. 1 shall apply to all claims irrespective of the date of injury or last exposure, including, but not exclusively, the mechanisms by which claims are decided and workers are referred for medical evaluations. The provisions of KRS 342.120(3), 342.125(8), 342.213(2)(e), 342.265, ~~342.270(7)~~, 342.320, 342.610(3), 342.760(4), and 342.990(11) are remedial.

The employer's obligation to pay the benefits specified in this section shall continue for so long as the employee is disabled regardless of the duration of the employee's income benefits. In the absence of designation of a managed health care system by the employer, the employee may select medical providers to treat his injury or occupational disease. Even if the employer has designated a managed health care system, the injured employee may elect to continue treating with a physician who provided emergency medical care or treatment to the employee. The employer, insurer, or payment obligor acting on behalf of the employer, shall make all payments for services rendered to an employee directly to the provider of the services within thirty (30) days of receipt of a statement for services. The commissioner shall promulgate administrative regulations establishing conditions under which the thirty (30) day period for payment may be tolled. The provider of medical services shall submit the statement for services within forty-five (45) days of the day treatment is initiated and every forty-five (45) days thereafter, if appropriate, as long as medical services are rendered. Except as provided in subsection (4) of this section, in no event shall a medical fee exceed the limitations of an adopted medical fee schedule or other limitations contained in KRS 342.035, whichever is lower. The commissioner may promulgate administrative regulations establishing the form and content of a statement for services and procedures by which disputes relative to the necessity, effectiveness, frequency, and cost of services may be resolved.
- (2) Notwithstanding any provision of the Kentucky Revised Statutes to the contrary, medical services and treatment provided under this chapter shall not be subject to copayments or deductibles.
- (3) Employers may provide medical services through a managed health care system. The managed health care system shall file with the Department of Workers' Claims a plan for the rendition of health care services for work-related injuries and occupational diseases to be approved by the commissioner pursuant to administrative regulations promulgated by the commissioner.
- (4) All managed health care systems rendering medical services under this chapter shall include the following features in plans for workers' compensation medical care:
 - (a) Copayments or deductibles shall not be required for medical services rendered in connection with a work-related injury or occupational disease;
 - (b) The employee shall be allowed choice of provider within the plan;
 - (c) The managed health care system shall provide an informal procedure for the expeditious resolution of disputes concerning rendition of medical services;
 - (d) The employee shall be allowed to obtain a second opinion, at the employer's expense, from an outside physician if a managed health care system physician recommends surgery or deems surgery unnecessary;
 - (e) The employee may obtain medical services from providers outside the managed health care system, at the employer's expense, when treatment is unavailable through the managed health care system;
 - (f) The managed health care system shall establish procedures for utilization review of medical services to assure that a course of treatment is reasonably necessary; diagnostic procedures are not unnecessarily duplicated; the frequency, scope, and duration of treatment is appropriate; pharmaceuticals are not unnecessarily prescribed; and that ongoing and proposed treatment is not experimental, cost ineffective, or harmful to the employee; and
 - (g) Statements for services shall be audited regularly to assure that charges are not duplicated and do not exceed those authorized in the applicable fee schedules.
 - (h) A schedule of fees for all medical services to be provided under this chapter which shall not be subject to the limitations on medical fees contained in this chapter.

appropriate facilities and specialists. The employee may change his designated physician one (1) time and thereafter shall show reasonable cause in order to change physicians.

- (6) When a compensable injury or occupational disease results in the amputation of an arm, leg, or foot, or the loss of hearing, or the enucleation of an eye or loss of teeth, the employer shall pay for, in addition to the other medical, surgical, and hospital treatment enumerated in subsection (1) and this subsection, a modern artificial member and, where required, proper braces as may reasonably be required at the time of the injury and thereafter during disability.
- (7) Upon motion of the employer, with sufficient notice to the employee for a response to be filed, if it is shown to the satisfaction of the administrative law judge ~~or arbitrator~~ by affidavits or testimony that, because of the physician selected by the employee to treat the injury or disease, or because of the hospital selected by the employee in which treatment is being rendered, that the employee is not receiving proper medical treatment and the recovery is being substantially affected or delayed; or that the funds for medical expenses are being spent without reasonable benefit to the employee; or that because of the physician selected by the employee or because of the type of medical treatment being received by the employee that the employer will substantially be prejudiced in any compensation proceedings resulting from the employee's injury or disease; then the administrative law judge ~~or arbitrator~~ may allow the employer to select a physician to treat the employee and the hospital or hospitals in which the employee is treated for the injury or disease. No action shall be brought against any employer subject to this chapter by any person to recover damages for malpractice or improper treatment received by any employee from any physician, hospital, or attendant thereof.
- (8) An employee who reports an injury alleged to be work-related or files an application for adjustment of a claim shall execute a waiver and consent of any physician-patient, psychiatrist-patient, or chiropractor-patient privilege with respect to any condition or complaint reasonably related to the condition for which the employee claims compensation. Notwithstanding any other provision in the Kentucky Revised Statutes, any physician, psychiatrist, chiropractor, podiatrist, hospital, or health care provider shall, within a reasonable time after written request by the employee, employer, workers' compensation insurer, special fund, uninsured employers' fund, ~~arbitrator,~~ or the administrative law judge, provide the requesting party with any information or written material reasonably related to any injury or disease for which the employee claims compensation.
- (9) When a provider of medical services or treatment, required by this chapter, makes referrals for medical services or treatment by this chapter, to a provider or entity in which the provider making the referral has an investment interest, the referring provider shall disclose that investment interest to the employee, the commissioner, and the employer's insurer or the party responsible for paying for the medical services or treatment, within thirty (30) days from the date the referral was made.

Section 4. KRS 342.033 is amended to read as follows:

In a claim for benefits, no party may introduce direct testimony from more than two (2) physicians without prior consent from the ~~arbitrator or~~ administrative law judge. The motion requesting additional testimony shall clearly demonstrate the need for such additional testimony. A party may introduce direct testimony from a physician through a written medical report. The report shall become a part of the evidentiary record, subject to the right of an adverse party to object to the admissibility of the report and to cross-examine the reporting physician. The commissioner shall promulgate administrative regulations prescribing the format and content of written medical reports.

Section 5. KRS 342.040 is amended to read as follows:

- (1) Except as provided in KRS 342.020, no income benefits shall be payable for the first seven (7) days of disability unless disability continues for a period of more than two (2) weeks, in which case income benefits shall be allowed from the first day of disability. All income benefits shall be payable on the regular payday of the employer, commencing with the first regular payday after seven (7) days after the injury or disability resulting from an occupational disease, with interest at the rate of twelve percent (12%) per annum on each installment from the time it is due until paid, except that if the ~~arbitrator or~~ administrative law judge determines that a denial, delay, or termination in the payment of income benefits was without reasonable foundation, the rate of interest shall be eighteen percent (18%) per annum. In no event shall income benefits be instituted later than the fifteenth day after the employer has knowledge of the disability or death. Income benefits shall be due and payable not less often than semimonthly. If the employer's insurance carrier or other party responsible for the payment of workers' compensation benefits should terminate or fail to make payments when due, that party shall notify the commissioner of the termination or failure to make payments and the commissioner shall, in writing, advise the employee or known dependent of right to prosecute a claim under this chapter.
- (2) If overdue temporary total disability income benefits are recovered in a proceeding brought under this chapter by an attorney for an employee, or paid by the employer after receipt of notice of the attorney's representation, a reasonable attorney's fee for these services may be awarded. The award of attorney's fees shall be paid by the employer if the ~~arbitrator or~~ administrative law judge determines that the denial or delay was without reasonable foundation. No part of the fee for representing the employee in connection with the recovery of overdue temporary total disability benefits withheld without reasonable foundation shall be charged against or deducted from benefits otherwise due the employee.
- (3) ~~All retraining incentive benefits awarded pursuant to KRS 342.732 shall be payable on the regular payday of the employer, commencing with the second regular payday after the award of the retraining incentive benefit by the arbitrator~~

~~or administrative law judge becomes final. Retraining incentive benefits shall be due and payable not less often than semi-monthly.~~

- (4)} Upon written request of the employee, all payments of compensation shall be mailed to the employee at his last known address.

Section 6. KRS 342.090 is amended to read as follows:

In case the employer or insurer is in doubt as to who are dependents or as to their respective rights, the ~~arbitrator or~~ administrative law judge shall, on application, decide and direct to whom payment shall be made, and payment made under such direction shall release the employer and insurer from all liability. If an appeal is taken from the order of the ~~arbitrator or~~ administrative law judge directing payment, persons receiving payment under such order shall furnish bond for the protection of adverse claimants pending the outcome of the proceedings.

Section 7. KRS 342.120 is amended to read as follows:

- (1) There is created the Division of the Special Fund in the Department of Workplace Standards which shall be responsible for the administration of the legal representation of the fund and the maintenance of records regarding the payment of claims by the fund. The Division of the Special Fund shall be headed by a director appointed by the commissioner, with the prior written approval of the Governor pursuant to KRS 12.050. The director shall be responsible for overseeing the administration of the legal representation of the fund and the maintenance of records regarding the payment of claims by the fund.
- (2) The special fund shall have no liability upon any claim in which the injury occurred, or for cumulative trauma, the disability became manifest, or, for occupational disease, if the date of injury or last exposure occurred, after December 12, 1996.
- (3) Where the employer has settled its liability for income benefits and thereafter a determination has been made of the special fund's liability, the special fund portion of the benefit rate shall be paid over the maximum period provided for by statute for that disability, with the period of payment beginning on the date settlement was approved by an administrative law judge ~~or arbitrator~~. This provision is remedial and shall apply to all pending and future claims.

Where all parties have not joined in the settlement agreement, it shall not be approved unless it is certified that the party not participating in the settlement has been served with a copy of the agreement not less than ten (10) days prior to submission of the agreement for approval. This provision shall not be construed to prevent the voluntary payment of compensation for the periods and in the amounts prescribed by this chapter, but nothing shall operate as a final settlement except a memorandum of agreement filed with the commissioner and approved by the ~~arbitrator or~~ administrative law judge. Upon claims settled after December 12, 1996, the special fund shall have the option of settling its liability for income benefits on the same terms as those reached between the employee and employer. Notice of the special fund exercise of the option granted in this subsection shall be made by letter of the director of the special fund mailed to the parties within ten (10) days of receipt by the director of a copy of the agreement.
- (2) Settlement agreements concluded after March 31, 1997, providing for commuted lump-sum payment of future income benefits which would otherwise be payable in amounts greater than one hundred ten ~~ten~~ dollars ~~(\$100)~~ ~~(\$10)~~ per week shall not be approved unless there is reasonable assurance that the worker will have an adequate source of income during disability. This subsection is remedial and applies to all pending and future claims.
- (3) Upon lump-sum settlement of future periodic payments, the discount rate used in the calculation of the settlement amount shall not exceed a reasonable amount fixed by the commissioner. For settlements approved after December 12, 1996, until December 31, 1997, the true discount rate shall be six percent (6%) compounded annually on each payment. Before January 1 of each year commencing in 1998, the commissioner shall fix the discount rate to be utilized in the succeeding

year based upon the interest rate paid upon ten (10) year United States Treasury Notes as of July 1 of the preceding year.

- (4) If the parties have previously filed an agreement which has been approved by the administrative law judge~~[or arbitrator]~~, and compensation has been paid or is due in accordance therewith and the parties thereafter disagree, either party may invoke the provisions of KRS 342.125, which remedy shall be exclusive.
- (5) An application for resolution of claim shall be held in abeyance during any period voluntary payments of income benefits are being made under any benefit sections of this chapter to the maximum which the employee's wages shall entitle unless it shall be shown that the prosecution of the employee's claim would be prejudiced by delay.

When the application is filed by the employee or during the pendency of that claim, he shall join all causes of action against the named employer which have accrued and which are known, or should reasonably be known, to him. Failure to join all known accrued causes of action will result in such claims being barred under this chapter as waived by the employee.
- (2) Except with respect to claims for benefits by reason of coal workers' pneumoconiosis, the commissioner shall issue notice of the filing to all parties and shall promptly assign the claim to an administrative law judge~~[arbitrator for benefit review]~~. The administrative law judge~~[arbitrator]~~ shall facilitate the exchange of information pertinent to the claim, benefit settlement conference, and hearings pursuant to administrative regulations promulgated by the commissioner. - ~~(4) Except where compelling circumstances justify delay and except as provided in subsection (3)(b) of this section, the arbitrator shall render a written determination upon all matters at issue within ninety (90) days of the assignment of the claim. Through written order, the arbitrator may grant or deny any benefit afforded by this chapter, including interlocutory relief.~~

- ~~(6) Benefit review conferences shall be held at a place designated by the commissioner, provided that the proceedings shall be held within the boundaries of the Commonwealth.~~
- ~~(7) Within one hundred twenty (120) days of December 12, 1996, the commissioner shall promulgate administrative regulations establishing procedures for the resolution of claims, which shall include benefit review. The administrative regulations promulgated pursuant to the provisions of this subsection shall be effective on an emergency basis and be applied to all pending claims.]~~

~~(9)(8)~~ Attorney's fees for representing employers in proceedings under this chapter pursuant to contract with the employer shall be subject to approval of the administrative law judge ~~or arbitrator~~ in the same manner as prescribed for attorney representation of employees. Employer attorney's fees are subject to the same limitations as to maximum fees at each level

except that fees for representation before administrative law judges shall not exceed ten thousand dollars (\$10,000) ~~and fees for representation before arbitrators shall not exceed two thousand dollars (\$2,000)~~. Fees for representing employers shall not be dependent upon the result achieved. Fees for legal services in presenting a claim for reimbursement to the director of the Kentucky coal workers' pneumoconiosis fund shall not exceed one thousand dollars (\$1,000). All such approved fees shall be paid by the employer and in no event shall exceed the amount the employer agreed by contract to pay.

~~[(9) Notwithstanding any provisions of law to the contrary, the provisions of this chapter shall not be construed or interpreted to prohibit nonattorney representation of injured workers covered by this chapter.]~~

Section 28. KRS 342.325 is amended to read as follows:

All questions arising under this chapter, if not settled by agreement of the parties interested therein, with the approval of the ~~arbitrator or~~ administrative law judge, shall be determined by the ~~arbitrator or~~ administrative law judge except as otherwise provided in this chapter.

Section 29. KRS 342.435 is amended to read as follows:

Annually on or before the fifteenth day of December, the commissioner shall make a report to the Governor for the preceding fiscal year, which shall include a statement of the number of awards made and of claims rejected by the board and each ~~arbitrator and~~ administrative law judge, a general statement of the causes of accident leading to the injuries for which awards were made or rejected claims based, together with any other information which the commissioner deems proper to call to the attention of the Governor, including any recommendations he may have to make, and it shall be the duty of the commissioner to publish and distribute among employers and employees any general information as to the business transacted by the department as may be useful and necessary. The annual report shall not exceed ten thousand (10,000) copies. All printing of the department shall be done by the contractor or contractors for public printing, subject to the provisions of the general laws governing public printing applicable thereto.

Section 30. KRS 342.700 is amended to read as follows:

- (1) Whenever an injury for which compensation is payable under this chapter has been sustained under circumstances creating in some other person than the employer a legal liability to pay damages, the injured employee may either claim compensation or proceed at law by civil action against the other person to recover damages, or proceed both against the employer for compensation and the other person to recover damages, but he shall not collect from both. If the injured employee elects to proceed at law by civil action against the other person to recover damages, he shall give due and timely notice to the employer and the special fund of the filing of the action. If compensation is awarded under this chapter, the employer, his insurance carrier, the special fund, and the uninsured employer's fund, or any of them, having paid the compensation or having become liable therefor, may recover in his or its own name or that of the injured employee from the other person in whom legal liability for damages exists, not to exceed the indemnity paid and payable to the injured employee, less the employee's legal fees and expense. The notice of civil action shall conform in all respects to the requirements of KRS 411.188(2).
- (2) A principal contractor, intermediate, or subcontractor shall be liable for compensation to any employee injured while in the employ of any one (1) of his intermediate or subcontractors and engaged upon the subject matter of the contract, to the same extent as the immediate employer. Any principal, intermediate, or subcontractor who pays the compensation may recover the amount paid from any subordinate contractor through whom he has been rendered liable under this section. Every claim to compensation under this subsection shall in the first instance be presented to and instituted against the immediate employer, but the proceedings shall not constitute a waiver of the employee's rights to recover compensation under this chapter from the principal or intermediate contractor nor shall the claim be barred by limitations, if the claim is filed against the principal or intermediate contractor within one (1) year after a final unappealed order has been rendered by an ~~arbitrator or~~ administrative law judge determining that immediate employer has insufficient security to pay the full and maximum benefits that could be determined to be due him under this chapter. The collection of full compensation from one employer shall bar recovery by the employee against any other. But he shall not collect from all a total compensation in excess of the amount for which his immediate employer is liable. This subsection shall apply only in cases where the injury occurred on, in, or about the premises on which the principal contractor has undertaken to execute work or which are under his control otherwise or management.
- (3) It shall be considered to be contrary to public policy and unlawful for any owner or employer to require another employer to waive its remedies granted by this section as a condition of receiving a contract or purchase order. Furthermore, in selecting between two (2) or more contractors or suppliers, consideration may not be given by an owner or employer to whether one (1) contractor or supplier voluntarily waives its remedies under this section or offers to accept lesser compensation than another contractor or supplier for that waiver of remedies.

Section 31. KRS 342.710 is amended to read as follows:

- (1) One of the primary purposes of this chapter shall be restoration of the injured employee to gainful employment, and preference shall be given to returning the employee to employment with the same employer or to the same or similar employment.

2000 Regular Session

- (2) The commissioner shall continuously study the problems of rehabilitation, both physical and vocational, and shall investigate and maintain a directory of all rehabilitation facilities, both private and public.
- (3) An employee who has suffered an injury covered by this chapter shall be entitled to prompt medical rehabilitation services for whatever period of time is necessary to accomplish physical rehabilitation goals which are feasible, practical, and justifiable. When as a result of the injury he is unable to perform work for which he has previous training or experience, he shall be entitled to such vocational rehabilitation services, including retraining and job placement, as may be reasonably necessary to restore him to suitable employment. In all such instances, the ~~arbitrator or~~ administrative law judge shall inquire whether such services have been voluntarily offered and accepted. The ~~arbitrator or~~ administrative law judge on his own motion, or upon application of any party or carrier, after affording the parties an opportunity to be heard, may refer the employee to a qualified physician or facility for evaluation of the practicability of, need for, and kind of service, treatment, or training necessary and appropriate to render him fit for a remunerative occupation. Upon receipt of such report, the ~~arbitrator or~~ administrative law judge may order that the services and treatment recommended in the report, or such other rehabilitation treatment or service likely to return the employee to suitable, gainful employment, be provided at the expense of the employer or his insurance carrier. Vocational rehabilitation training, treatment, or service shall not extend for a period of more than fifty-two (52) weeks, except in unusual cases when by special order of the ~~arbitrator or~~ administrative law judge, after hearing and upon a finding, determined by sound medical evidence which indicates such further rehabilitation is feasible, practical, and justifiable, the period may be extended for additional periods.
- (4) Where rehabilitation requires residence at or near the facility or institution, away from the employee's customary residence, reasonable cost of his board, lodging, or travel shall be paid for by the employer or his insurance carrier.
- (5) Refusal to accept rehabilitation pursuant to an order of an ~~arbitrator or~~ administrative law judge shall result in a fifty percent (50%) loss of compensation for each week of the period of refusal.
- (6) The commissioner shall cooperate on a reciprocal basis with the Department of Vocational Rehabilitation and the Department for Employment Services of the Kentucky Cabinet for Workforce Development. In the event medical treatment, medical rehabilitation services, or vocational rehabilitation services are purchased for an injured employee by the Department of Vocational Rehabilitation or Department for Employment Services following the refusal by the employer or his insurance carrier to provide such services, the ~~arbitrator or~~ administrative law judge, after affording the parties an opportunity to be heard, may order reimbursement of the cost of such treatment or services by the employer or his insurance carrier as apportioned in the award. This section shall not be interpreted to require mandatory evaluation of employees based on length of disability. Any administrative regulations promulgated pursuant to this section that require mandatory referral to a qualified rehabilitation counselor shall expire on April 4, 1994.
- (7) An employee who is enrolled and participating in a program of rehabilitation training pursuant to this section may elect to receive an acceleration of benefits as awarded under KRS 342.730. Such acceleration shall be available to the employee during the period of retraining, but in no event shall be paid in a weekly amount greater than sixty-six and two-thirds percent (66-2/3%) of the average weekly wage upon which the award is based, not to exceed one hundred percent (100%) of the state average weekly wage. Upon successful completion of the rehabilitation program, the total of all accelerated benefits paid shall be deducted on a dollar-for-dollar basis, without discount, from weekly benefits otherwise due the employee subject to the maximum amount of the award. Such remaining benefits, if any, shall then be divided by the number of weeks remaining payable under the award, and that amount shall be the weekly benefit due the employee. If a program of rehabilitation training is terminated by the employee prior to completion, all sums paid on an accelerated basis shall be discounted at the rate set forth in KRS 342.265 and then deducted on a dollar-for-dollar basis from weekly benefits otherwise due the employee subject to the maximum amount of the award. Such remaining benefits, after the discount, shall be divided by the number of weeks remaining payable under the award, and that amount shall be the weekly benefit due the employee. In no event shall this subsection be construed as requiring payment of benefits in excess of the total of those benefits which would otherwise be payable under the award.

Section 32. KRS 342.715 is amended to read as follows:

Notwithstanding the provisions of KRS 342.730, during the period the employee is eligible for permanent total disability benefits and is actively participating in a vocational or physical rehabilitation program, pursuant to an order of the ~~arbitrator or~~ administrative law judge, the employee's benefits shall be calculated by taking eighty percent (80%) of his average weekly wage, but not more than one hundred percent (100%) of the state's average weekly wage, times the permanent disability rating as determined in this chapter.

Section 33. KRS 342.730 is amended to read as follows:

- (1) Except as provided in KRS 342.732, income benefits for disability shall be paid to the employee as follows:
 - (a) For temporary or permanent total disability, sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage but not more than one hundred percent (100%) of the state average weekly wage and not less than twenty percent (20%) of the state average weekly wage as determined in KRS 342.740 during that disability. Nonwork-related impairment and conditions compensable under KRS 342.732 and hearing loss covered in KRS 342.7305 shall not be considered in determining whether the employee is totally disabled for purposes of this

subsection.

- (b) For permanent partial disability, where an employee returns to work at a wage equal to or greater than the employee's pre-injury wage, sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage but not more than seventy-five percent (75%) of the state average weekly wage as determined by KRS 342.740, multiplied by the permanent impairment rating caused by the injury or occupational disease as determined by "Guides to the Evaluation of Permanent Impairment," American Medical Association, latest edition available, unless the employee establishes a greater percentage of disability as determined under subsection (1) of Section 1 of this Act, in which event the benefits shall not exceed two (2) times the permanent impairment rating, for a maximum period, from the date the disability arises, of four hundred twenty-five (425) weeks subject to the provisions of paragraph (d) of this subsection. The period of disability under this paragraph for nonwork-related disabilities shall not extend the maximum period of disability under this paragraph. ~~[factor set forth in the table that follows:~~

Any temporary total disability period within the maximum period for permanent, partial disability benefits shall extend the maximum period but shall not make payable a weekly benefit exceeding that determined in subsection (1)(a) of this section. Notwithstanding any section of this chapter to the contrary, there shall be no minimum weekly income benefit for permanent partial disability and medical benefits shall be paid for the duration of the disability.

- (c) For permanent, partial disability, except for all cases described in paragraph (b) of this subsection, sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage but not more than seventy-five percent (75%) of the state average weekly wage as determined by KRS 342.740, multiplied by the percentage of disability caused by the injury or occupational disease as determined by the "Guides to the Evaluation of Permanent Impairment," American Medical Association, latest edition available, or under subsection (1) of Section 1 of this Act, whichever is greater, for a maximum period from the date the disability arises, of four hundred twenty-five (425) weeks, subject, however, to the provisions of paragraph (d) of subsection (1) of this section. The period of disability under this paragraph for nonwork-related disabilities shall not extend the maximum period of disability under this paragraph. Any temporary total disability period within the maximum period of permanent, partial disability benefits shall extend the maximum period of disability but shall not make a weekly benefit exceeding that determined in paragraph (d) of this subsection. Notwithstanding any section of this chapter to the contrary, there shall be no minimum weekly income benefit for permanent partial disability and medical benefits shall be paid for the duration of disability

- ~~1. If, due to an injury, an employee does not retain the physical capacity to return to the type of work that the employee performed at the time of injury, the benefit for permanent partial disability shall be one and one-half (1-1/2) times the amount otherwise determined under paragraph (b) of this subsection, but this provision shall not be construed so as to extend the duration of payments.~~
- ~~2. If an employee returns to work at a weekly wage equal to or greater than the average weekly wage at the time of injury, the weekly benefit for permanent partial disability otherwise payable under paragraph (b) of this subsection shall be reduced by one-half (1/2) for each week during which that employment is sustained. During any period of cessation of that employment, temporary or permanent, for any reason, with or without cause, payment of weekly benefits for permanent partial disability during the period of cessation shall be restored to the rate prescribed in paragraph (b) of this subsection.~~
- ~~3. Notwithstanding the provisions of KRS 342.125, a claim may be reopened at any time during the period of permanent partial disability in order to conform the award payments with the requirements of subparagraph 2. of this paragraph].~~

- (d) For permanent partial disability, if an employee has a permanent impairment or disability rating greater than ~~[off]~~ fifty percent (50%) ~~[or less]~~ as a result of a work-related injury or occupational disease, the compensable permanent partial disability period shall be four hundred twenty-five (425) weeks, and if the permanent disability rating is greater than fifty percent (50%), the compensable permanent partial disability period shall be five

hundred twenty (520) weeks from the date the impairment or disability exceeding fifty percent (50%) arises. Benefits payable for permanent partial disability shall not exceed ninety-nine percent (99%) of sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage as determined under KRS 342.740 and shall not exceed seventy-five percent (75%) of the state average weekly wage~~], except for benefits payable pursuant to paragraph (c)1. of this subsection, which shall not exceed one hundred percent (100%) of the state average weekly wage], nor shall benefits for permanent partial disability be payable for a period exceeding five hundred twenty (520) weeks[notwithstanding that multiplication of impairment times the factor set forth in paragraph (b) of this subsection would yield a greater percentage of disability].~~

- (e) **Nonwork-related impairment or disability and claims under Section 35 of this Act shall not be considered in determining whether the employee is impaired or disabled in excess of fifty percent (50%) for purposes of this subsection**~~[For permanent partial disability, impairment for nonwork-related disabilities, conditions previously compensated under this chapter, conditions covered by KRS 342.732, and hearing loss covered in KRS 342.7305 shall not be considered in determining the extent of disability or duration of benefits under this chapter].~~
- (2) The period of any income benefits payable under this section on account of any injury shall be reduced by the period of income benefits paid or payable under this chapter on account of a prior injury if income benefits in both cases are for disability of the same member or function, or different parts of the same member or function, and the income benefits payable on account of the subsequent disability in whole or in part would duplicate the income benefits payable on account of the pre-existing disability.
- (3) Subject to the limitations contained in subsection (4) of this section, when an employee, who has sustained disability compensable under this chapter, and who has filed, or could have timely filed, a valid claim in his lifetime, dies from causes other than the injury before the expiration of the compensable period specified, portions of the income benefits specified and unpaid at the individual's death, whether or not accrued or due at his death, shall be paid, under an award made before or after the death, for the period specified in this section, to and for the benefit of the persons within the classes at the time of death and in the proportions and upon the conditions specified in this section and in the order named:
- To the widow or widower, if there is no child under the age of eighteen (18) or incapable of self-support, benefits at fifty percent (50%) of the rate specified in the award; or
 - If there are both a widow or widower and such a child or children, to the widow or widower, forty-five percent (45%) of the benefits specified in the award, or forty percent (40%) of those benefits if such a child or children are not living with the widow or widower; and, in addition thereto, fifteen percent (15%) of the benefits specified in the award to each child. Where there are more than two (2) such children, the indemnity benefits payable on account of two (2) children shall be divided among all the children, share and share alike; or
 - If there is no widow or widower but such a child or children, then to the child or children, fifty percent (50%) of the benefits specified in the award to one (1) child, and fifteen percent (15%) of those benefits to a second child, to be shared equally. If there are more than two (2) such children, the indemnity benefits payable on account of two (2) children shall be divided equally among all the children; or
 - If there is no survivor in the above classes, then the parent or parents wholly or partly actually dependent for support upon the decedent, or to other wholly or partly actually dependent relatives listed in paragraph (g) of subsection (1) of KRS 342.750, or to both, in proportions that the commissioner provides by administrative regulation.
 - To the widow or widower upon remarriage, up to two (2) years, benefits as specified in the award and proportioned under paragraphs (a) or (b) of this subsection, if the proportioned benefits remain unpaid, to be paid in a lump sum.
- (4) All income benefits payable pursuant to this chapter shall **be reduced by ten percent (10%) annually beginning**~~terminate]~~ as of the date upon which the employee qualifies for normal old-age Social Security retirement benefits under the United States Social Security Act, 42 U.S.C. secs. 301 to 1397f, **until the income benefits have been reduced by not more than fifty percent (50%). The reduction that occurs initially shall be against the awarded amount of income benefits, and thereafter the annual reduction shall be made against the remaining benefit amount**~~for two (2) years after the employee's injury or last exposure, whichever last occurs. In like manner all income benefits payable pursuant to this chapter to spouses and dependents shall terminate when such spouses and dependents qualify for benefits under the United States Social Security Act by reason of the fact that the worker upon whose earnings entitlement is based would have qualified for normal old-age Social Security retirement benefits.~~
- (5) ~~All income benefits pursuant to this chapter otherwise payable for temporary total and permanent total disability shall be offset by unemployment insurance benefits paid for unemployment during the period of temporary total or permanent total disability].~~
- ~~(5)(6)~~ All income benefits otherwise payable pursuant to this chapter shall be offset by payments made under an exclusively employer-funded disability or sickness and accident plan which extends income benefits for the same disability covered by this chapter, except where the employer-funded plan contains an internal offset provision for workers' compensation benefits which is inconsistent with this provision.

- ~~(6)~~~~(7)~~ If an employee receiving a permanent total disability award returns to work, that employee shall notify the employer, payment obligor, insurance carrier, or special fund as applicable.

Section 34. KRS 342.7305 is amended to read as follows:

- (1) In all claims for occupational hearing loss caused by either a single incident of trauma or by repetitive exposure to hazardous noise over an extended period of employment, the extent of binaural hearing impairment shall be determined under the latest available edition of the American Medical Association "Guides to the Evaluation of Permanent Impairment."
- (2) Income benefits payable for occupational hearing loss shall be as provided in KRS 342.730, except income benefits shall not be payable where the binaural hearing impairment converted to impairment of the whole person results in impairment of less than ~~four~~~~eight~~ percent ~~(4%)~~~~(8%)~~. No impairment percentage for tinnitus shall be considered in determining impairment to the whole person.
- ~~(3) The commissioner shall provide by administrative regulation for prompt referral of hearing loss claims for evaluation, for all medical reimbursement, and for prompt authorization of hearing enhancement devices.~~
- ~~(4)~~ When audiograms and other testing reveal a pattern of hearing loss compatible with that caused by hazardous noise exposure and the employee demonstrates repetitive exposure to hazardous noise in the workplace, there shall be a rebuttable presumption that the hearing impairment is an injury covered by this chapter, and the employer with whom the employee was last injuriously exposed to hazardous noise shall be exclusively liable for benefits.

Section 35. KRS 342.732 is amended to read as follows:

- (1) Notwithstanding any other provision of this chapter, income benefits ~~and retraining incentive benefits~~ for occupational pneumoconiosis resulting from exposure to coal dust in the severance or processing of coal shall be paid as follows:

- (3) When valid spirometric tests are not provided and a physician certifies to the administrative law judge~~or arbitrator~~ that spirometric testing is not medically indicated because of the permanent physical condition of the employee, the administrative law judge~~or arbitrator~~ shall make his decision on the basis of evidence admitted which establishes the existence of a diagnosis of occupational pneumoconiosis and respiratory impairment due to the occupational pneumoconiosis. The evidence submitted by the employee shall include one (1) or more arterial blood gas studies performed in accordance with accepted medical standards. Income benefits shall not be awarded in the absence of valid spirometric tests if the claimant's PO2 arterial blood gas value is equal to or higher than one (1) standard deviation from the normal value obtained by the formula (103.5 - 0.42X), where X equals the claimant's age at the time of the arterial blood gas study.
- (4) In no event shall income benefits awarded under this section be stacked or added to income benefits awarded under KRS 342.730 to extend the period of disability.

Section 36. KRS 342.735 is amended to read as follows:

- (1) The commissioner shall promulgate administrative regulations to expedite the payment of temporary total disability and medical expense benefits.
- (2) The commissioner may promulgate administrative regulations incorporating managed care intended to reduce costs or to speed the delivery or payment of medical services to employees receiving medical and related benefits under this chapter.
- (3) The commissioner shall promulgate administrative regulations pursuant to KRS Chapter 13A establishing an expedited method for resolving medical issues prior to the filing of a claim with the Department of Workers' Claims. The administrative regulations shall permit an employee or other interested party, prior to the filing of a claim, to request a determination by an ~~arbitrator or~~ administrative law judge on medical issues relating to the reasonableness or appropriateness of the proposed medical care or relating to the obligation of the employer or the employer's insurance carrier to make payment of contested medical bills. However, the employee has the burden of proof to show the medical expenses are related to the injury, reasonable and necessary prior to an application of benefits being filed and before an award or order of benefits. Thereafter, the burden is upon the employer. section as oil;

- (9) "Pool" means an underground reservoir containing a common accumulation of oil or gas or both. Each productive zone of a general structure which is completely separated from any other zone in the structure, or which for the purpose of KRS 353.500 to 353.720 may be so declared by the department, is covered by the word "pool" as used herein;
- (10) "Field" means the general area which is underlaid or appears to be underlaid by at least one (1) pool; and "field" includes the underground reservoir containing oil or gas or both. The words "field" and "pool" mean the same thing when only one (1) underground reservoir is involved; however, "field," unlike "pool," may relate to two (2) or more pools;
- (11) "Just and equitable share of production" means, as to each person, an amount of oil or gas or both substantially equal to the amount of recoverable oil and gas in that part of a pool underlying his tract or tracts;

- (19) "Drilling unit" generally means the maximum area in a pool which may be drained efficiently by one (1) well so as to produce the reasonable maximum recoverable oil or gas in such area. Where the regulatory authority has provided rules for the establishment of a drilling unit and an operator, proceeding within the framework of the rules so prescribed, has taken the action necessary to have a specified area established for production from a well, such area shall be a drilling unit;
- (20) "Underground source of drinking water" means those subsurface waters identified as such in regulations promulgated by the department which shall be consistent with the definition of underground source of drinking water in regulations promulgated by the Environmental Protection Agency pursuant to the Safe Drinking Water Act, 42 U.S.C. secs. 300(f) et seq.;

- (3) The commission shall meet at times and places as shall be designated by the chairman. The chairman may call a meeting of the commission at any time, and he shall call a meeting of the commission upon the written request of two (2) members. - (10) Nothing in this section shall be construed as giving to the commission the right or authority to supersede the authority of the department in the administration of KRS 353.060.

Section 3. KRS 353.590 is amended to read as follows:

- (1) Any person seeking a permit required by KRS 353.570 shall submit to the department a written application in a form prescribed by the department.
- (2) Each application shall be accompanied by a specified fee as follows:
 - (a) The fee shall be three hundred dollars (\$300) for each well to be drilled, deepened, or reopened for any purpose relating to the production, repressuring, or storage of oil or gas, and for each water supply well, observation well, and geological or structure test hole.
 - (b) If the department receives delegation of authority for administration of the underground injection control program under Section 1425 of the Safe Drinking Water Act (Public Law 93-523 as amended), the department may, by administrative regulation, establish a fee or schedule of fees in an amount not to exceed fifty dollars (\$50) per well, in addition to the fees imposed by paragraph (a) of this subsection, upon each application to drill, deepen, or reopen a well for any purpose relating to the production, repressuring, or storage of oil or gas, and for each water supply well, observation well, and geological or structure test hole. The fees or schedule of fees to be established by administrative regulation shall not exceed an amount sufficient to recover the costs incurred by the department in administering the Underground Injection Control Program less any other state or federal funds which are made available for this purpose.
 - (c) All money paid to the State Treasurer for fees required by paragraph (b) of this subsection shall be for the sole use of the department in the administration of the Underground Injection Control Program under Section 1425 of the Safe Drinking Water Act (Public Law 93-523 as amended).
- (3) All money paid to the State Treasurer for licenses and fees required by KRS 353.500 to 353.720 shall be for the sole use of the department and shall be in addition to any moneys appropriated by the General Assembly for the use of the department.
- (4) Each application shall be accompanied by a plat, which shows the location and elevation of each well, prepared according to the administrative regulations promulgated under KRS 353.500 to 353.720. The plat shall be certified as accurate and correct by a professional land surveyor ~~in accordance with the provisions of KRS Chapter 322.~~ **When the location of the well is known to be underlain by coal-bearing stratum, the plat shall be certified accurate and correct by both a land surveyor and an engineer registered in Kentucky. If any plat submitted by an applicant is determined by the department to be materially inaccurate or incomplete, the department may require that a new plat be prepared and submitted either by a person approved by the director or an engineer registered in Kentucky. The department may further require that all future plats submitted by the applicant be prepared either by a person approved by the director or an engineer registered in Kentucky.**
- (5) When any person submits to the Department of Mines and Minerals an application for a permit to drill a well, or to reopen, deepen, or temporarily abandon any well which is not covered by surety bond, the department shall, except as provided in this section, require from the well operator a bond in the sum of five hundred dollars (\$500) for a well to be drilled to a depth of five hundred (500) feet or less; one thousand dollars (\$1,000) for a well to be drilled to a depth between five hundred and one (501) feet and one thousand (1,000) feet; one thousand five hundred dollars (\$1,500) for a well to be drilled to a depth between one thousand and one (1,001) feet and one thousand five hundred (1,500) feet; two thousand dollars (\$2,000) for a well to be drilled to a depth between one thousand five hundred and one (1,501) feet and two thousand (2,000) feet; two thousand five hundred dollars (\$2,500) for a well to be drilled to a depth between two

thousand and one (2,001) feet and two thousand five hundred (2,500) feet; three thousand dollars (\$3,000) for a well to be drilled to a depth between two thousand five hundred and one (2,501) feet and three thousand (3,000) feet; three thousand five hundred dollars (\$3,500) for a well to be drilled to a depth between three thousand and one (3,001) feet and three thousand five hundred (3,500) feet; four thousand dollars (\$4,000) for a well to be drilled to a depth between three thousand five hundred and one (3,501) feet and four thousand (4,000) feet; and five thousand dollars (\$5,000) for a well to be drilled to a depth of more than four thousand (4,000) feet. The bonds shall be made in favor of the Department of Mines and Minerals, conditioned that the wells upon abandonment shall be plugged in accordance with the administrative regulations of the department and that all records required by the department be filed as specified. An operator may petition the department to amend the drilling depth and bond amount applicable to a particular well and shall not proceed to drill to a depth greater than that authorized by the department until the operator is so authorized except pursuant to administrative regulations promulgated by the department. The commission may establish a bond in a sum greater than five thousand dollars (\$5,000) for any well to be drilled to a depth of more than four thousand (4,000) feet if the members of the commission determine that the particular circumstances of the drilling of the well warrant an increase in the bond amount established above. All bonds shall remain in effect until the plugging of the well is approved by the department, or the bond is released by the department. Any well operator in lieu of the bond may file with the department a blanket bond in a sum of ten thousand dollars (\$10,000), covering all wells drilled or to be drilled in the Commonwealth by the principal in the bond, and the acceptance and approval by the department of the blanket bond shall be in full compliance with the above provision requiring an individual well bond. A deposit in cash or a bank-issued irrevocable letter of credit may serve in lieu of either of the individual well or blanket bonds, and a property bond may be executed by an operator who owns all of the surface and mineral rights of a tract proposed for drilling. A certificate of deposit, the principal of which is pledged in lieu of a bond and whose interest is payable to the party making the pledge, may also be accepted by the department. If an operator is required to post individual well bonds exceeding a total of five thousand dollars (\$5,000) or elects to post a blanket bond, the certificate of deposit shall be accepted by the department in lieu of that portion of the amount of the bonds exceeding five thousand dollars (\$5,000). The bond or bonds referred to in this section shall be executed by the well operator as principal and, if a surety bond, by a corporate surety authorized to do business in the Commonwealth. A deposit in cash shall serve in lieu of either of the above bonds; all cash bonds accepted by the department shall be deposited into an interest-bearing account, with the interest thereon payable to the special agency account known as the oil and gas well plugging fund, created in subsection (9) of this section, to be used in accordance with the purposes described therein. All cash bonds being held by the department on July 13, 1990, shall likewise be deposited in the interest-bearing account, with the proceeds to be used for the purposes established for the oil and gas well plugging fund. The bond amounts shall be applicable only to permits issued upon and after July 13, 1990. All bonds posted for permits issued prior to July 13, 1990, shall remain in full force and effect for the duration of the permits.

- (6) A successor to the well operator shall post bond, pay a twenty-five dollar (\$25) fee per well to the department, and notify the department in writing in advance of commencing use or operation of a well or wells. The successor shall assume the obligations of this chapter as to a particular well or wells and relieve the original permittee of responsibility under this chapter with respect to the well or wells. It shall be the responsibility of the selling operator to require the successor operator to post bond before use or operation is commenced by the successor and relief of responsibility under this chapter is granted to the original permittee.
- (7) If the requirements of subsection (5) of this section with respect to proper plugging upon abandonment and submission of all required records on all well or wells have not been complied with within the time limits set by the department, by administrative regulation, or by this chapter, the department shall cause a notice of noncompliance to be served upon the operator by certified mail, addressed to the permanent address shown on the application for a permit. The notice shall specify in what respects the operator has failed to comply with this chapter or the administrative regulations of the department. If the operator has not reached an agreement with the department or has not complied with the requirements set forth by it within forty-five (45) days after mailing of the notice, the bond shall be forfeited to the department.
- (8) A bond forfeited pursuant to the provisions of this chapter may be collected by an attorney for the department or by the Attorney General, after notice from the director.
- (9) All sums received under subsection (5) of this section or through the forfeiture of bonds shall be placed in the State Treasury and credited to a special agency account to be designated as the oil and gas well plugging fund, which shall be an interest-bearing account with the interest thereon payable to the fund. This fund shall be available to the department and shall be expended for the plugging of any abandoned wells coming within the authority of the department pursuant to this chapter. The plugging of any well pursuant to this subsection shall not be construed to relieve the operator or any other person from civil or criminal liability which would exist except for the plugging. Any unencumbered and any unexpended balance of this fund remaining at the end of any fiscal year shall not lapse but shall be carried forward for the purpose of the fund until expended or until appropriated by subsequent legislative action.
- (10) Upon request by any person applying for a permit for a geological or structure test hole, the department shall keep the location and elevation of the hole confidential until the information is allowed to be released by the person obtaining the permit.
- (11) For the purpose of this chapter, "water supply well" shall not include:

- (a) Any well for a potable water supply for domestic use or for livestock; or
- (b) Any water well used primarily for cooling purposes in an industrial process.

Section 4. KRS 353.651 is amended to read as follows:

The following provisions of this section shall apply to any deep well:

- (1) Drilling units:
 - (a) The commission shall, after notice and a hearing, to be conducted in accordance with KRS Chapter 13B, regulate the drilling and location of wells in any pool and the production therefrom so as to prevent reasonably avoidable net drainage from each developed unit (that is, drainage which is not equalized by counterdrainage) so that each owner in a pool shall have the right and opportunity to recover his fair and equitable share of the recoverable oil and gas in such pool.
 - (b) For the prevention of waste, to protect and enforce the correlative rights of the owners in a pool, and to avoid the augmenting and accumulation of risks arising from the drilling of an excessive number of wells, the commission shall, after notice and a hearing, to be conducted in accordance with KRS Chapter 13B, establish drilling units for each pool. The spacing of wells in proved oil and gas fields shall be governed by administrative regulations promulgated for that particular field. Wells drilled in areas not covered by special field administrative regulations shall be governed by statewide administrative regulations promulgated by the commission.
 - (c) Each well permitted to be drilled upon any drilling unit shall be drilled in accordance with the administrative regulations promulgated by the commission and in accordance with a spacing pattern fixed by the commission for the pool in which the well is located, with any exceptions that may be reasonably necessary where it is shown, in accordance with administrative regulations promulgated by the commission, that the unit is partly outside the pool or for some other reason a well otherwise located on the unit would not be likely to produce in paying quantities, or topographical conditions are such as to make the drilling at the location unduly burdensome. Whenever an exception is granted, the commission shall take action as will offset any advantage which the person securing the exception may have over other owners by reason of the drilling of the well as an exception.
 - (d) No drilling unit established by the commission shall be smaller than the maximum area which can be drained efficiently by one (1) deep well so as to produce the reasonable maximum recoverable oil or gas in such area, unless an exception is granted in accordance with administrative regulations promulgated by the commission.
 - (e) An order establishing drilling units may be modified, altered, extended, amended, or vacated by the commission after notice and hearing as prescribed above.
- (2) Pooling of interests in drilling units:
 - (a) When two (2) or more separately owned tracts are embraced within a drilling unit, or when there are separately owned interests in all or a part of a drilling unit, the interested persons may pool their tracts or interests for the development and operation of the drilling unit. In the absence of voluntary pooling and upon application of any operator having an interest in the drilling unit, and after the commission has given notice to all persons reasonably known to own an interest in the oil or gas in the drilling unit, and after a hearing conducted in accordance with KRS Chapter 13B, the commission shall enter an order pooling all tracts or interests in the drilling unit for the development and operation thereof and for the sharing production therefrom. Each pooling order shall be upon terms and conditions which are just and reasonable.
 - (b) All operations, including, but not limited to, the commencement, drilling, or operation of a deep well, upon any portion of a drilling unit for which a pooling order has been entered, shall be deemed for all purposes the conduct of those operations upon each separately owned tract in the drilling unit by the several owners thereof. That portion of the production allocated to a separately owned tract included in a drilling unit shall, when produced, be deemed for all purposes to have been actually produced from the tract by a deep well drilled thereon.
 - (c) Any pooling order under the provisions of subsection (2) of this section shall authorize the drilling and operation of a deep well for the production of oil or gas from the pooled acreage; shall designate the operator to drill and operate such deep well; shall prescribe the time and manner in which all owners of operating interests in the pooled tracts or portions of tracts may elect to participate therein; shall provide that all reasonable costs and expenses of drilling, completing, equipping, operating, plugging, and abandoning the deep well shall be borne, and all production therefrom shared, by all owners of operating interests in proportion to the acreage in the pooled tracts owned or under lease to each owner; and shall make provision for payment of all reasonable costs thereof, including reasonable charge for supervision and for interest on past due accounts, by all those who elect to participate therein. Upon the application of any operator having an interest in the drilling unit, the person or persons selected to drill and operate the deep well shall be determined by competitive bids under the procedure set out in KRS 74.260.
 - (d) Upon request, any pooling order shall provide just and equitable alternatives whereby an owner of an operating interest who does not elect to participate in the risk and cost of the drilling of a deep well may elect to surrender his interest or a portion thereof to the participating owners on a reasonable basis and for a reasonable

consideration, which, if not agreed upon, shall be determined by the commission; or to participate in the drilling of the deep well on a limited or carried basis on terms and conditions which, if not agreed upon, shall be determined by the commission to be just and reasonable.

- (e) If an operator owning an interest in a pooled drilling unit elects not to participate in the risk and cost of drilling of a deep well thereon, and another operator owning an interest therein, shall drill and operate, or pay the costs of drilling and operating a deep well as provided in the commission's order, then the operating owner shall be entitled to the share of production from the tracts or portions thereof accruing to the interest of the nonparticipating owner, exclusive of any royalty or overriding royalty reserved in any leases, assignments thereof or agreements relating thereto, of the tracts or portions thereof, or exclusive of one-eighth (1/8) of the production attributable to all unleased tracts or portions thereof, until the market value of the nonparticipating owner's share of the production, exclusive of any royalty, overriding royalty or one-eighth (1/8) of production, equals two (2) ~~one and one fourth (1 1/4)~~ times the share of the costs payable by or charged to the interest of the nonparticipating owner.
 - (f) If a dispute shall arise as to the costs of drilling and operating a deep well, the commission shall determine and apportion the costs, within ninety (90) days from the date of written notification to the commission of the existence of such dispute.
- (3) This section shall not apply to wells drilled, deepened, or reopened for the injection of water, gas, or other fluids into any subsurface formation.

HJR 70, A JOINT RESOLUTION directing the Public Protection and Regulation Cabinet and the Natural Resources and Environmental Protection Cabinet to enter into a memorandum of understanding regarding the underground petroleum storage tank program and declaring an emergency.

WHEREAS, the Commonwealth has determined that the environmental risks from leaking underground petroleum storage tanks must be addressed by regulating the installation and operation of the tanks and to provide a financial mechanism to help pay for cleaning up tanks which have leaked; and

WHEREAS, the Public Protection and Regulation Cabinet, through its Office of Petroleum Storage Tank Environmental Assurance Fund, has the responsibility of administering the fund which is used to help pay for tank clean-ups and the Natural Resources and Environmental Protection Cabinet has the responsibility to regulate the installation and operation of underground petroleum storage tanks; and

WHEREAS, a failure of the two agencies to work more closely in making decisions on how site clean-ups should be conducted has led to persistent concerns about cost overruns, inappropriate expenses, and fraudulent claims; and

WHEREAS, better communication and coordination between the two agencies would help achieve the state purpose of managing the risks arising from the use of underground petroleum storage tanks, preserve the financial soundness of the fund, and allow the fund to spend less money to clean up more sites;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

Section 1. The Public Protection and Regulation Cabinet and the Natural Resources and Environmental Protection Cabinet shall immediately negotiate and enter into a memorandum of understanding (MOU) for the following purposes:

(1) To clearly define the respective responsibilities, authority, and resources assigned to each agency to achieve the purposes set out in Subchapter 60 of KRS Chapter 224 and coordinate those responsibilities, authority, and resources to preserve public safety through a more efficient and cost effective use of the fund;

(2) To set out that the technical review of site investigations and remediation plans be conducted in a way that the lowest cost approach to remediation is required;

(3) To share information relating to identifying, investigating, and cleaning up releases at underground petroleum storage tank sites; and

(4) To jointly establish criteria to prioritize the investigation and clean-up of existing sites where releases have occurred and to estimate future site remediation needs and jointly establish a schedule to achieve clean-ups at these sites in a manner to preserve public safety through the most efficient and cost effective means.

Section 2. The agencies shall submit a draft memorandum of understanding to the House Committee on Natural Resources and Environment and the Senate Committee on Agriculture and Natural Resources, if the General Assembly is in session, or to Interim Joint Committee on Agriculture and Natural Resources if the General Assembly is not in session.

In 1954, this remarkable educator and distinguished music historian co-founded the Louisville Academy of Music, where he continues to serve as President and Director. More than 7000 students have passed through the doors of that life-changing institution, some of whom now hold positions in professional orchestras and as music educators in public and private schools and colleges. Elected to the Louisville Male School Hall of Fame in 1996 and recently named a Distinguished Alumnus by the University of Louisville School of Music, Robert Bruce French's writings have been included in the Kentucky Encyclopedia, Our Kentucky: A Study of the Bluegrass State and in the upcoming Encyclopedia of Louisville. The members of this honorable body are delighted to join Representative Mary Lou Marzian in paying tribute to this esteemed Kentucky citizen for the remarkable impact his generous contributions have had on the nature of the music community; in expressing gratitude for his devoted support of the arts and in extending to him best wishes as he continues to serve as an inspiring example for others to follow. Surpassing even national acclaim, Joe Downing, who now divides his time between Paris and the southern village of Menerbes, France, holds the distinction of being one of only three Americans to have work exhibited at the Louvre Museum in Paris, France. Raised on a tobacco farm in Horse Cave, Joe Downing's work as a painter, sculptor and writer continue to be inspired by his formative years in Kentucky. Though his work has been exhibited in France, Sweden, Italy, Canada, Mexico, and Germany, he continues to have exhibitions in Owensboro, Bowling Green, Louisville and Horse Cave, as well as Cincinnati, New York, Chicago, Atlanta, Charleston, West Virginia and Seattle. His remarkable work is in the permanent collections of museums around the globe. The members of this honorable body are delighted to join Representative Dottie J. Sims in paying tribute to this esteemed artist for continuing to exhibit his work on an active basis in the Commonwealth, for mentoring the work of other Kentucky artists, and for continuing to serve as an inspiring example for others to follow. The House of Representatives of the Commonwealth of Kentucky hereby recognizes and honors The Fund for the Arts The Pioneer Award Recipient/1999 Governor's Awards in the Arts given by Governor Paul E. Patton and the Kentucky Arts Council to an organization that has taken support for the arts in new and innovative directions. The Fund for the Arts, which last year celebrated fifty years of providing granting opportunities and outreach programming in the arts in Louisville and a majority of Kentucky counties, is truly a pioneer in arts funding. As the oldest united arts fund in the nation, it has led the way in recognizing the importance of the arts to the economic and cultural health of the community. Through its support of 21 performing and visual arts organizations and by providing arts programming in schools and communities, the Fund has demonstrated remarkable dedication to ensuring that access to the arts be within the reach of all populations. Currently over 400,000 school children are served annually through the funding of arts in education programs, at-risk youth are provided with transportation subsidies through the Community Partners Program, and the partnership with the YMCA Black Achievers' Program provides training to those interested in arts administration. The members of this honorable body are delighted to join Representative Jim Wayne in commending this premier united arts fund organization for blazing a trail through which the arts may march and flourish within this Commonwealth. HB 209, AN ACT relating to economic development.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 154.22-040 is amended to read as follows:

- (1) Each year the authority shall under its Rural Economic Development Assistance Program, on the basis of the final unemployment figures calculated by the Department for Employment Services within the Cabinet for Workforce Development, determine which counties have had a countywide rate of unemployment exceeding the statewide unemployment rate of the Commonwealth in the most recent five (5) consecutive calendar years, or which have had an average countywide rate of unemployment exceeding the statewide unemployment rate of the Commonwealth by two hundred percent (200%) in the most recent twelve (12) consecutive months for which unemployment figures are available, and shall certify those counties as qualified counties. If the authority determines that a county which has previously been certified as a qualified county no longer has an unemployment rate that meets the criteria of this subsection, the authority shall decertify that county. The authority shall not finance any facilities in that county and an approved company shall not be eligible for the incentives offered by KRS 154.22-010 to 154.22-070 unless the financing agreements required herein are entered into by all parties prior to July 1 of the year following the calendar year in which the authority decertified that county.
- (2) *A company shall be eligible for the incentives offered in KRS 154.22-010 to 154.22-070 if:*
 - (a) *It is located within a regional industrial park that receives a grant from the Local Government Economic Development Program, established in KRS 42.4588; and*
 - (b) *The regional industrial park in which the company is located benefits two (2) or more counties with accounts in the local government economic development fund as provided in KRS 42.4588(4); and*
 - (c) *The combined average unemployment rate of the partnering counties benefiting by the regional industrial park exceeds the statewide unemployment rate of the Commonwealth in the most recent five (5) consecutive calendar years, based on the final unemployment figures calculated by the Department for Employment Services within the Cabinet for Workforce Development.*

If the authority determines that the combined average unemployment rate of the partnering counties no longer exceeds the statewide unemployment rate as specified in paragraph (c) of this subsection, then the authority shall not finance any facilities in that regional industrial park and an approved company shall not be eligible for the incentives offered by KRS 154.22-010 to 154.22-070 unless the financing agreements are entered into by all parties prior to July 1 of the year following the calendar year in which the authority made its determination of ineligibility.
- (3) The authority shall establish the procedures and standards for the determination and approval of eligible companies and their economic development projects by the promulgation of administrative regulations in accordance with KRS Chapter 13A. The criteria for approval of eligible companies and economic development projects shall include but not be limited to the creditworthiness of eligible companies; the number of new jobs to be provided by an economic development project to residents of the Commonwealth; and the likelihood of the economic success of the economic development project.
- ~~(4)~~~~(3)~~ The economic development project shall involve a minimum investment of one hundred thousand dollars (\$100,000) by the eligible company and shall result in the creation by the eligible company, within two (2) years from the date of the final approval authorizing the economic development project, of a minimum of fifteen (15) new full-time jobs at the site of the economic development project for Kentucky residents to be employed by the eligible company and to be held by persons subject to the personal income tax of the Commonwealth. The authority may extend this two (2) year period upon

the written application of an eligible company requesting an extension. No economic development project which will result in the replacement of manufacturing facilities existing in the state shall be approved by the authority; however, the authority may approve an economic development project that:

- (a) Rehabilitates a manufacturing facility:
 - 1. Which has not been in operation for a period of ninety (90) or more consecutive days; or
 - 2. The title to which is vested in other than the eligible company or an affiliate of the eligible company and that is sold or transferred pursuant to a foreclosure ordered by a court of competent jurisdiction or an order of a bankruptcy court of competent jurisdiction;
- (b) Replaces a manufacturing facility existing in the Commonwealth:
 - 1. The title to which shall have been taken under the exercise of the power of eminent domain, or the title to which shall be the subject of a nonappealable judgment granting the authority to exercise the power of eminent domain, in either event to the extent that normal operations cannot be resumed at the facility within twelve (12) months; or
 - 2. Which has been damaged or destroyed by fire or other casualty to the extent that normal operations cannot be resumed at the facility within twelve (12) months; or
- (c) Replaces an existing manufacturing facility located in the same qualified county, and the existing manufacturing facility to be replaced cannot be expanded due to the unavailability of real estate at or adjacent to the manufacturing facility to be replaced. Any economic development project satisfying the requirements of this subsection shall only be eligible for inducements to the extent of the expansion, and no inducements shall be available for the equivalent of the manufacturing facility to be replaced. No economic development project otherwise satisfying the requirements of this subsection shall be approved by the authority which results in a lease abandonment or lease termination by the approved company without the consent of the lessor.

~~(5)(4)~~ With respect to each eligible company making an application to the authority for inducements, and with respect to the economic development project described in the application, the authority shall request materials and make inquiries of the applicant as necessary or appropriate. Upon review of the application and completion of initial inquiries, the authority may, by resolution, give its preliminary approval by designating an eligible company as a preliminarily approved company and authorizing the undertaking of the economic development project. After preliminary approval and completion by the eligible company of its bond, loan, or other financing and review thereof by the authority, the authority may by final approval designate an eligible company to be an approved company.

Section 2. KRS 154.22-050 is amended to read as follows:

The authority may enter into, with any approved company, a financing agreement with respect to its economic development project. Subject to the inclusion of the mandatory provisions set forth below, the terms and provisions of each financing agreement shall be determined by negotiations between the authority and the approved company.

- (1) If an eligible company, at the time of submission of its application to the authority to become an approved company, requests the authority in writing to issue bonds on its behalf, then each financing agreement used in connection with the issuance of bonds by the authority shall include the following provisions:
 - (a) The term of a financing agreement shall not be less than the last maturity of the bonds issued with respect to the economic development project, except that the financing agreement may terminate upon the earlier redemption of all of the bonds issued with respect to the economic development project and, if the authority owns the economic development project, the authority may grant to the approved company or its affiliate an option to purchase, for the consideration the authority may approve, the economic development project from the authority upon the termination of the financing agreement. Nothing in this subsection shall limit the extension of the term of a financing agreement if there is a refunding of the correlative bonds or otherwise.
 - (b) All proceeds of any bonds incurred in connection with the economic development project shall be expended by the approved company within three (3) years from the date of the financing agreement. In the event that all proceeds of bonds incurred in connection with the economic development project are not fully expended within the three (3) year period, the amount of the authorized inducements shall automatically be reduced to and shall not be greater than the amount of proceeds actually expended by the approved company within the three (3) year period.
 - (c) The financing agreement shall specify that the annual obligations of the approved company pursuant to KRS 154.22-010 to 154.22-080 shall equal in each year the annual debt service for that year on the bonds issued with respect to the economic development project; and the approved company shall pay such obligation of the financing agreement to the trustee for bonds issued for the benefit of the approved company, at such time and in such amounts sufficient to amortize such bonds.
 - (d)
 - 1. In consideration for financing agreement payment, the approved company may be permitted the following during the period of time not to exceed fifteen (15) years from the activation date in which the financing agreement is in effect, which period of time shall commence for purposes of the following upon the date of

the financing agreement.

- a. A one hundred percent (100%) credit against the Kentucky income tax that otherwise would be owed in the year, as determined under KRS 141.347, to the Commonwealth by the approved company on the income of the approved company generated by or arising out of the economic development project, the credit not to exceed the total debt service paid under the respective financing agreement; plus
 - b. The aggregate assessment withheld by the approved company in each year.
2. The income tax credited to the approved company referred to herein shall be credited for the fiscal year for which the tax return of the approved company is filed. The approved company shall not be required to pay estimated income tax payments as prescribed in KRS 141.042.
- (e)
1. The financing agreement shall provide that the assessments, when added to the credit for the Kentucky income tax herein granted, shall not exceed the total financing agreement annual payment by the approved company in any year; however, to the extent that financing agreement annual payments exceed credits received and assessments collected in any year, the excess payment may be recouped from excess credits or assessment collections in succeeding years.
 2. If in any fiscal year of the approved company during which the financing agreement is in effect the total of the income tax credit granted to the approved company plus the assessment collected from the wages of the employees equals the annual payment pursuant to the financing agreement, and if all excess payments pursuant to the financing agreement accumulated in prior years have been recouped, the assessment collected from the wages of the employees shall cease for the remainder of that fiscal year of the approved company, and the approved company shall resume normal personal income tax and occupational license fee withholdings from the employees' wages for the remainder of that fiscal year.
 3. If in any fiscal year of the approved company during which the financing agreement is in effect, the total of the income tax credit granted to the approved company plus the assessment collected from the wages of the employees exceeds the annual payment pursuant to the financing agreement, and if all excess payments pursuant to the financing agreement accumulated in prior years have been recouped, the approved company shall pay the excess to the Commonwealth as income tax.
 4. If in any fiscal year of the approved company during which the financing agreement is in effect the assessment collected from the wages of the employees exceeds the annual payment pursuant to the financing agreement, and if all excess payments pursuant to the financing agreement accumulated in prior years have been recouped, the assessment collected from the wages of the employees shall cease for the remainder of that fiscal year of the approved company, the approved company shall resume normal personal income tax and occupational license fee withholdings from the employees' wages for the remainder of that fiscal year, and the approved company shall remit to the Commonwealth and applicable local jurisdictions their respective shares of the excess assessment collected on the withholding filing date for employees' wages next succeeding the first date when the approved company collected excess assessments.
- (f) The financing agreement shall provide in substance that:
1. It may be assigned by the approved company only upon the prior written consent of the authority following the adoption of a resolution by the authority to such effect; and
 2. Upon default by the approved company in any obligations under the financing agreement or other documents evidencing, securing, or related to the approved company's obligations, the authority, or any of its assignees, shall have the right, at its option, to declare the financing agreement or other such documents in default; and
 - a. Accelerate and declare the total of all such payments due by the approved company and sell the economic development project at public, private, or judicial sale;
 - b. Pursue any remedy provided under the financing agreement or other such documents;
 - c. Pursue all other remedies available to it under the Kentucky Uniform Commercial Code;
 - d. Be entitled to the appointment of a receiver by the Circuit Court wherein any part of the economic development project is located; and
 - e. Pursue any other remedy at law to which it appears entitled.
 3. All remedies provided in subsection (1)(f)2. of this section shall be deemed cumulative.
- (2) If an eligible company, at the time of submission of its application to the authority to become an approved company, does not request the authority in writing to issue bonds on its behalf, then each financing agreement used in connection with loans or other financing (other than bonds issued by the authority for which subsection (1) of this section shall be used) shall include the following provisions:

- (a) The term of a financing agreement, which shall commence on the date of the financing agreement, shall not be longer than:
 - 1. The maturity of any loan or other financing incurred in connection with the economic development project, except that the financing agreement may terminate upon the earlier prepayment of all loans or other financing incurred in connection with the economic development project; or
 - 2. Fifteen (15) years from the activation date.
 - 3. Nothing in this subsection shall limit the extension of the term of a financing agreement if there is a refinancing of the loans or other financing. The authority shall not own an economic development project that is the subject of this form of financing agreement.
- (b) All proceeds of any loan or other financing incurred in connection with the economic development project shall be expended by the approved company within three (3) years from the date of the financing agreement. In the event that all proceeds of any loan or other financing incurred in connection with the economic development project are not fully expended within the three (3) year period, the authorized inducements shall automatically be reduced to and shall not be greater than the amount of proceeds actually expended by the approved company within the three (3) year period.
- (c)
 - 1. The approved company may be permitted the following during the term of the financing agreement:
 - a. A one-hundred percent (100%) credit against the Kentucky income tax that otherwise would be owed in the year, as determined under KRS 141.347, to the Commonwealth by the approved company on the income of the approved company generated by or arising out of the economic development project, such credit not to exceed the total debt service paid with respect to the loans or other financing incurred in connection with the economic development project; plus
 - b. The aggregate assessment withheld by the approved company in each year.
 - 2. The income tax credited to the approved company shall be credited for the fiscal year for which the tax return of the approved company is filed. The approved company shall not be required to pay estimated income tax payments as prescribed in KRS 141.042.
- (d)
 - 1. The financing agreement shall provide that the assessments, when added to the credit for the Kentucky income tax as provided in KRS 154.22-060, shall not exceed the total annual debt service payments of the approved company with respect to the loans or other financing incurred in connection with the economic development project in any year; however, to the extent that such annual debt service payments exceed credits received and assessments collected in any year, the excess payment may be recouped from excess credits or assessment collections in succeeding years.
 - 2. If, in any fiscal year of the approved company during which the financing agreement is in effect, the total of the income tax credit granted to the approved company, plus the assessment collected from the wages of the employees, equals the annual debt service payments with respect to the loans or other financing incurred in connection with the economic development project, and if all excess payments with respect to the loans or other financing incurred in connection with the economic development project accumulated in prior years have been recouped, the assessment collected from the wages of the employees shall cease for the remainder of that fiscal year of the approved company and the approved company shall resume normal personal income tax and occupational license fee withholdings from the employees' wages for the remainder of that fiscal year.
 - 3. If in any fiscal year of the approved company during which the financing agreement is in effect the total of the income tax credit granted to the approved company plus the assessment collected from the wages of the employees exceeds the annual payment pursuant to the financing agreement, and if all excess payments pursuant to the financing agreement accumulated in prior years have been recouped, the approved company shall pay the excess to the Commonwealth as income tax.
 - 4. If in any fiscal year of the approved company during which the financing agreement is in effect the assessment collected from the wages of the employees exceeds the annual payment pursuant to the financing agreement, and if all excess payments pursuant to the financing agreement accumulated in prior years have been recouped, the assessment collected from the wages of the employees shall cease for the remainder of that fiscal year of the approved company, the approved company shall resume normal personal income tax and occupational license fee withholdings from the employees' wages for the remainder of that fiscal year, and the approved company shall remit to the Commonwealth and applicable local jurisdictions their respective shares of the excess assessment collected on the withholding filing date for employees wages next succeeding the first date when the approved company collected excess assessments.
- (e) The financing agreement shall provide in substance that it may be assigned by the approved company only upon the prior written consent of the authority following the adoption of a resolution by the authority to that effect.

- (f) The financing agreement shall provide that an approved company shall require of any lender to the approved company funding the loans or other financing incurred in connection with the economic development project written evidence to be provided to the authority of payments of all annual debt service to such lender. Such evidence shall be provided to the authority within forty-five (45) days after the end of each fiscal year of the financing agreement.
- (g) The financing agreement shall provide that if an approved company fails to comply with its respective obligations under the financing agreement, or that the lender to an approved company fails to comply with its requirements set forth in subsection (2)(f) of this section, or is declared in default under the loans or other financing incurred in connection with the economic development project, then the authority, or any of its assignees, shall have the right, at its option, to:
 - 1. Suspend the availability of the income tax credits and job development assessment fees to the approved company;
 - 2. Pursue any remedy provided under the financing agreement, including termination thereof; and
 - 3. Pursue any other remedy at law to which it appears entitled.
- (3) All remedies provided in subsection (2)(g) of this section shall be deemed cumulative.
- (4) Pursuant to this section, the activation date shall be established by the approved company in the financing agreement at any time in a two (2) year period after the date of final approval of the financing agreement by the authority. To implement the activation date, the approved company shall notify the authority, the Revenue Cabinet, and the approved company's employees of the activation date when the implementation of the inducements authorized in the financing agreement shall occur. If the approved company does not satisfy the minimum investment and minimum employment requirements of KRS 154.22-040~~(4)~~~~(3)~~ by the activation date, the approved company shall not be entitled to receive inducements pursuant to this subchapter until the approved company satisfies the requirements; however, the fifteen (15) year period for the term of the financing agreement shall begin from the activation date. Notwithstanding the previous sentence, if the approved company does not satisfy the minimum investment and minimum employment requirements of KRS 154.22-040~~(4)~~~~(3)~~ within two (2) years from the date of final approval of the financing agreement, then the approved company shall be ineligible to receive inducements under this subchapter unless an extension is approved by the authority.

HB 360, AN ACT relating to the police and firefighters' retirement fund in cities of the second class.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 95.859 is amended to read as follows: ~

- (1) The rate of retirement annuity shall be two and one-half percent (2.5%) of average salary, as defined in KRS 95.851(13),

for each year of total service up to and including thirty (30) years, subject to a maximum of seventy-five percent (75%) of average salary. Fractional periods of service shall be considered in the calculation of such annuities according to the aforesaid rate. If the calculated benefit for a member is less than four thousand eight hundred dollars (\$4,800) per year, the board may increase the annual benefit to a minimum of four thousand eight hundred dollars (\$4,800) if the increase can be supported on an actuarially-sound basis by the fund.

- (2) Any member who retired prior to June 21, 1974, shall receive an increase of ten dollars (\$10) per month for each year or part thereof of retirement prior to June 21, 1974, with a maximum increase of one hundred and seventy dollars (\$170) per month. No surviving widow of a retiree shall receive a pension of less than one hundred and fifty dollars (\$150) per month. The board may increase the minimum benefit to no more than five hundred dollars (\$500)~~four hundred dollars (\$400)~~ per month if the increase can be supported on an actuarially-sound basis by the fund. When Social Security benefits are increased, the surviving widows' minimum shall be increased by a like percentage, but the pension increase shall not exceed five percent (5%).
- (3) Within six (6) months after the performance of the actuarial study required by KRS 95.872(6), the rate of retirement annuity of each annuitant shall be increased annually by an amount determined by the study to reflect so much of the annual increase in the cost of living of the annuitant as may be supported on an actuarially sound basis by the fund. So long as the same is published, such studies shall rely on the "All Items Index" of the United States Department of Labor's Consumer Price Indexes, but no increase in the cost of living shall exceed five percent (5%) or the actual increase in the cost of living, whichever is lower. The increases shall be payable to all members of the fund on the effective date of the increases, and all increases granted on July 15, 1990, or thereafter shall be compounded.
- (4) A surviving spouse who does not receive a pension increase pursuant to subsection (2) of this section or whose pension increase pursuant to the Social Security increase is less than the cost-of-living increase in subsection (3) of this section shall receive the same increase an annuitant receives pursuant to subsection (3) of this section, not to exceed a total of five percent (5%).

Section 2. KRS 95.860 is amended to read as follows:

- (1) Upon death of a member due to occupational causes, regardless of length of service, his surviving widow shall be entitled immediately upon cessation of salary or annuity, as the case may be, to an annuity equal to fifty percent (50%) of the member's last rate of salary plus the total increase the retired member may have received in his annuity pursuant to KRS 95.859(3). This annuity shall be payable until she dies or remarries. No surviving widow shall receive an annuity of less than one hundred and fifty dollars (\$150) per month. The board may increase the minimum benefit to no more than five hundred dollars (\$500)~~four hundred dollars (\$400)~~ per month if the increase can be supported on an actuarially-sound basis by the fund. When Social Security benefits are increased, the minimum shall be increased by a like percentage, provided the increase shall not exceed five percent (5%). In addition, if minor children, under age eighteen (18), survive the member, the widow shall receive twenty-five percent (25%) of the member's last rate of salary until the last child attains age eighteen (18). The combined payments to a widow and minor children, excluding cost-of-living increases or increases in the survivor benefit due to increases the retired member may have received in his annuity pursuant to KRS 95.859(3), shall not exceed seventy-five percent (75%) of his final rate of salary.
- (2) If a widow does not survive the member, or if she remarries, and minor children under age eighteen (18) exist, the children shall be entitled to the benefits provided in KRS 95.861(3).
- (3) If neither a widow nor minor children, eligible for benefits survive the member, each dependent parent shall be entitled to an annuity equal to twenty-five percent (25%) of the member's last rate of salary, or fifty percent (50%) to both parents.
- (4) If a widow would receive from a combination of:
 - (a) Survivor benefits pursuant to this section, excluding benefits for minor children or increases in the survivor benefit due to increases the retired member may have received in his annuity pursuant to KRS 95.859(3); and
 - (b) Workers' compensation benefits, excluding dependent children's allowances or payments for medical expenses or legal fees related to the workers' compensation claim, an amount greater than one hundred percent (100%) of the deceased member's last rate of salary,

then the pension system survivor benefits shall be reduced to the point that the combined payments equal one hundred percent (100%) of the last rate of salary. The survivor benefit shall not be reduced, however, below an amount equal to two and one-half percent (2.5%) of average salary for each year of the deceased member's service. Any reduction in the survivor payment shall be based upon workers' compensation benefits applicable at the time the survivor payment is granted, and not upon subsequent increases in either benefit. If workers' compensation benefits are reduced at a subsequent time, the surviving spouse shall inform the board, and the board shall increase the survivor's benefit by the amount of the reductions, but not by more than an amount which would increase the survivor's benefit to fifty percent (50%) of last rate of salary, excluding cost-of-living increases or increases in the survivor benefit due to increases the retired member may have received in his annuity pursuant to KRS 95.859(3). The board of trustees may pay estimated benefits to a surviving spouse, upon qualification for the benefits, based upon an estimate of workers' compensation benefits until such amounts are actually determined, at which time a final calculation of the spouse's actual benefits shall be determined and the account corrected retroactive to the effective date of the survivor benefit. If workers' compensation

2000 Regular Session

benefits are paid in lump sums, the board shall reduce the survivor benefit on a monthly rather than a lump-sum basis. The amount of the monthly reduction shall be based upon the life expectancy of the survivor. The board may request the assistance of the general manager of Kentucky retirement systems to calculate the reduction in survivor benefits when lump-sum payments are involved, and the general manager shall provide such assistance upon request.

- (5) A surviving child or parent receiving benefits pursuant to this section shall receive the same cost-of-living increase granted to retirees pursuant to KRS 95.859(3). A surviving spouse who does not receive an increase pursuant to subsection (1) of this section or whose pension increase pursuant to the Social Security increase is less than the cost-of-living increase in KRS 95.859(3) shall receive the same increase an annuitant receives pursuant to KRS 95.859(3), not to exceed a total of five percent (5%).

Section 3. KRS 95.861 is amended to read as follows:

- (1) Upon death of a member occurring while in service, arising from any cause other than in the performance of duty, provided the member has had at least three (3) years of total service, his widow shall receive an annuity equal to one and one-half percent (1-1/2%) of average salary for each year of total service, credited to the member, plus the total increase the retired member may have received in his retirement annuity pursuant to KRS 95.859(3), subject to a maximum payment, excluding cost-of-living increases of the member or the widow, to the widow of fifty percent (50%). If the member has had at least ten (10) years of total service, the widow shall receive an annuity of no less than one hundred and fifty dollars (\$150) per month. The board may increase the minimum benefit to not more than five hundred dollars (\$500)~~four hundred dollars (\$400)~~ per month if the increase can be supported on an actuarially-sound basis by the fund. When Social Security benefits are increased, the minimum shall be increased by a like percentage, but the increase shall not exceed five percent (5%). Payment of the annuity shall be subject to the following conditions:
- (a) The widow had been married to the member at least one (1) year prior to his death;
 - (b) The widow is at least forty-five (45) years of age, otherwise payment will be deferred until she attains such age, except that if she is or becomes totally disabled before age forty-five (45), or has a minor child or children by the member in her care under age eighteen (18), (including adopted children provided the proceedings for adoption were initiated at least one (1) year prior to death of member) payment of the widow's annuity will begin immediately together with an additional allowance on account of the child or children;
 - (c) The widow's annuity will terminate in any event when the widow remarries. The annuity of each child or children shall continue until each child attains age eighteen (18).
- (2) If the widow has minor children under age of eighteen (18), the annuity to the widow shall be increased one-half (1/2) on account of the first child and one-fourth (1/4) on account of each additional child, subject to a maximum combined payment, excluding cost-of-living increases or increases the retired member may have received in his annuity pursuant to KRS 95.859(3), to the widow and children of seventy-five percent (75%) of the average salary as defined in KRS 95.851(13).
- (3) If the pensioner is not survived by a widow and there are minor children the following benefits shall be paid:
- (a) One (1) minor child, fifty percent (50%) of the average salary plus the total increase the retired member may have received in his annuity pursuant to KRS 95.859(3);
 - (b) Two (2) minor children, fifteen percent (15%) of the average salary additional;
 - (c) Three (3) or more minor children, ten percent (10%) of the average salary additional,
- subject to a maximum combined payment, excluding cost-of-living increases of the member or the minor children, of seventy-five percent (75%) of the average salary as defined in KRS 95.851(13). The annuity of each child or children shall continue until each child attains age eighteen (18), or, in the case of a child regularly employed in full-time educational activities the age of twenty-three (23). The annuity payments shall be reduced in reverse order.
- (4) These benefits shall also be payable upon death of the member while on retirement, provided marriage was in effect for at least one (1) year before death.
- (5) A surviving child receiving benefits pursuant to this section shall receive the same cost-of-living increases granted to retirees pursuant to KRS 95.859(3). A surviving spouse who does not receive an increase pursuant to subsection (1) of this section or whose pension increase pursuant to the Social Security increase is less than the cost of living increase in KRS 95.859(3) shall receive the same increase an annuitant receives pursuant to KRS 95.859(3), not to exceed a total of five percent (5%).

Section 4. KRS 95.862 is amended to read as follows:

- (1) In the event a total and permanent occupational disability occurs, the member shall receive an annuity equal to seventy percent (70%) of his last rate of salary. If the calculated monthly benefit is less than five hundred dollars (\$500)~~four hundred dollars (\$400)~~ per month, the board may increase the monthly benefit to a minimum of five hundred dollars (\$500)~~four hundred dollars (\$400)~~ monthly if the increase can be supported on an actuarially-sound basis by the fund. This benefit shall begin at such time as his salary may cease, and shall be paid during his entire lifetime. Any member who retired prior to June 21, 1974, shall receive an increase of ten dollars (\$10) per month for each year or part thereof of

retirement prior to June 21, 1974, with a maximum increase of one hundred and seventy dollars (\$170) per month. Upon his death, his eligible widow and minor children, if any, shall receive the benefits as provided under KRS 95.860.

- (2) If the member retired for total and permanent occupational disability would receive from a combination of (a) pension disability payments pursuant to subsection (1) of this section, and (b) workers' compensation payments, excluding spouse or dependent children's allowances or payments for medical expenses or legal fees related to the workers' compensation claim, an amount greater than one hundred percent (100%) of his last rate of salary, then the pension system benefits shall be reduced to the point that the combined payments equal one hundred percent (100%) of the last rate of salary. The benefit shall not be reduced, however, below an amount equal to two and one-half percent (2-1/2%) of average salary for each year of the member's service. Any reduction in the payment shall be based upon workers' compensation benefits applicable at the time the payment is granted, and not upon subsequent increases in either benefit. If workers' compensation benefits are reduced at a subsequent time, the retiree shall inform the board, and the board shall increase the benefit by the amount of the reductions, but not by more than an amount which would increase the benefit to seventy percent (70%) of the last rate of salary, excluding cost-of-living increases. The board of trustees may pay estimated benefits to a retiree, upon qualification for the benefits, based upon an estimate of workers' compensation benefits until such amounts are actually determined, at which time a final calculation of the actual benefits shall be determined and the account corrected retroactive to the effective date of the benefit. If workers' compensation benefits are paid in lump sums, the board shall reduce the disability retirement annuity on a monthly rather than a lump sum basis. The amount of the monthly reduction shall be based upon the life expectancy of the retired member. The board may request the assistance of the general manager of Kentucky Retirement Systems to calculate the reduction in the retirement benefit when lump sum payments are involved, and the general manager shall provide such assistance upon request.
- (3) Any member retired pursuant to this section shall receive the same cost-of-living increases granted to other retirees pursuant to the terms of KRS 95.859(3).

Section 5. KRS 95.863 is amended to read as follows:

- (1) Upon total and permanent disability of a member as the result of any cause other than occupational disability, if a member shall have rendered at least ten (10) years of total service, he shall be entitled to a disability retirement annuity. The amount of such annuity shall be equal to two and one-half percent (2-1/2%) of average salary, as defined in KRS 95.851(13), for each full year of total service, subject to a minimum payment of twenty-five percent (25%) of such average salary, and a maximum payment, excluding cost-of-living increases, of fifty percent (50%) of average salary. If the calculated monthly benefit is less than ~~five hundred dollars (\$500)~~~~four hundred dollars (\$400)~~ per month, the board may increase the monthly benefit to a minimum of ~~five hundred dollars (\$500)~~~~four hundred dollars (\$400)~~ monthly if the increase can be supported on an actuarially-sound basis by the fund. Payment of this annuity shall be made during disability of the member. Any member who retired prior to June 21, 1974, shall receive an increase of ten dollars (\$10) per month for each year or part thereof of retirement prior to June 21, 1974, with a maximum increase of one hundred and seventy dollars (\$170) per month. Upon death of the member, if an eligible widow or minor children survive, such survivors shall be entitled to the regular annuities provided under KRS 95.861.
- (2) Any annuity for nonoccupational disability shall begin to accrue upon the expiration of ninety (90) days following the commencement of disability provided that if the member is receiving salary for sick leave for a period of more than ninety (90) days, payment shall accrue from the date such salary ceases. If written application for such annuity shall not have been filed with the board prior to the expiration of ninety (90) days from the date of disability, the annuity shall begin to accrue from the date the application shall be filed but not prior to the expiration of ninety (90) days from the date of disability, nor in any event prior to the time when salary payments to the employee shall have ceased.
- (3) Any member retired pursuant to this section shall receive the same cost-of-living increases granted to other retirees pursuant to the terms of KRS 95.859(3).

The Committee Substitute No. 1 to **HB 360** is as follows:

HB 360, AN ACT relating to the police and firefighters' retirement fund in cities of the second class.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 95.859 is amended to read as follows:

When Social Security benefits are increased, the surviving widows' minimum shall be increased by a like percentage, but the pension increase shall not exceed five percent (5%).

- (3) Within six (6) months after the performance of the actuarial study required by KRS 95.872(6), the rate of retirement annuity of each annuitant shall be increased annually by an amount determined by the study to reflect so much of the annual increase in the cost of living of the annuitant as may be supported on an actuarially sound basis by the fund. So long as the same is published, such studies shall rely on the percentage increase in the annual average of the consumer price index for all items for the most recent calendar year as published by~~["All Items Index" of]~~ the United States Department of Labor's Bureau of Labor Statistics, not to~~Consumer Price Indexes, but no increase in the cost of living shall~~ exceed five percent (5%)~~for the actual increase in the cost of living, whichever is lower~~. Section 2. KRS 95.860 is amended to read as follows:

- (1) Upon death of a member due to occupational causes, regardless of length of service, his surviving widow shall be entitled immediately upon cessation of salary or annuity, as the case may be, to an annuity equal to fifty percent (50%) of the member's last rate of salary plus the total increase the retired member may have received in his annuity pursuant to KRS 95.859(3). - (2) If a widow does not survive the member, or if she remarries, and minor children under age eighteen (18) exist, the children shall be entitled to the benefits provided in KRS 95.861(3).

- (4) If a widow would receive from a combination of:
- (a) Survivor benefits pursuant to this section, excluding benefits for minor children or increases in the survivor benefit due to increases the retired member may have received in his annuity pursuant to KRS 95.859(3); and
 - (b) Workers' compensation benefits, excluding dependent children's allowances or payments for medical expenses or legal fees related to the workers' compensation claim, an amount greater than one hundred percent (100%) of the deceased member's last rate of salary,

then the pension system survivor benefits shall be reduced to the point that the combined payments equal one hundred percent (100%) of the last rate of salary. The survivor benefit shall not be reduced, however, below an amount equal to two and one-half percent (2.5%) of average salary for each year of the deceased member's service. Any reduction in the survivor payment shall be based upon workers' compensation benefits applicable at the time the survivor payment is granted, and not upon subsequent increases in either benefit. - (5) A surviving child or parent receiving benefits pursuant to this section shall receive the same cost-of-living increase granted to retirees pursuant to KRS 95.859(3). A surviving spouse who does not receive an increase pursuant to subsection (1) of this section or whose pension increase pursuant to the Social Security increase is less than the cost-of-living increase in KRS 95.859(3) shall receive the same increase an annuitant receives pursuant to KRS 95.859(3), not to exceed a total of five percent (5%).

Section 3. KRS 95.861 is amended to read as follows:

- (1) Upon death of a member occurring while in service, arising from any cause other than in the performance of duty, provided the member has had at least three (3) years of total service, his widow shall receive an annuity equal to one and one-half percent (1-1/2%) of average salary for each year of total service, credited to the member, plus the total increase the retired member may have received in his retirement annuity pursuant to KRS 95.859(3), subject to a maximum payment, excluding cost-of-living increases of the member or the widow, to the widow of fifty percent (50%). If the member has had at least ten (10) years of total service, the widow shall receive an annuity of no less than one hundred and fifty dollars (\$150) per month. The board may increase the minimum benefit to not more than five hundred dollars (\$500)~~four hundred dollars (\$400)~~ per month if the increase can be supported on an actuarially-sound basis by the fund. When Social Security benefits are increased, the minimum shall be increased by a like percentage, but the increase shall not exceed five percent (5%). Payment of the annuity shall be subject to the following conditions:
 - (a) The widow had been married to the member at least one (1) year prior to his death;
 - (b) The widow is at least forty-five (45) years of age, otherwise payment will be deferred until she attains such age, except that if she is or becomes totally disabled before age forty-five (45), or has a minor child or children by the member in her care under age eighteen (18), (including adopted children provided the proceedings for adoption were initiated at least one (1) year prior to death of member) payment of the widow's annuity will begin immediately together with an additional allowance on account of the child or children;
 - (c) The widow's annuity will terminate in any event when the widow remarries. The annuity of each child or children shall continue until each child attains age eighteen (18).
- (2) If the widow has minor children under age of eighteen (18), the annuity to the widow shall be increased one-half (1/2) on account of the first child and one-fourth (1/4) on account of each additional child, subject to a maximum combined payment, excluding cost-of-living increases or increases the retired member may have received in his annuity pursuant to KRS 95.859(3), to the widow and children of seventy-five percent (75%) of the average salary as defined in KRS 95.851(13).
- (3) If the pensioner is not survived by a widow and there are minor children the following benefits shall be paid:
 - (a) One (1) minor child, fifty percent (50%) of the average salary plus the total increase the retired member may have received in his annuity pursuant to KRS 95.859(3);
 - (b) Two (2) minor children, fifteen percent (15%) of the average salary additional;
 - (c) Three (3) or more minor children, ten percent (10%) of the average salary additional,
 subject to a maximum combined payment, excluding cost-of-living increases of the member or the minor children, of seventy-five percent (75%) of the average salary as defined in KRS 95.851(13). The annuity of each child or children shall continue until each child attains age eighteen (18), or, in the case of a child regularly employed in full-time educational activities the age of twenty-three (23). The annuity payments shall be reduced in reverse order.
- (4) These benefits shall also be payable upon death of the member while on retirement, provided marriage was in effect for at least one (1) year before death.
- (5) A surviving child receiving benefits pursuant to this section shall receive the same cost-of-living increases granted to retirees pursuant to KRS 95.859(3). A surviving spouse who does not receive an increase pursuant to subsection (1) of this section or whose pension increase pursuant to the Social Security increase is less than the cost of living increase in KRS 95.859(3) shall receive the same increase an annuitant receives pursuant to KRS 95.859(3), not to exceed a total of five percent (5%).

Section 4. KRS 95.862 is amended to read as follows:

- (1) In the event a total and permanent occupational disability occurs, the member shall receive an annuity equal to seventy percent (70%) of his last rate of salary. If the calculated monthly benefit is less than five hundred dollars (\$500)~~four hundred dollars (\$400)~~ per month, the board may increase the monthly benefit to a minimum of five hundred dollars (\$500)~~four hundred dollars (\$400)~~ monthly if the increase can be supported on an actuarially-sound basis by the fund. This benefit shall begin at such time as his salary may cease, and shall be paid during his entire lifetime. Any member who retired prior to June 21, 1974, shall receive an increase of ten dollars (\$10) per month for each year or part thereof of retirement prior to June 21, 1974, with a maximum increase of one hundred and seventy dollars (\$170) per month. Upon his death, his eligible widow and minor children, if any, shall receive the benefits as provided under KRS 95.860.

- (2) If the member retired for total and permanent occupational disability would receive from a combination of (a) pension disability payments pursuant to subsection (1) of this section, and (b) workers' compensation payments, excluding spouse or dependent children's allowances or payments for medical expenses or legal fees related to the workers' compensation claim, an amount greater than one hundred percent (100%) of his last rate of salary, then the pension system benefits shall be reduced to the point that the combined payments equal one hundred percent (100%) of the last rate of salary. The benefit shall not be reduced, however, below an amount equal to two and one-half percent (2-1/2%) of average salary for each year of the member's service. Any reduction in the payment shall be based upon workers' compensation benefits applicable at the time the payment is granted, and not upon subsequent increases in either benefit. If workers' compensation benefits are reduced at a subsequent time, the retiree shall inform the board, and the board shall increase the benefit by the amount of the reductions, but not by more than an amount which would increase the benefit to seventy percent (70%) of the last rate of salary, excluding cost-of-living increases. The board of trustees may pay estimated benefits to a retiree, upon qualification for the benefits, based upon an estimate of workers' compensation benefits until such amounts are actually determined, at which time a final calculation of the actual benefits shall be determined and the account corrected retroactive to the effective date of the benefit. If workers' compensation benefits are paid in lump sums, the board shall reduce the disability retirement annuity on a monthly rather than a lump sum basis. The amount of the monthly reduction shall be based upon the life expectancy of the retired member. The board may request the assistance of the general manager of Kentucky Retirement Systems to calculate the reduction in the retirement benefit when lump sum payments are involved, and the general manager shall provide such assistance upon request.
- (3) Any member retired pursuant to this section shall receive the same cost-of-living increases granted to other retirees pursuant to the terms of KRS 95.859(3).

Section 5. KRS 95.863 is amended to read as follows:

- (1) Upon total and permanent disability of a member as the result of any cause other than occupational disability, if a member shall have rendered at least ten (10) years of total service, he shall be entitled to a disability retirement annuity. The amount of such annuity shall be equal to two and one-half percent (2-1/2%) of average salary, as defined in KRS 95.851(13), for each full year of total service, subject to a minimum payment of twenty-five percent (25%) of such average salary, and a maximum payment, excluding cost-of-living increases, of fifty percent (50%) of average salary. If the calculated monthly benefit is less than ~~five hundred dollars (\$500)~~~~four hundred dollars (\$400)~~ per month, the board may increase the monthly benefit to a minimum of ~~five hundred dollars (\$500)~~~~four hundred dollars (\$400)~~ monthly if the increase can be supported on an actuarially-sound basis by the fund. Payment of this annuity shall be made during disability of the member. The Members of the House of Representatives of the Commonwealth of Kentucky hereby recognize and honor Ronnie and Diane French the proud parents of Miss America 2000, and do heartily express deep gratitude to them for the contributions each made to this extraordinary young woman as she shaped her life. Ronnie French, who was injured in service to his country as a Marine in Vietnam, and who returned home to raise a family and further serve his community, is recognized as the man who so deeply touched the heart of his daughter, with his courage and his generosity of spirit, that his experiences have become the driving force behind her platform, the platform which is an eloquent plea to this nation to honor the great sacrifices made by the military veterans as they served to preserve our precious freedoms. If Ronnie French represents Heather Renee French's heart, her mother, Diane French, a talented singer, lent her cherished daughter both beauty and voice. As a woman devoted to the cultural wealth of the citizens of America, her influence and encouragement fostered her daughter's desire to use her remarkable talents in order to accomplish great ends. Inasmuch as Ronnie and Diane French have created a home that was the fertile ground from which Heather Renee French, her sister, Gretchen, and her younger brother, Jamison, could grow strong and true, the members of this august body join Representative Pete Worthington in honoring them and in extending warmest wishes as they join us today to pay tribute to their beloved daughter, Heather Renee French, Miss America 2000. This intelligent and compassionate young woman, who has also been named as the Kentuckian of the Year by Kentucky Monthly magazine, has led this state into the new millennium in grand style and for that alone we would express our deepest appreciation. That she possesses both style and substance is apparent by her achievements and the well-deserved honors accorded to her. Her consummate professionalism has had a lasting impact on the Miss America

The House of Representatives of the Commonwealth of Kentucky hereby recognizes and applauds Cletus Smith and SAR-Dogs Shatzie and Brudder for the phenomenal contributions each has made to the Search & Rescue Services of the Commonwealth of Kentucky. As one of the pioneers of the use of canines in deep water rescue and recovery missions in Kentucky, Cletus Smith played an instrumental role in the founding of the Kentucky Search Dog Association. His dogs, Shatzie and Brudder, served as the first canines to be used in these missions. Shatzie, a German Shepherd, holds the distinction of being both the first dog in Kentucky to locate a drowning victim and the first to locate a drowning victim in over 100 feet of water. Brudder, was successful in locating over 100 lost and missing persons during his career, finding one victim within a proximity of 15 feet in over 300 feet of water. This feat is thought to be a world's record. As a result of the success of Cletus Smith, Shatzie and Brudder, this state now has trained search and rescue teams who are knowledgeable and highly effective when utilizing dogs in deep water rescue and recovery missions. Therefore, the members of this distinguished body are delighted to join Representative Jack Coleman in affording highest regards to Cletus Smith for his monumental efforts in this worthwhile endeavor and in honoring the memories of both Shatzie and Brudder for the unsurpassed dedication and commitment to protecting the lives of the citizens of this Commonwealth. HB 203, AN ACT relating to agricultural districts.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 262.850 is amended to read as follows:

- (1) This section shall be known as "the Agricultural District and Conservation Act."
- (2) It is the policy of the state to conserve, protect and to encourage development and improvement of its agricultural lands for the production of food and other agricultural products. It is also the policy of this state to conserve and protect the agricultural land base as a valuable natural resource which is both fragile and finite. The pressure imposed by urban expansion, transportation systems, water impoundments, surface mining of mineral resources, utility rights-of-way and industrial development has continually reduced the land resource base necessary to sufficiently produce food and fiber for our future needs. It is the purpose of this section to provide a means by which agricultural land may be protected and enhanced as a viable segment of the state's economy and as an important resource.
- (3) The local governing administrative body for an agricultural district shall be the conservation district board of supervisors. The Soil and Water Conservation Commission shall be responsible for statewide administration of the agricultural district program and shall have sole authority to certify or deny agricultural district petitions. The commission may apply for assistance and funds from the Federal Farmland Protection Act of 1981 (PL 97-377) which may be available for the development of the agricultural district program and may accept easements as provided in KRS 65.410 to 65.480.
- (4) Any owner or owners of land may submit a petition to the local conservation district board of supervisors requesting the creation of an agricultural district within the county. The petition shall include a description of the proposed area, description of each land parcel, location of the proposed boundaries, petitioners' names and addresses, adjacent landowners' names and addresses, and other pertinent information as required in the petition application. The boundary of an agricultural district shall be contiguous. No land shall be included in an agricultural district without the consent of the owner.
- (5) Upon receipt of a petition, the local conservation district board of supervisors shall notify the fiscal court and any local or regional planning or zoning body, if any, by sending a copy of the petition and accompanying materials to that body.
- (6) The following factors shall be considered by the local conservation district board of supervisors and the Soil and Water Conservation Commission when considering the formation of any agricultural district:
 - (a) The capability of the land to support agricultural production, as indicated by: soil, climate, topography or other natural factors;
 - (b) The viability of active farmlands, as indicated by: markets for farm products, extent and nature of farm improvements, present status of farming, anticipated trends in agricultural economic conditions and technology;
 - (c) That the proposed agricultural district meets the minimum size limit of two hundred fifty (250) contiguous acres, unless the local conservation district board and the Soil and Water Conservation Commission allow fewer than two hundred fifty (250) contiguous acres if the proposed area meets a minimum annual production performance established by the district board and approved by the commission;
 - (d) County development patterns and needs and the location of the district in relation to any urban development boundaries within the county;
 - (e) Any matter which may be relevant to evaluate the petition; and
 - (f) Whether an application is from more than one (1) farm owner, in which case a preference shall be given to the application.
- (7) The local soil and water conservation district board of supervisors shall review the petition application and submit a recommendation to the Soil and Water Commission within sixty (60) days of receipt. The local conservation district recommendation shall be submitted to the commission in the form of approval, approval with modifications, or denial of the petition accompanied by justification for such a denial.
- (8) The Soil and Water Conservation Commission shall review the recommendation of the district board of supervisors and certify or deny the agricultural district's petition within sixty (60) days of receipt.
- (9) Upon the approval of a petition by the Soil and Water Conservation Commission, the commission shall notify the area development district in which the agricultural district will lie, the local county clerk, and the secretary of the Governor's Cabinet.
- (10) Land within the boundary of an agricultural district shall not be annexed.
- (11) **The owners of land within the boundary of an agricultural district shall be exempt under Section 2 of this Act from any assessment authorized for the extension of water service lines until the land is removed from the district and developed for nonagricultural use.** Any member, or any successor heir of the member, of an agricultural district may withdraw from the district upon notifying the local conservation district board of supervisors in writing.
- (12) It shall be the policy of all state agencies to support the formation of agricultural districts as a means of preserving Kentucky's farmlands and to mitigate the impact of their present and future plans and programs upon the continued

agricultural use of land within an agricultural district.

- (13) Agricultural districts shall be comprised only of agricultural land as defined in KRS 132.010.
- (14) An agricultural district shall be established for five (5) years with a review to be made by the local soil and water conservation district board of supervisors at the end of the five-year period and every five (5) years thereafter. Each owner of land shall agree to remain in the district for a five (5) year period, which is renewable at the end of the five (5) years. However, the board shall make a review any time upon the written request of a local government which demonstrates that the review is necessary in order to consider development needs of the local government. The board shall consider whether the continued existence of the district is justified, any adjustments which may be necessary due to urban or county development, and other factors the board finds relevant. The board shall revise the district as necessary based on the review and subject to approval of the State Soil and Water Conservation Commission. Before the state commission takes final action, all interested parties shall be given the opportunity to request the state commission to amend or overturn the local board's decision.
- (15) The withdrawal of a member from a district reducing the remaining acreage of agricultural district land to less than two hundred fifty (250) acres or resulting in the remaining land being noncontiguous shall not cause the decertification of the district.
- (16) Any member of an agricultural district who has received a summons of condemnation proceedings being instituted concerning the member's land located in the district may request the local soil and water conservation district board of supervisors to hold a public hearing on the proposed taking of land. However a hearing under this section shall not be held if the petitioner in the condemnation proceeding is a utility as defined in KRS 278.010(3) and obtained a certificate of convenience and necessity as required by KRS 278.020(1).
- (17) (a) The board shall notify the local property valuation administrator of the farms which belong to an agricultural district and whenever a farm is withdrawn from a district. The board shall also inform all members of a district of the right to have their land assessed by the local property valuation administrator at the land's agricultural use value and shall offer advice and assistance on obtaining such an assessment.
- (b) The board shall also notify the local property valuation administrator whenever a farm is released or withdrawn from an agricultural district.
- (18) The board may allow an amendment to an existing certified agricultural district if approved by the commission.

SECTION 2. A NEW SECTION OF KRS CHAPTER 74 IS CREATED TO READ AS FOLLOWS:

- (1) When a water district extends its water lines within its district or extends its water lines under KRS 74.110 beyond the district's territorial limits, and the extension would benefit land within an agricultural district created under Section 1 of this Act, the assessment against the land within the agricultural district for the cost of the extension shall be deferred. The assessment shall become payable when the land is removed, in part or in its entirety, from the agricultural district and developed for nonagricultural use. If only part of the land is removed from the agricultural district, the deferred assessment shall be prorated and paid only on the portion of the land removed. The land remaining in the district shall continue to benefit from the deferred assessment.
- (2) The owner of land for which the assessment of costs for a water line extension has been deferred shall pay for any connection to provide water service from the water line extension to the land benefited by the deferred assessment.

- (4) Where any person dies testate and bequeaths his or her personal estate, in whole or in part, among his or her surviving spouse and descendants, his or her personal property or money on hand or in bank to the amount of fifteen thousand dollars (\$15,000) or the amount of the total bequests to his or her surviving spouse and descendants, whichever amount is less, shall be exempt from distribution and sale and shall be set apart by the District Court having jurisdiction over the estate, on application of the personal representative or any one (1) or more of the exempt legatees, exempting first any interest of the surviving spouse, unless waived, and then the interests per stirpes to the then living descendants of the deceased person.
- (5) A surviving spouse who renounces a will shall be entitled to the family exemption in subsection (1)(c) of this section on application of the surviving spouse. This exempt amount shall be set aside in addition to the statutory share of the surviving spouse under Section 3 of this Act

- (1) When a husband or wife dies testate, the surviving spouse may, though under full age, release what is given to him or her by will, if any, and receive his or her share under KRS 392.020 as if no will had been made, except that in such case the share in any real estate of which the decedent or anyone for the use of the decedent was seized of an estate in fee simple at the time of death shall be only one-third (1/3) of such real estate. Such relinquishment shall be made within six (6) months after ~~[the]~~ probate, and acknowledged before and left for record with the county clerk or his or her authorized deputy in the county where probate was made, or acknowledged before a subscribing witness and proved before and left with the county clerk or his or her authorized deputy. If, within those six (6) months, an action contesting the will is brought, the surviving spouse need not make such relinquishment until within six (6) months succeeding the time when the action is disposed of. Provided, however, the period for renunciation may be extended not exceeding six (6) additional months by order entered by the district court upon application of the surviving spouse for such extension within six (6) months after the date of probate for such extension.
- (2) Subsection (1) does not preclude the surviving spouse from receiving his or her share under KRS 392.020, in addition to any bequest or devise to him or her by will, if such is the intention of the testator, plainly expressed in the will or necessarily inferable from the will.
- (3) If there is an inter vivos trust that was created by the testator, and if under the terms of the trust the surviving spouse is entitled to any interest in the trust or is granted any power or nomination with respect to the trust, and if the surviving spouse makes an election to take under KRS 392.020 as if no will had been made, then, unless the trust instrument provides otherwise, the surviving spouse is deemed for purposes of the trust to have predeceased the testator, and there shall be an acceleration of remainder or other interests in all property bequeathed or devised to the trust by the will, in all property held by the trustee at the time of the death of the decedent, and in all property that comes into the hands of the trustee by reason of the death of the decedent.

- (1) Where the value of the probatable assets is less than or equal to the amount of the family exemption, if any, plus any preferred claims paid or owing ~~[exemption of the surviving spouse alone, or together with preferred claims paid by a widow or by the widower where the wife's estate is legally liable for payment, equals or exceeds the amount of probatable assets]~~, the court may order that administration of the estate be dispensed with and that such assets be transferred first to the person or persons entitled to the family exemption, if any, and next to the claimant or claimants who paid preferred

claims or to whom they are owing, if any, or to a person designated by any of them under oath to receive all or part of their respective share~~[surviving spouse or to a person designated by such surviving spouse to receive all or part]~~ of such assets. The court may so order upon petition under oath by one (1) or more persons or claimants entitled to all or part of such assets in both testate and intestate estates and without requiring the renunciation of a will or the giving of bond.

- (2) If the court is satisfied that no probatable estate will pass through the hands of the personal representative, it may order that no letters of administration be issued and in the case of a testate estate that the will be probated only.
- (3) ~~Where a surviving spouse has waived his or her right to the exemption accorded by law in favor of a person who has paid preferred claims in an amount equalling or exceeding the amount of probatable assets or who is legally entitled to such payment, or where there is no surviving spouse and such person has made such payment or is legally entitled thereto, the court may order that the administration of the estate be dispensed with and such assets transferred to such person. The court may so order without requiring the giving of bond.~~
- (4) For purpose of this section, the family exemption~~[of the surviving spouse]~~ is the~~[such]~~ exemption~~[as has been]~~ created by KRS 391.030 and the preferred claims are those listed in KRS 396.095 and in the order thereof.

As used in this subtitle:

- (1) "Added reparation benefits" mean benefits provided by optional added reparation insurance.
- (2) "Basic reparation benefits" mean benefits providing reimbursement for net loss suffered through injury arising out of the operation, maintenance or use of a motor vehicle, subject, where applicable, to the limits, deductibles, exclusions, disqualifications and other conditions provided in this subtitle. The maximum amount of basic reparation benefits payable for all economic loss resulting from injury to any one (1) person as the result of one (1) accident shall be ten thousand dollars (\$10,000), regardless of the number of persons entitled to such benefits or the number of providers of security obligated to pay such benefits. Basic reparation benefits consist of one (1) or more of the elements defined as "loss."
- (3) "Basic reparation insured" means:
 - (a) A person identified by name as an insured in a contract of basic reparation insurance complying with this subtitle; and

- (b) While residing in the same household with a named insured, the following persons not identified by name as an insured in any other contract of basic reparation insurance complying with this subtitle: a spouse or other relative of a named insured; and a minor in the custody of a named insured or of a relative residing in the same household with the named insured if he usually makes his home in the same family unit, even though he temporarily lives elsewhere.
- (4) "Injury" and "injury to person" mean bodily harm, sickness, disease, or death.
- (5) "Loss" means accrued economic loss consisting only of medical expense, work loss, replacement services loss, and, if injury causes death, survivor's economic loss and survivor's replacement services loss. Noneconomic detriment is not loss. However, economic loss is loss although caused by pain and suffering or physical impairment.
- (a) "Medical expense" means reasonable charges incurred for reasonably needed products, services, and accommodations, including those for medical care, physical rehabilitation, rehabilitative occupational training, licensed ambulance services, and other remedial treatment and care. "Medical expense" may include non-medical remedial treatment rendered in accordance with a recognized religious method of healing. The term includes a total charge not in excess of one thousand dollars (\$1,000) per person for expenses in any way related to funeral, cremation, and burial. It does not include that portion of a charge for a room in a hospital, clinic, convalescent or nursing home, or any other institution engaged in providing nursing care and related services, in excess of a reasonable and customary charge for semi-private accommodations, unless intensive care is medically required. Medical expense shall include all healing arts professions licensed by the Commonwealth of Kentucky. There shall be a presumption that any medical bill submitted is reasonable.
- (b) "Work loss" means loss of income from work the injured person would probably have performed if he had not been injured, and expenses reasonably incurred by him in obtaining services in lieu of those he would have performed for income, reduced by any income from substitute work actually performed by him.
- (c) "Replacement services loss" means expenses reasonably incurred in obtaining ordinary and necessary services in lieu of those the injured person would have performed, not for income but for the benefit of himself or his family, if he had not been injured.
- (d) "Survivor's economic loss" means loss after decedent's death of contributions of things of economic value to his survivors, not including services they would have received from the decedent if he had not suffered the fatal injury, less expenses of the survivors avoided by reason of decedent's death.
- (e) "Survivor's replacement services loss" means expenses reasonably incurred by survivors after decedent's death in obtaining ordinary and necessary services in lieu of those the decedent would have performed for their benefit if he had not suffered the fatal injury, less expenses of the survivors avoided by reason of the decedent's death and not subtracted in calculating survivor's economic loss.
- (6) "Use of a motor vehicle" means any utilization of the motor vehicle as a vehicle including occupying, entering into and alighting from it. It does not include:
- (a) Conduct within the course of a business of repairing, servicing, or otherwise maintaining motor vehicles unless the conduct occurs off the business premises; or
- (b) Conduct in the course of loading and unloading the vehicle unless the conduct occurs while occupying, entering into, or alighting from it.
- (7) "Motor vehicle" means any vehicle which transports persons or property upon the public highways of the Commonwealth, propelled by other than muscular power except road rollers, road graders, farm tractors, vehicles on which power shovels are mounted, such other construction equipment customarily used only on the site of construction and which is not practical for the transportation of persons or property upon the highways, such vehicles as travel exclusively upon rails and such vehicles as are propelled by electrical power obtained from overhead wires while being operated within any municipality or where said vehicles do not travel more than five (5) miles beyond the said limits of any municipality. Motor vehicle shall not mean moped as defined in this section.
- (8) "Moped" means either a motorized bicycle whose frame design may include one (1) or more horizontal crossbars supporting a fuel tank so long as it also has pedals, or a motorized bicycle with a step through type frame which may or may not have pedals rated no more than two (2) brake horsepower, a cylinder capacity not exceeding fifty (50) cubic centimeters, an automatic transmission not requiring clutching or shifting by the operator after the drive system is engaged, and capable of a maximum speed of not more than thirty (30) miles per hour.
- (9) "Public roadway" means a way open to the use of the public for purposes of motor vehicle travel.
- (10) "Net loss" means loss less benefits or advantages, from sources other than basic and added reparation insurance, required to be subtracted from loss in calculating net loss.
- (11) "Noneconomic detriment" means pain, suffering, inconvenience, physical impairment, and other nonpecuniary damages recoverable under the tort law of this Commonwealth. The term does not include punitive or exemplary damages.
- (12) "Owner" means a person, other than a lienholder or secured party, who owns or has title to a motor vehicle or is entitled to

the use and possession of a motor vehicle subject to a security interest held by another person. The term does not include a lessee under a lease not intended as security.

- (13) "Reparation obligor" means an insurer, self-insurer, or obligated government providing basic or added reparation benefits under this subtitle.

- (16) "Maintaining a motor vehicle" means having legal custody, possession or responsibility for a motor vehicle by one other than an owner or operator.

HB 556, AN ACT relating to property taxes.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 134.500 is amended to read as follows:

- (1) Uncollectible tax claims shall bear interest at twelve percent (12%) per annum from the date the certificate of delinquency is issued. All tax bills on omitted property that were not turned over to the sheriff in time to be collected or to make the sale provided for in KRS 134.430 and 134.440 shall also be submitted to the fiscal court but shall be carried over as a charge against the sheriff at the time he makes his next regular settlement.
- (2) The cabinet shall be responsible for the collection of certificates of delinquency and delinquent personal property tax bills; however, the cabinet shall first offer the collection duties to the county attorney, unless the cabinet determines that the county attorney has previously failed to perform collection duties in a reasonable and acceptable manner. Any county attorney desiring to perform the duties associated with the collection of delinquent tax claims shall enter into a contract with the cabinet on an annual basis. The terms of the contract shall specify the duties to be undertaken by the county attorney. These duties shall include but are not limited to the following actions:
 - (a) Within fifty (50) days after the issuance of a certificate of delinquency to the state, county, and taxing district, the county attorney or the Revenue Cabinet shall cause a notice of the purchase to be mailed by regular mail to the property owner at the address on the records of the property valuation administrator. The notice shall advise the owner that the certificate is a lien of record against all property of the owner, and bears interest at the rate of twelve percent (12%) per annum, and if not paid will be subject to collection by the county attorney as provided by law.
 - (b) The county attorney shall file in the office of the county clerk a list of the names and addresses to which the notice was mailed along with a certificate that the notice was mailed in accordance with the requirements of this section.
 - (c) All notices returned as undeliverable shall be submitted to the property valuation administrator. The property valuation administrator shall attempt to correct inadequate or erroneous addresses and, if property has been transferred, shall determine the new owner and the current mailing address. The property valuation administrator shall return the notices with the corrected information to the county attorney prior to the expiration of the one (1) year tolling period provided in KRS 134.470.
 - (d) Within ninety (90) days after the expiration of the one (1) year tolling period provided in KRS 134.470, the county attorney shall cause a notice of his intention to enforce the lien to be mailed to all owners whose tax bills remain delinquent. No second notice shall be required for addresses previously determined to be undeliverable and for which the property valuation administrator has not provided corrected information.
 - (e) Failure to mail the notices shall not affect the validity of the claim of the state, county, and taxing district. The postal cost of mailing the notices shall be added to the certificate of delinquency and, upon collection, the county attorney shall be reimbursed for the postage. The county attorney shall deliver at the same time a list of the owners whose tax bills remain delinquent to the property valuation administrator. The property valuation administrator shall review this list in accordance with the provisions of KRS 132.220 to establish that the properties on the list can be identified and physically located.
- (3) The county attorney who enters into a contract with the cabinet shall have a period of two (2) years after the expiration of the one (1) year tolling period provided in KRS 134.470 to collect delinquent tax bills or to initiate court action for their collection. At the expiration of the two (2) years the cabinet may assume responsibility for all uncollected bills except those with pending court action.
- (4) The county attorney who enters into a contract with the cabinet and performs his duties in respect to the certificate of delinquency and delinquent personal property tax bills shall be entitled to twenty percent (20%) of the amount due each taxing unit, whether the tax claim is voluntarily paid or is paid through sale or under court order, and the fee shall be paid to him by the county clerk when making distribution, as provided in KRS 134.480. This fee shall be added to the amount of the tax claims and paid by the persons paying the tax claims. They shall not be paid by the taxing districts or deducted

from the taxes due the taxing districts. If more than one (1) county attorney renders necessary services in an effort to collect a tax claim, the attorney serving the last notice or rendering the last substantial service preceding collection shall be entitled to the fee. When the county attorney's office, in an effort to collect a certificate of delinquency, or delinquent personal property tax bills files a court action which is litigated by the taxpayer, an additional county's attorney fee equal to thirteen percent (13%) of the total tax plus ten percent (10%) penalty, may be added to the certificate or the bill and shall become part of the tax claim.

- (5) If a county attorney chooses not to contract for these collection duties or if a county attorney fails to perform the duties required by the contract, the cabinet shall assume responsibility for the collection process. In the performance of those duties, the cabinet shall have all the powers, rights, duties, and authority with respect to the collection, refund, and administration of the amount due on the certificate of delinquency conferred generally upon the cabinet by Kentucky Revised Statutes including, but not limited to, KRS Chapters 131, 134, and 135. The twenty percent (20%) fee that would have otherwise been paid to the county attorney shall be paid to the cabinet for deposit in the delinquent tax fund provided for under KRS 134.400.
- (6) Any action on behalf of the state, county, and taxing districts authorized by this section or by KRS 134.470, 134.490, or 134.540 shall be filed on relation of the secretary, and the petition may be sent to the cabinet, which may require revision in instances where it deems revision or amendment necessary. The cabinet shall advise the county attorney in all actions, and may send him special assistance when the secretary deems assistance necessary. A copy of the judgment shall also be sent to the cabinet. If the cabinet sends assistance to a county attorney who contracts to prosecute the suits or proceedings, the county attorney shall be entitled to his full fee. On the same day that suit is filed, the county clerk shall be given notice of its filing. Costs incident to the suit shall become a part of the tax claim.
- (7) The cabinet may make its delinquent tax collection databases and other technical resources, including but not limited to income tax refund offsetting, available to the county attorney upon request from the county attorney. The county attorney seeking assistance shall enter into any agreements required by the cabinet to protect taxpayer confidentiality, to ensure database integrity, or to address other concerns of the cabinet.
- (8) *The county attorney may, at any time after assuming collection duties, enter into an agreement with the delinquent taxpayer to accept installment payments on the delinquent tax bill. The agreement shall not waive the county attorney's right to initiate court action or other authorized collection activities if the taxpayer does not make payments in accordance with the agreement.*

(a) Has committed a public offense prior to his eighteenth birthday, except a motor vehicle offense involving a child sixteen (16) years of age or older. A child sixteen (16) years of age or older taken into custody upon the allegation that he has committed a motor vehicle offense shall be treated as an adult and shall have the same conditions of release applied to him as an adult. The court shall have no jurisdiction to make permanent awards of custody of a child, but if the court finds an emergency to exist affecting the welfare of a child, it may make temporary orders for his custody; however, if the case involves allegations of dependency, neglect, or abuse, no emergency removal or temporary custody orders shall be effective unless the provisions of KRS Chapter 620 are followed. Such orders shall be entirely without prejudice to the proceedings for permanent custody of the child and shall remain in effect until modified or set aside by the court. The investigation shall also include an inquiry into the home conditions, life, and character of the person having custody of the child. The result of the investigation shall be reported in writing to the court and to counsel for the parties three (3) days prior to the child's dispositional hearing and shall become a part of the record of the proceedings. The child may waive the three (3) day requirement. Objections by counsel at the dispositional hearing to portions of the dispositional report shall be noted in the record.

- (2) The investigation shall be conducted by ~~volunteer or salaried probation officers of the juvenile court or by~~ a suitable public or private agency. The cabinet and the Department of Juvenile Justice may furnish investigation services under agreements with the individual juvenile courts. For this purpose, any county judge/executive or chief executive officer of an urban-county government may enter into a contract on behalf of his county with the Department of Juvenile Justice or the cabinet for the furnishings of such services.
- (3) Upon the court's motion or the motion of any party, an informal adjustment may be made at any time during the proceedings and with the victim and with those persons specified in KRS 610.070 having prior notification of the motion.

 - If a status offender is charged with violating a valid court order, and the court orders the child to serve detention, that detention shall be served in a nonsecure setting approved by the Department of Juvenile Justice unless the court issues an order in accordance with the requirements of subparagraph 4. of this paragraph.
 - Prior to ordering a status offender who is subject to a valid court order securely detained because the

child violated the valid court order, the court shall:

- a. Affirm that the requirements for a valid court order were met at the time the original order finding the child to be a status offender was issued;
 - b. Make a determination during the detention hearing that there is probable cause to believe that the child violated the valid court order; and
 - c. Within seventy-two (72) hours of the initial detention of the child, exclusive of weekends and holidays, receive an oral report in court and on the record delivered by an appropriate public agency other than the court or a law enforcement agency, or receive and review a written report prepared by an appropriate public agency other than the court or a law enforcement agency that reviews the behavior of the child and the circumstances under which the child was brought before the court, determines the reasons for the child's behavior, and determines whether all dispositions other than secure detention have been exhausted or are inappropriate. If a sufficient prior written report is included in the child's file, that report may be used to satisfy this requirement. The child may be securely detained for a period not to exceed seventy-two (72) hours pending receipt and review of the report by the court. The court shall conduct a violation hearing within twenty-four (24) hours of the receipt of the report. If the report is available at the time of the detention hearing, the violation hearing may be conducted at the same time as the detention hearing. The hearing shall be conducted in accordance with the provisions of KRS 610.060. The findings required by this subsection shall be included in any order issued by the court which results in the secure detention of a status offender.
5. If the child is charged with a public offense, or contempt of court on an underlying public offense, and the county in which the case is before the court is not served by a state operated secure detention facility under the statewide detention plan, detention may occur in a secure juvenile detention facility, juvenile holding facility, or a nonsecure setting approved by the Department of Juvenile Justice pending the child's next court appearance, subject to the court's review of the detention order prior to that court appearance.

The child shall be afforded the right to confront and cross-examine witnesses. The Commonwealth shall bear the burden of proof, and if it should fail to establish probable cause, the child shall be released and the complaint or petition dismissed unless the court determines further detention is necessary to assure the appearance of the child in court on another pending case;~~[and]~~

- (4) When the child has not been released to his parents or person exercising custodial control or supervision, the person taking the child into custody shall make a reasonable effort promptly to give oral notice to the parent or person exercising custodial control or supervision of the child;

This collection program shall provide for curbside collection or collection at the end of driveways, and collection shall not be interrupted for failure to pay collection fees. Collection service may be provided by the county, by contract with a private entity, or franchise.
- (2) When collection is provided by contract, franchise, or under local permit, the county, urban-county government, or charter county government shall require reports from the entity providing collection to document the rate of collection.
- (3) The county, urban-county government, or charter county government shall amend its solid waste management plan to include how universal collection will be funded and enforced. In order to facilitate uninterrupted collection service, the amended plan shall include the method of billing and collecting pick-up fees from households or solid waste generators, the method for pursuing collection of delinquent fees, and the method for tracking households or solid waste generators moving into the county.
- (4) If a household or solid waste generator becomes delinquent in the payment of solid waste pick-up fees, the county,

urban-county, or charter county government shall determine the reason for delinquency and pursue means to resolve the delinquency to ensure payment of solid waste pick-up fees. These means may include:

- (a) Setting reduced solid waste pick-up fees for low income households; and
- (b) Allowing an electric or other utility company to collect the solid waste pick-up fee for a commission or percentage of the total fees collected.
- (5) The county, urban-county government, or charter county government may maintain staffed convenience centers or transfer facilities for the disposal of appliances, drop-off of bulk solid waste, and drop-off of recyclable material.
- (6) The county, urban-county government, or charter county government shall submit an annual report to the cabinet and to any waste management district of which it is a member detailing its solid waste collection activities in accordance with requirements established by this section. The report shall include the status and progress of the universal collection program, the rate of collection, strategy for pursuing delinquent accounts, strategy for pursuing nonsubscribers to the collection service, and method of tracking households or solid waste generators moving into the county.
- (7) The county, urban-county government, or charter county government may enter into agreements with any person for performing the responsibilities described in this section, including cities within its geographic boundaries, but the county, urban-county government, or charter county government shall be responsible for providing the universal collection program described in this section, except any city of the first or second class having sole responsibility for developing its portion of the solid waste plan shall be responsible for providing the universal collection within its jurisdiction.
- (8) If a county, urban-county government, charter county government, or city fails to meet the statewide average collection rate for household garbage for three (3) consecutive months, the cabinet shall issue a notice of intent to operate the universal collection program. Along with the notice of intent, the cabinet shall make recommendations on how to increase the collection rate. If the county, urban-county government, charter county government, or city fails to meet the statewide average collection rate for household garbage within ninety (90) days following the notice of intent, the cabinet shall operate the universal collection program. The Commonwealth shall not endorse projects that generate solid waste under the Kentucky intergovernmental review process for any county, urban-county government, charter county government, or city that has a universal collection program operated by the cabinet.
- (9) A commercial or industrial entity which transports or contracts for the transport of solid waste it generates or which operates an industrial solid waste management facility for its exclusive use may be excluded from participation in the universal collection program with approval by the county, urban-county government, or charter county government.

The fees shall be limited to operational costs.
- (2) The pick-up fee when combined with the property tax bill shall be clearly set out as the amount owed for solid waste pick-up services and shall in no way be represented as an assessment based on the value of the property.
- (3) If the owner of the property is not the occupant of the property where the solid waste is picked up, the owner of the property shall pay the solid waste pick-up fees for the property.
- (4) If the owner of the property uses the property as a vacation home for a period of three (3) months or less, the county, urban-county government, or charter county government may waive the solid waste pick-up fee portion of the property tax bill if the owner of the property requests a waiver. In requesting the waiver, the owner shall certify that the property is a vacation home, and that the owner will remove solid waste from the property in a legal manner or temporarily subscribe for universal collection service while the property is in use.

The amount so requested shall be paid by the county into the State Treasury by September 1, or paid to the property valuation administrator and be submitted to the State Treasury by September 1. These funds shall be expended by the Revenue Cabinet only for compensation of approved deputies and assistants and the employer's share of FICA and state retirement in the appropriating county. WHEREAS, these programs share similar problems in establishing sophisticated insurance-type programs without the necessary expertise; and

WHEREAS, adequate data collection and analysis capabilities necessary to effectively manage an insurance-type program are absent; and

WHEREAS, the various programs have not developed successful designs for insurance-type programs; and

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:

Section 1. - (c) How does the establishment of the program as an entitlement for recipients change its dynamics?
- (d) What are the key implementation issues associated with each payment arrangement? What is a reasonable time for implementation and what are the minimum staff resources recommended?
- (e) What specific oversight mechanisms are needed in each payment arrangement to safeguard program quality and fiscal accountability? What data collection and analysis protocols are recommended?
- (f) What procedures have been adopted by existing state insurance-type programs that improved their operations and what procedures have proven inadequate? What should we learn from our successes and failures? and
- (g) Should a permanent risk management consulting team be formed in the Executive Branch to advise program managers on technical issues? If so, what should be the makeup of the team and its ongoing responsibilities?

Section 4. Staff services to be utilized in completing this study group are estimated to cost \$30,000. These staff services shall be provided from the regular Commission budget and are subject to the limitations and other research responsibilities of the

- (6) In addition to the public notice requirements prescribed in subsection (3) of this section, when the planning commission, fiscal court, or legislative body of any planning unit originates a proposal to amend the zoning map of that unit, notice of the public hearing before the planning commission, fiscal court, or legislative body shall be given at least thirty (30) days in advance of the hearing by first class mail to an owner of every parcel of property the classification of which is proposed to be changed. Records by the property valuation administrator may be relied upon to determine the identity and address of said owner.
- (7) The fiscal court or legislative body shall take final action upon a proposed zoning map amendment within ninety (90) days of the date upon which the planning commission takes its final action upon such proposal.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 198B IS CREATED TO READ AS FOLLOWS:

As used in Sections 1 to 7 of this Act, unless the context requires otherwise:

- (1) "Commissioner" means the commissioner of the Department of Housing, Buildings and Construction.*
- (2) "Department" means the Department of Housing, Buildings and Construction in the Public Protection and Regulation Cabinet.*
- (3) "Board" means the Kentucky Board of Housing, Buildings and Construction within the Kentucky Department of Housing, Buildings and Construction.*
- (4) "Certificate" means a certificate to engage in business in the Commonwealth as a contractor.*
- (5) "Cease and desist order" means an order issued by the commissioner requiring a contractor to stop work until the contractor complies with the certification requirements set forth under Section 2 of this Act.*
- (6) "Contractor" means a person who in any capacity for compensation, other than as an employee of another, undertakes, offers to undertake, purports to have the capacity to undertake, or submits a bid to construct, alter, repair, add to, subtract from, improve, move, wreck, or demolish any building, highway, road, railroad, structure, excavation, or any other work associated with a project, development, or improvement, or to do any part of a project, development,*

or improvement including the erection of scaffolding or other structures.

- (7) "Independent contractor" means a person who, in exercising self-employment, contracts to do certain work according to his or her own methods, and is subject to the control of the employing party only in regard to the final product or result of the work.

SECTION 2. A NEW SECTION OF KRS CHAPTER 198B IS CREATED TO READ AS FOLLOWS:

- (1) The commissioner shall develop and administer a program to certify contractors engaged in the construction industry and promulgate administrative regulations in accordance with KRS Chapter 13A to implement the program. The commissioner may employ assistants and procure records, supplies, and equipment necessary to carry out the provisions of Sections 1 to 7 of this Act. A reasonable fee, not to exceed one hundred dollars (\$100), approved by the board, may be collected from applicants for certification to recover the costs of this service and shall be placed in a nonlapsing trust and agency account established exclusively for this purpose. The commissioner shall consider the costs of administration by any existing builder or contractor certification or registration program in subsection (3) of Section 3 of this Act and reduce the fee in an amount reasonably equal to the reduction in the administrative costs of the commissioner that is being borne by the existing program. The commissioner shall not collect an additional fee for any contractor currently licensed under KRS 198B.560, 198B.656, 227.4901, or 318.030. The commissioner may prorate the fee collected under KRS 198B.555, 198B.676, 227.4901, and 318.050 to cover the costs of administration and enforcement of Sections 1 to 7 of this Act.
- (2) Certification under Sections 1 to 7 of this Act is required of any person who performs construction work as a contractor as defined in Section 1 of this Act. For the purpose of this section, "person" means the individual or entity legally bound under contract to perform the work. If the contracting party employs subcontractors to perform all or part of the work, the subcontractors also shall be considered, for purposes of this section, as persons legally bound to do the work in question and required to be certified under Sections 1 to 7 of this Act. The certification program shall be designed to accommodate either individual or business applicants.
- (3) Sections 1 to 7 of this Act do not apply to:
- (a) Employees of the Commonwealth and its political subdivisions or employees of the federal government, when engaged in construction work as a part of their professional duties;
 - (b) Any person doing new construction or remodeling himself or herself on his or her legal residence, or construction or improvements on his or her other real property if the construction or improvements are actually made by the owner without the intention of sale or lease within one (1) year after completion; or
 - (c) Any retailer, as defined in KRS 139.110, or the retailer's employee installing or applying consumer products purchased at retail from the retailer by the final user.
- (4) Failure to comply with or implement any final ruling or order, after all appeals have been exhausted, issued under KRS Chapters 337 and 338 shall result in denial of certification unless and until the final ruling or order is implemented or complied with.

SECTION 3. A NEW SECTION OF KRS CHAPTER 198B IS CREATED TO READ AS FOLLOWS:

- (1) The administrative regulations promulgated by the commissioner under Section 2 of this Act shall include, but not be limited to:
- (a) A description of the application process that includes a listing of proofs sufficient to verify current compliance with KRS Chapters 341 and 342 and all applicable state laws pertaining to tax obligations either individual or corporate; a current certificate of general liability insurance issued by an insurance carrier licensed and approved by the Kentucky Department of Insurance that covers property damage and personal injury caused by the contractor during the fulfillment of a contract of at least two hundred and fifty thousand dollars (\$250,000); and the process by which an applicant may satisfactorily resolve any outstanding violation of the provisions of KRS Chapters 337 and 338, either reported by the applicant or known to the examining official;
 - (b) A description of the application process for those self-employed persons who hold themselves out as "independent contractors" as defined in Section 1 of this Act, noting any appropriate exemptions to the requirements in paragraph (a) of this subsection, as well as any proofs unique to this class;
 - (c) A description of the conditions under which the certification of a contractor may be denied, suspended, or revoked and the steps necessary for reinstatement;
 - (d) A schedule of fees for initial application, renewal, and reinstatement of certification; and
 - (e) The manner in which complaints against contractors will be handled by the commissioner.
- (2) Any proofs meeting the requirements of subsection (1) of this section that have been provided to the department as required in KRS 198B.595(1), 198B.668(1), and 227.480(2) shall be sufficient in complying with this section.
- (3) The commissioner shall recognize any existing builder or contractor certification or registration programs in place as of July 15, 1999, as equivalent in meeting the requirements of Sections 1 to 7 of this Act and shall allow the administration of these programs by the sponsoring groups, who shall, on an annual basis, provide the department

with a listing of all persons currently certified or registered, their addresses, and proofs sufficient to verify compliance with the requirements of this section.

SECTION 4. A NEW SECTION OF KRS CHAPTER 198B IS CREATED TO READ AS FOLLOWS:

- (1) To ensure compliance, and upon petition by the commissioner, the Governor and the secretary of the Governor's Executive Cabinet shall direct any other state agency or instrumentality of state government to cooperate fully in the development of an effective certification program, which shall include, but not be limited to, interagency meetings for the purpose of coordinating enforcement activities and avoiding duplication. The commissioner is directed to include in these collaborative efforts the following state agencies: the Labor Cabinet; the Revenue Cabinet; the Transportation Cabinet; the Division of Unemployment Insurance within the Department for Employment Services, the Cabinet for Workforce Development; the Department for Facilities Management, Finance and Administration Cabinet; and the Consumer Protection Division in the Office of the Attorney General.
- (2) The commissioner shall plan and implement a computerized database for enforcement purposes, designed primarily to identify repeat and chronic offenders.
- (3) The Kentucky Revenue Cabinet and the commissioner shall enter into exchange of information agreements to identify the need to deny any initial application for certification or the need to revoke, suspend, or deny renewal or reinstatement of any contractor's certification due to unresolved state tax delinquencies.
- (4) To achieve uniformity in administration and enforcement of KRS Chapters 337, 338, 341, and 342 and Sections 1 to 7 of this Act, when the nature of an "independent contractor" is at issue in administrative and enforcement proceedings, the definition set forth in Section 1 of this Act shall be utilized.
- (5) The Department of Highways within the Transportation Cabinet and the commissioner shall enter into an agreement to authorize the Department of Highways to obtain the proofs sufficient to verify compliance with subsection (1) of Section 3 of this Act from contractors desiring to become prequalified on an annual basis and submit this information and the required certification fees to the commissioner.

SECTION 5. A NEW SECTION OF KRS CHAPTER 198B IS CREATED TO READ AS FOLLOWS:

- (1) Funds for the initial administration of Sections 1 to 7 of this Act during fiscal year 2000-2001, to the extent fee income is insufficient to meet actual cost as determined by the chief budget officer for the department, shall be borrowed from surplus trust and agency accounts of the department and repaid without interest over no more than the succeeding two (2) fiscal years.
- (2) (a) All contractors certified by the department under KRS 224.60-135 or 227.4901, and all contractors required to be licensed under KRS 198B.560, 198B.656, 236.210, or 318.030 shall comply with Sections 1 to 7 of this Act effective January 1, 2001.
(b) All contractors not certified as set forth in subsection (2)(a) of this section shall comply with Sections 1 to 7 of this Act effective January 1, 2002.
(c) Certifications, or certifications for renewal, issued under Sections 1 to 7 of this Act shall be valid for one (1) year from the date of issuance.

SECTION 6. A NEW SECTION OF KRS CHAPTER 198B IS CREATED TO READ AS FOLLOWS:

- (1) Any person who uses false evidence or misrepresentation in an application for certification under Sections 1 to 7 of this Act, or who refuses to be certified when required by law to do so, shall be assessed an administrative fine in the sum of five hundred dollars (\$500) by the commissioner. The falsified application shall be considered void in its entirety and the applicant shall be required to furnish new proofs and may reapply after a waiting period of thirty (30) days from the date the fine is paid.
- (2) If the commissioner finds that a person continues to work after the issuance of a cease and desist order, the commissioner may seek a permanent injunction to halt any work in progress and any other construction activity until the contractor has complied with Sections 1 to 7 of this Act.
- (3) An administrative fine of fifteen hundred dollars (\$1,500) may be assessed against any person by the commissioner and shall be paid prior to the issuance of the certificate following a refusal of a cease and desist order. Each day that construction continues after the issuance of a cease and desist order shall constitute a separate administrative fine.
- (4) Any administrative fines collected under Sections 1 to 7 of this Act shall be deposited in the department's trust and agency account for administration of the contractor certification program.
- (5) Any person subject to Sections 1 to 7 of this Act who refuses to properly complete his or her certification, who fails to renew his or her certification in a timely manner for five (5) successive years while still engaged in the construction industry, or who has been cited and fined under subsection (1) of this section on at least ten (10) separate occasions, shall be deemed a persistent offender and, following an administrative hearing and any appeals, be prohibited from engaging in construction work for his or her livelihood for a period of five (5) consecutive years from the date of the final action.
- (6) In addition to the civil penalties provided under subsections (1) to (5) of this section, failure to comply with any final

order issued under Sections 1 to 7 of this Act or the violation of any provisions set forth under Sections 1 to 7 of this Act or any administrative regulation issued under Sections 1 to 7 of this Act shall constitute a Class A Misdemeanor.

- (7) Upon the appeal of a person whose certification has been denied, suspended, revoked or who has been assessed a fine under Sections 1 to 7 of this Act, the commissioner shall conduct an administrative hearing in accordance with KRS Chapter 13B.
- (8) The commissioner or the commissioner's agents shall issue cease and desist orders to any person or company found to be engaged in construction work as a contractor without being in possession of a valid and current certificate issued by the commissioner.

SECTION 7. A NEW SECTION OF KRS CHAPTER 198B IS CREATED TO READ AS FOLLOWS:

Sections 1 to 7 of this Act may be cited as the Contractor Certification Act.

Section 8. KRS 198B.060 is amended to read as follows:

- (1) Each local government shall employ a building official or inspector and other code enforcement personnel as necessary, or shall contract for inspection and code enforcement services in accordance with subsections (8) and (11) of this section to enforce the Uniform State Building Code within the boundaries of its jurisdiction, except that permits, inspections, and certificates of occupancy shall not be mandatory for single-family residences unless a local government passes an ordinance requiring inspections of single-family residences.
- (2) Local governments shall be responsible for the examination and approval or disapproval of plans and specifications for churches having a capacity of four hundred (400) or less persons, and six thousand (6,000) or less square feet of total floor area, and buildings of no more than three (3) stories in height, exclusive of attic and basement, which do not contain more than twenty thousand (20,000) square feet of floor area, and are not intended for educational, institutional, or high hazard occupancy; or assembly, business, or industrial occupancy in excess of one hundred (100) persons, except churches as stated in this subsection, or for use as a frozen food locker plant as defined in KRS 221.010. Local governments shall be responsible for the issuance and revocation of building permits, licenses, certificates, and similar documents which cover activities within their area of responsibility, and the inspection of all buildings pursuant to the provisions of this chapter and the Uniform State Building Code. Each local government issuing a building or demolition permit or an initial certificate of occupancy on a new structure shall send a copy of the permit or certificate to the commissioner for his use in maintaining an accurate housing inventory for Kentucky.
- (3) Urban-county governments may determine service districts within their boundaries within which farm dwellings and other farm buildings, not used in the business of retail trade or as a place of regular employment for ten (10) or more people, shall be exempt from the requirements of the Uniform State Building Code. The determination may be reviewed and altered by the board.
- (4) With the exception of single-family dwellings, the department shall be responsible for the examination and approval or disapproval of plans and specifications for all buildings which are not the responsibility of local governments. The department may issue and revoke permits, licenses, certificates, and similar documents within its area of responsibility, and shall have concurrent jurisdiction with local governments for the inspection of all buildings pursuant to the provisions of this chapter and the Uniform State Building Code. If the commissioner determines that the local jurisdiction is not adequately performing any portion of its program, he may recommend to the board that the department preempt that portion of a local program, except that the commissioner shall not preempt or assert jurisdiction for the enforcement of the code on single-family dwellings. The commissioner shall explain his reasons for preemption in writing and provide a copy to the board and the local jurisdiction. The local jurisdiction may appeal the recommended preemption directly to the board, and the board shall review the appeal according to the procedures found in subsections (8) to (10) of KRS 198B.070. No preemption by the department shall take place until the final decision of the board. If the department preempts any portion of a local program, it shall collect the fees applicable to that portion of the program.
- (5) Any local government may petition the commissioner requesting that additional plan review functions be allocated to that local government. The petition shall include evidence of the local government's capability to perform additional plan review functions. The commissioner, after review of the petition and supporting evidence, may grant or deny to the local government any part of a request for additional responsibility. If the commissioner denies any part of a petition, he shall explain his reasons for denial in writing, and provide a copy to the board and the local government. A local government may appeal the denial directly to the board, and the board shall review the appeal according to the procedures found in subsections (8) to (10) of KRS 198B.070. If the local government is granted additional responsibility by the commissioner or the board, the department shall hold concurrent jurisdiction over the additional responsibility, but the local government shall collect any fees for functions it performs pursuant to the additional responsibility.
- (6) Any local government may also petition the commissioner requesting that plans and specifications inspection, building inspection, and approval responsibility relating to the application of local plumbing permits for local installations be allocated to the local government. The petition shall not be granted unless the local government has demonstrated to the commissioner that it can perform these functions in accordance with the provisions of KRS 198B.050 to 198B.090.
- (7) The commissioner shall expedite the review of plans and specifications by assigning responsibilities and coordinating

review activities among the department's various functional offices so as to prevent unnecessary duplication in the review of plans and specifications.

- (8) No building shall be constructed in this state until a local building official and an official representing the department, if the department has jurisdiction, issue a permit for the construction. Nothing in this subsection shall require a single-family dwelling to be permitted or inspected unless a local government has established a building inspection program as set out in this section.
- (9) The local building official or the representative of the department shall issue a permit if the proposed building satisfies the requirements of the Uniform State Building Code and if the party desiring to construct the building has complied with all other legal requirements concerning the location and construction of the building. The applicant for a building permit, by the act of applying for the permit, shall be deemed to have consented to inspection by the local government or the department, of the building during construction and upon the completion of construction for the purpose of determining that the building is constructed in compliance with the Uniform State Building Code.
- (10) ~~(a) Any person making application to the building inspector or other authority of any local government unit or other political subdivision in this state authorized to issue permits for the construction, reconstruction, revocation, demolition, or repair of any building, highway, sewer, structure, or any other construction work shall furnish proof to the building inspector or other authority that all contractors, independent contractors, and subcontractors that will be performing the work are certified in accordance with Sections 1 to 7 of this Act. If the person performing the proposed work is exempt from certification under Sections 1 to 7 of this Act, the person shall file a written affidavit on the form prescribed by the commissioner stating the exemption being utilized. The building inspector or other authority shall not issue a building or construction permit to any person not possessing a valid contractor certificate required by Sections 1 to 7 of this Act.~~ ~~No permit for building, construction, reconstruction, renovation, demolition, or maintenance or for any activity related to building, construction, reconstruction, renovation, demolition, or maintenance shall be issued by any building department or by any political subdivision of the Commonwealth of Kentucky to any person seeking the permit unless the person shall assure, by affidavit, that all contractors and subcontractors employed, or that will be employed, on activity covered by the permit shall be in compliance with Kentucky requirements for workers' compensation insurance according to KRS Chapter 342 and unemployment insurance according to KRS Chapter 341.~~
 - ~~(b) Any person who fails to comply with the assurances required under paragraph (a) of this subsection upon such finding by a court of competent jurisdiction, shall be fined an amount not to exceed four thousand dollars (\$4,000) or an amount equal to the sum of all uninsured and unsatisfied claims brought under the provisions of KRS Chapter 342 and unemployment insurance claims for which no wages were reported as required by KRS Chapter 341, whichever is greater.~~
 - ~~(c) The penalty imposed in paragraph (b) of this subsection shall be enforced by the county attorney for the county in which the violation occurred.~~
- (11) A certified electrical inspector shall be employed by, or contracted for, or contracted with a local government having responsibility over buildings as set out in this section as part of its building inspection program. After a certified electrical inspector has been provided for by the local government or the department, no utility shall initiate permanent electrical service to any new building, or any building which has been moved, until a final certificate of approval has been issued by a certified electrical inspector. Unless the department shall notify the utility in writing as to which buildings are subject to departmental approval, it shall be presumed by the utility that the building is subject to the jurisdiction of the local government. However, nothing in this section shall prohibit the supply or use of necessary electrical services during the construction and testing process.
- (12) This section shall apply to industrialized building systems, but destructive disassembly of industrialized building systems which carry a seal of approval pursuant to a manufactured building law in the state in which they were manufactured, which seal of approval is accepted by the Board of Housing, Buildings and Construction, shall not be performed in order to conduct the tests or inspections.
- (13) No building on which construction was begun nor any industrialized building system on which site preparation and assembly were begun after the Uniform State Building Code became effective shall be occupied until the local building official or a representative of the department issues a certificate of occupancy certifying that the building was constructed in conformance with the standards of the Uniform State Building Code, or assembled or installed in conformance with applicable instructions. Nothing in this subsection shall be construed to require a certificate of occupancy to be issued for any single-family dwelling unless a local government has established jurisdiction for the enforcement of the Uniform State Building Code under this section.
- (14) A local government may associate with other local governments, and may seek the technical assistance of other agencies or area development districts in order to provide for the local enforcement of the Uniform State Building Code.
- (15) Local governments or associations of local governments may contract with a person, firm, or company to perform the plans and specifications inspection or building inspection functions required of the local government by the provisions of this section if:
 - (a) The person performing the plans and specifications inspection is certified by the department as having successfully

- completed the test requirements provided by KRS 198B.090 to practice as a certified plans and specifications inspector;
- (b) The person performing the building inspection is certified by the department as having successfully completed the test requirements provided in KRS 198B.090 to practice as a certified building inspector;
 - (c) The person, firm, or company does not have a conflict of interest between its plan review or inspection functions and any other employment or business activities;
 - (d) The person performing the plumbing inspection is certified by the department as having successfully completed the requirements provided in KRS 318.140 to practice as a certified plumbing inspector; and
 - (e) The person, firm, or company does not have a conflict of interest between its plan review or inspection functions and any other employment or business activities.
- (16) If the department has reason to believe that an inspector is not enforcing, or is improperly enforcing, the provisions of the Kentucky building codes, it shall conduct an informal hearing to review the inspector's procedures and return in written form the required corrections resulting from the hearing to the inspector, or may take action to suspend or revoke the inspector's certificate.
- (17) If, after written notification from the department to the inspector of any corrections required, the inspector fails to comply within sixty (60) days, the department shall suspend the inspector's certification until the inspector complies. Any action to suspend or revoke an inspector's certificate may be appealed to the board, and upon appeal an administrative hearing shall be conducted in accordance with KRS Chapter 13B.
- (18) Each local government and the department may establish a schedule of fees for the functions performed under the provisions of this chapter. The fees shall be designed to fully cover the cost of the service performed but shall not exceed the cost of the service performed. Fees payable to the department shall be paid into the State Treasury and credited to a trust and agency fund to be used by the department in carrying out the provisions of this chapter. No part of this fund shall revert to the general fund of the Commonwealth.

The policy shall also address and comply with the following:

HB 462, AN ACT relating to education finance.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 164A.300 is amended to read as follows:

- (1) The General Assembly of the Commonwealth of Kentucky hereby declares as a legislative finding of fact that the general welfare and well-being of the Commonwealth are directly related to the educational levels and skills of the citizens of the Commonwealth. Therefore, a vital and valid public purpose of the Commonwealth is served by the creation and implementation of programs which encourage and make possible the attainment of higher education by the greatest number of citizens of the Commonwealth.
- (2) The General Assembly finds, declares, and recognizes that the Commonwealth has limited resources to provide additional programs for higher education funding and that the continued operation and maintenance of the institutions of higher education in Kentucky and the general welfare of the citizens and the Commonwealth will be enhanced by creation of a

Section 1. KRS 164A.300 is amended to read as follows:

- (1) The General Assembly of the Commonwealth of Kentucky hereby declares as a legislative finding of fact that the general welfare and well-being of the Commonwealth are directly related to the educational levels and skills of the citizens of the Commonwealth. Therefore, a vital and valid public purpose of the Commonwealth is served by the creation and implementation of programs which encourage and make possible the attainment of higher education by the greatest number of citizens of the Commonwealth.
- (2) The General Assembly finds, declares, and recognizes that the Commonwealth has limited resources to provide additional programs for higher education funding and that the continued operation and maintenance of the institutions of higher education in Kentucky and the general welfare of the citizens and the Commonwealth will be enhanced by creation of a program pursuant to which citizens and others may invest money in a public trust for future application to the payment of higher education costs in the Commonwealth and elsewhere and that the creation of a means of encouragement of citizens in the investment of funds for such future higher education application represents the carrying out of a valid and vital public purpose of the Commonwealth. In order to make available to the citizens of the Commonwealth an opportunity to fund future higher education needs for beneficiaries~~[- with certain public assistance]~~, it is necessary that a public trust be established in which the citizens of the Commonwealth and others may invest moneys for future educational use.~~[- It is further necessary to establish and create an endowment trust, which may be funded with public funds, among other sources, the income from which will be made available to participants in the savings plan trust to enhance their savings invested for future higher education costs.]~~

~~164A.300~~~~[164A.310]~~ to 164A.380 constitutes the carrying out of a valid and vital public purpose for which public funds of the Commonwealth may be expended.

- (4) It is in the best interest of the people of the Commonwealth to establish and provide for the operation of the Kentucky Educational Savings Plan Trust in a manner conforming to federal law that allows participants and beneficiaries federal income taxation benefits on contributions and earnings on contributions expended by the trust for the higher education costs of a beneficiary.

- (1) (a) Except as provided for in paragraph (b) of this subsection, a salvage title shall be obtained by the owner of a motor vehicle that meets the following definition of a salvage vehicle:
 - 1.[(a)] A vehicle which has been wrecked, destroyed, or damaged, to the extent that the total estimated or actual cost of parts and labor to rebuild or reconstruct the vehicle to its preaccident condition and for legal operation on the roads or highways exceeds seventy-five percent (75%) of the retail value of the vehicle, as set forth in a current edition of the National Automobile Dealer's Association price guide.
 - 2.[(b)] The value of repair parts for purposes of this definition shall be determined by using the current published retail cost of the parts equal in kind and quality to the parts to be replaced or the actual retail cost of the repair parts used in repair.

The brand shall be carried forward and printed in the appropriate section on the face of all titles issued thereafter for that motor vehicle.

- (b) In claim settlements that do not involve transfer of the vehicle to the insurance company, an insurer shall not render payment on a damage claim for a vehicle whose damage meets or exceeds seventy-five percent (75%) of the value of the vehicle, until the insurer has received proof that the owner has surrendered the title or has applied for a salvage certificate of title as set forth in KRS 186A.520. - (8) Failure of a dealer to procure the buyer's acknowledgment signature on the buyer's notification form or failure of any person other than a dealer to procure the buyer's acknowledgment signature on the vehicle transaction record form shall render the sale voidable at the election of the buyer. The election to render the sale voidable shall be limited to forty-five (45) days after issuance of the title. This provision shall not bar any other remedies otherwise available to the purchaser.
- (9) The notification provisions of this section shall not apply to motor vehicles more than ten (10) model years old.

compliance with KRS 424.260.

- (7) Notwithstanding anything to the contrary in this section, the provisions of this section shall apply to every person, firm, corporation, and association that has been awarded contracts, leases, or other agreements as provided by KRS 424.260 that, in the aggregate, exceed ten thousand dollars (\$10,000) in any calendar year.
- (8) Employment opportunities generated directly or indirectly by the government of the consolidated local government shall be equally available to all citizens without regard to race, color, religion, national origin, marital status, physical handicap, sex, or age. In order to ensure that employment opportunities generated directly or indirectly by the consolidated local government are equally available, contractors and vendors shall be approved as provided by this section prior to the awarding of any contract, lease, or other agreement that requires an expenditure in excess of ten thousand dollars (\$10,000) with the consolidated local government.
- (9) No person, firm, corporation, or association shall be awarded a contract, lease, or other agreement that requires an expenditure in excess of ten thousand dollars (\$10,000) until and unless that person, firm, corporation, or association has been prequalified as determined by procedures and requirements enacted by ordinance by the consolidated local government.
- (10) No officer, employee, or agent of the consolidated local government shall accept a contract, lease, or other agreement that requires an expenditure in excess of ten thousand dollars (\$10,000) with the consolidated local government until and unless that person, firm, corporation, or association has been prequalified as determined by procedures and requirements enacted by ordinance by the consolidated local government.

- (14) The consolidated local government shall prequalify persons, firms, corporations, and associations seeking a contract, lease, or other agreement that requires an expenditure exceeding ten thousand dollars (\$10,000) with the consolidated local government if on an analysis of the workforce of that entity the consolidated local government determines that:

 - (b) The entity has an acceptable, bona fide affirmative action plan;
 - (c) The entity is a small business that employs ten (10) or fewer individuals;
 - (d) The entity has a federally approved affirmative action program; or
 - (e) The consolidated local government has made a finding based on other reasonable criteria, and after consideration of the provisions of 41 C.F.R. 60-2, determines the entity does not require an affirmative action plan.
- (15) An acceptable affirmative action plan for an entity seeking a contract, lease, or other agreement with a consolidated local government shall include:

 - (a) An analysis of the areas of the entity's workforce within which it is deficient in the utilization of minority groups and women; and
 - (b) Timetables to which the entity's good faith efforts shall be directed to correct the deficiencies and to achieve prompt and full utilization of minorities and women at all levels and in all segments of its workforce where deficiencies exist.
- (16) A bona fide affirmative action plan for an entity seeking a contract, lease, or other agreement with a consolidated local government shall include a set of specific and result-oriented procedures, goals, and timetables to which an entity commits itself to apply every good faith effort in order to achieve equal employment opportunity. Procedures without effort to make them work are meaningless and effort undirected by specific and meaningful procedures is inadequate.
- (17) In reviewing an affirmative action plan for an entity seeking a contract, lease, or other agreement with a consolidated local government, the consolidated local government shall be guided by the relevant provisions of 41 C.F.R. 60-2 which outlines the requirements of affirmative action plans for federal contractors and vendors.
- (18) The consolidated local government shall use its best efforts, directly and through contracting agencies, other interested federal, state, and local agencies, contractors, and all other available instrumentalities to cause any labor union

engaged in work pursuant to contracts, leases, and agreements that are the subject matter of this section or any agency referring workers or providing or supervising apprenticeship or training for or in the course of this work to cooperate in the implementation of the purposes of this section.

- (19) The consolidated local government on its own motion or on motion of any interested party shall cause hearings as it deems necessary for compliance or enforcement of this section.
- (20) The consolidated local government shall hold a hearing prior to imposing or recommending the imposition of penalties and sanctions for violation of this section. No penalty that would prohibit any contractor from obtaining future contracts under this section shall be made without affording the contractor an opportunity for a hearing.
- (21) Notice of any final decision or determination of the consolidated local government that affects the running of time for taking an appeal shall be mailed to all parties in the matter, including the proposed contractor, lessor or other party, and the affected local government offices.
- (22) The consolidated local government shall establish an affirmative action appeals board for purposes of hearing appeals from any final decision relating to matters pertaining to this section. The board shall be composed of the county attorney, or his or her designee, the council president of the consolidated local government, or his or her designee, and a representative of the financial department of the consolidated local government, or his or her designee.
- (23) Any appeal from a decision of the consolidated local government shall be hand-delivered or mailed by certified mail to the affirmative action appeals board not later than thirty (30) days from the date of the local government's decision. The appeal shall set forth the grounds for the appeal. The appeals board shall notify all parties in writing of the time and place of a hearing. The hearing committee may issue subpoenas for any witnesses requested by either of the parties or in the appeals board's opinion necessary to the proper disposition of the matter to be heard. All parties shall be allowed legal representation, witnesses may be cross-examined, and the proceeding shall be recorded. The local government shall transmit, within ten (10) days after receipt of notice of appeal, all the original papers in action to the appeals board.
- (24) The appeals board shall have the power to require the contractor to furnish all necessary records and give testimony as to enable the board to render a fair and competent decision. The duty of the board shall be to review all records, hear all testimonies of witnesses, and determine whether the decision of the local government was correct. The decision of the appeals board shall be final. The decision of the appeals board shall be transmitted in writing to the appropriate offices of the local government for implementation and shall set forth specifically its findings of fact and conclusions relative to its determination. The administration of sanctions and penalties in accordance with that determination shall be the duty of the appropriate department or contracting agency of the consolidated local government.
- (25) (a) On request of the adversely affected party the appeals board may, on terms as are just, relieve a party from its final order of determination on the following grounds:
 1. Mistake, inadvertence, surprise, or excusable neglect;
 2. Newly discovered evidence that by due diligence could not have been discovered in time for the hearing;
 3. Perjury or falsified evidence; or
 4. Fraud affecting the proceedings other than perjury or falsified evidence.

(b) The request shall be made within thirty (30) days after notification of the appeals board's final determination. A request under this subsection does not affect the finality of the order or determination or suspend its operation.
- (26) In accordance with the enforcement provisions of this section, the consolidated local government may cancel, terminate, suspend, or cause to be canceled, terminated, or suspended, any contract, lease, or agreement that is the subject matter of this section for failure of the contractor or vendor to comply. Contracts, leases, and agreements may be canceled, terminated, or suspended absolutely or continuance of contracts, leases, and agreements may be conditioned on a program for future compliance as approved by the consolidated local government.
- (27) Any contracting agency shall refrain from entering into further contracts or extensions or other modifications of existing contracts, with any noncomplying contractor, until the contractor has established and will carry out personnel and employment policies in compliance with the provisions of this section.
- (28) Whenever the consolidated local government makes a determination regarding noncompliance by a contractor pursuant to this section, it shall promptly notify the appropriate contracting agency and other affected local government agencies and offices of the action recommended. The contracting agency shall take the action recommended and shall report the results of that action to the consolidated local government.
- (29) If the appeals board shall so direct, contracting agencies shall not enter into contracts with any bidder or prospective contractor unless the bidder or prospective contractor has satisfactorily complied with the provisions of this order or submits a program for compliance acceptable to the consolidated local government.

The local government shall transmit, within ten (10) days after receipt of notice of appeal, all the original papers in action to the appeals board.
- (24) The appeals board shall have the power to require the contractor to furnish all necessary records and give testimony as to enable the board to render a fair and competent decision. - (26) In accordance with the enforcement provisions of this section, the consolidated local government may cancel, terminate, suspend, or cause to be canceled, terminated, or suspended, any contract, lease, or agreement that is the subject matter of this section for failure of the contractor or vendor to comply. Contracts, leases, and agreements may be canceled, terminated, or suspended absolutely or continuance of contracts, leases, and agreements may be conditioned on a program for future compliance as approved by the consolidated local government.
- (27) Any contracting agency shall refrain from entering into further contracts or extensions or other modifications of existing contracts, with any noncomplying contractor, until the contractor has established and will carry out personnel

and employment policies in compliance with the provisions of this section.

- (28) Whenever the consolidated local government makes a determination regarding noncompliance by a contractor pursuant to this section, it shall promptly notify the appropriate contracting agency and other affected local government agencies and offices of the action recommended. The contracting agency shall take the action recommended and shall report the results of that action to the consolidated local government.
- (29) If the appeals board shall so direct, contracting agencies shall not enter into contracts with any bidder or prospective contractor unless the bidder or prospective contractor has satisfactorily complied with the provisions of this order or submits a program for compliance acceptable to the consolidated local government.

The House of Representatives of the Commonwealth of Kentucky hereby adjourns this legislative day in loving memory of James W. Roach and offers its sincerest condolences to the Roach family and to all those who share in the loss of this distinguished Kentucky citizen. Born on June 17, 1913 in Franklin County, Kentucky, Mr. Roach was the beloved husband of Catherine T. Roach; cherished father of Mary Lou Clem, Bobby Roach, Lois Pulliam, Coleman L. Roach and Jane Sims and the adoring grandfather of ten grandchildren and twenty great-grandchildren. A longtime resident and tobacco farmer in Franklin County, he was a retired state government employee, carpenter, brick mason and truck driver who was well known and admired for his infallible work ethic, his wonderful sense of humor and his unwavering sense of honesty, which would have been rivaled only by that of our first President, George Washington. A devoted family man who possessed a deep and abiding faith in God, Mr. Roach lived his life with the utmost integrity and left both his descendants and all those who were touched by his kind and generous spirit with a legacy of living each day to its fullest and finding joy and contentment in living according to the Golden Rule while being thankful for what God has provided. The esteemed members of this honorable body do solemnly join with Representative Gippy Graham in honoring the memory of James W. All data profiling or other data analysis pertaining to participating providers shall be done in a manner which is valid and reasonable. Plans shall not use criteria that would allow an insurer to avoid high-risk populations by excluding providers because they are located in geographic areas that contain populations or providers presenting a risk of higher-than-average claims, losses, or health services utilization or that would exclude providers because they treat or specialize in treating populations presenting a risk of higher-than-average claims, losses, or health services utilization.
- (2) Each insurer shall establish mechanisms for soliciting and acting upon applications for provider participation in the plan in a fair and systematic manner. These mechanisms shall, at a minimum, include:
 - (a) Allowing all providers who desire to apply for participation in the plan an opportunity to apply at any time during the year or, where an insurer does not conduct open continuous provider enrollment, conducting a provider enrollment period at least annually with the date publicized to providers located in the geographic service area of the plan at least thirty (30) days in advance of the enrollment periods; and
 - (b) Making criteria for provider participation in the plan available to all applicants.

- (3) If a managed care plan terminates the participation of an enrollee's primary care provider, the plan shall provide notice to the enrollee and arrange for the enrollee's continuity of care with an approved primary care provider. The notice shall be received sixty (60) days prior to the impending change and shall include a statement identifying special procedures for enrollees to request continuation of care with their provider under Section 8 of this Act.
- (4) An insurer that offers a managed care plan shall establish a policy governing the removal of and withdrawal by health care providers from the provider network that includes the following:
 - (a) The insurer shall inform a participating health care provider of the insurer's removal and withdrawal policy at the time the insurer contracts with the health care provider to participate in the provider network, and when changed thereafter;
 - (b) If a participating health care provider's participation will be terminated or withdrawn prior to the date of the termination of the contract as a result of a professional review action, the insurer and participating health care provider shall comply with the standards in 42 U.S.C. sec. 11112; and
 - (c) If the insurer finds that a health care provider represents an imminent danger to an individual patient or to the public health, safety, or welfare, the medical director shall promptly notify the appropriate professional state licensing board.

SECTION 8. A NEW SECTION OF KRS 304.17A-500 TO 304.17A-570 IS CREATED TO READ AS FOLLOWS:

- (1) As used in this section, "special circumstance" means a condition that the treating provider reasonably believes could cause harm to the enrollee if care were discontinued. "Special circumstance" includes a circumstance in which an enrollee has a disability, acute condition, a life-threatening illness, or is past the twenty-fourth week of pregnancy.
- (2) Any special circumstance shall be identified by the treating provider, who may request, with the concurrence of the enrollee, that the enrollee be permitted to continue treatment under the provider's care even when the provider is no longer within the network, unless the provider has been terminated for a reason other than quality. The treating, nonnetwork provider shall also agree not to seek payment from the patient of any amounts for which the enrollee would not be responsible if the provider were still on the managed care plan network. The treating, nonnetwork provider shall agree to care for the enrollee under the same guidelines as required by the plan, and shall report to the plan on the care being provided.
- (3) Procedures for resolving disputes regarding the necessity for continued treatment by a provider shall be established by the plan and provide for appeal through the plan's internal review system.
- (4) This section does not extend the obligation of the plan to reimburse a terminated or nonrenewed provider for ongoing treatment of an enrollee beyond the ninetieth day after the effective date of the termination or nonrenewal, or beyond nine (9) months in the case of an enrollee who at the time of the termination has been diagnosed with a terminal illness. However, the plan shall reimburse a terminated or nonrenewed provider or, if applicable, the enrollee, for services, if at the time of the termination or nonrenewal the enrollee is past the twenty-fourth week of pregnancy. This obligation extends through the delivery of the child, immediate postpartum care, and the follow-up checkup within the first six (6) weeks of delivery.
- (5) The following provisions apply to any insurer that offers a managed care plan, including health maintenance organizations (HMO), point of service (POS), and preferred provider organization (PPO), that to any extent used capitation as a method of compensation:
 - (a) No later than the tenth day following the date an enrollee has selected or has been assigned a primary care provider, the plan shall begin payment of capitated amounts to that provider. If selection or assignment does not occur at the time of enrollment, capitation that would otherwise have been paid to a selected primary care provider, if a selection had been made, shall be reserved as a capitation payable until the time an enrollee makes a selection or the plan assigns a primary care provider.
 - (b) If an enrollee does not select a primary care provider at the time of application or enrollment, a managed care plan may assign an enrollee to a primary care provider. If a managed care plan elects to assign an enrollee to a primary care provider, the assignment shall be made to a primary care provider located within the zip code nearest the enrollee's residence or place of employment, and to the extent practicable given the zip code limitation, shall be done in a manner that results in a fair and equal distribution of enrollees among the plan's primary care providers. The managed care plan shall inform an enrollee of the name, address, and telephone number of the primary care provider to whom the enrollee has been assigned and of the enrollee's right to select a different primary care provider. An enrollee shall have the right at any time to reject the provider assigned and to select another provider from the list of primary care providers for the managed care plan network. An election by an enrollee to reject an assigned provider shall not be counted as a change in providers for purposes of the limitation described in subsection (5) of Section 3 of this Act.
 - (c) A plan shall notify a provider that the provider has been selected or assigned as an enrollee's primary care provider within ten (10) days of the selection or assignment.
- (6) A contract between an insurer that offers a managed care plan, including a health maintenance organization (HMO),

point of service (POS), and preferred provider organizations (PPO), and a provider, shall require the provider to post in the office of the provider a notice to enrollees setting out the process for resolving complaints with the managed care plan. SECTION 11. A NEW SECTION OF SUBTITLE 17A OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

The Independent External Review Program is hereby established in the department. The program shall provide covered persons with a formal, independent review to address disagreements between the covered person and the covered person's insurer regarding an adverse determination made by the insurer, its designee, or a private review agent. This section and Sections 12 and 13 establish requirements and procedures governing external review and independent review entities.

SECTION 12. A NEW SECTION OF SUBTITLE 17A OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

- (1) Every insurer shall have an external review process to be utilized by the insurer or its designee, consistent with this section and which shall be disclosed to covered persons in accordance with subsection (1)(g) of Section 20 of this Act. An insurer, its designee, or agent shall disclose the availability of the external review process to the covered person in the insured's timely notice of an adverse determination or notice of a coverage denial as set forth in subsection (1)(i) of Section 4 and subsections (1) and (2)(e) of Section 9 of this Act. For purposes of this section "coverage denial" means an insurer's determination that a service, treatment, drug, or device is specifically limited or excluded under the covered person's health benefit plan.
- (2) A covered person, an authorized person, or a provider acting on behalf of and with the consent of the covered person, may request an external review of an adverse determination rendered by an insurer, its designee, or agent.
- (3) The insurer shall provide for an external review of an adverse determination if the following criteria are met:
 - (a) The insurer, its designee, or agent has rendered an adverse determination;

- (4) The covered person, an authorized person, or a provider with consent of the covered person shall submit a request for external review to the insurer within sixty (60) days, except as set forth in Section 10 of this Act, of receiving notice that an adverse determination has been timely rendered under the insurer's internal appeal process. As part of the request, the covered person shall provide to the insurer or its designee written consent authorizing the independent review entity to obtain all necessary medical records from both the insurer and any provider utilized for review purposes regarding the decision to deny, limit, reduce or terminate coverage.
- (5) The covered person shall be assessed a one (1) time filing fee of twenty-five dollars (\$25) to be paid to the independent review entity and which may be waived if the independent review entity determines that the fee creates a financial hardship on the covered person. The fee shall be refunded if the independent review entity finds in favor of the covered person.

 - (a) The subject of the covered person's adverse determination has previously gone through the external review process and the independent review entity found in favor of the insurer; and

- (8) (a) If a dispute arises between an insurer and a covered person regarding the covered person's right to an external review, the covered person may file a complaint with the department. Within five (5) days of receipt of the complaint, the department shall render a decision and may direct the insurer to submit the dispute to an independent review entity for an external review if it finds:

- (b) The complaint process established in this section shall be separate and distinct from, and shall in no way limit other grievance or complaint processes available to consumers under other provisions of the KRS or duly promulgated administrative regulations. This complaint process shall not limit, alter, or supplant the mechanisms for appealing coverage denials established in Section 9 of this Act.
- (9) The external review process shall be confidential and shall not be subject to KRS 61.805 to 61.850 and KRS 61.870 to 61.884.
- (10) External reviews shall be conducted in an expedited manner by the independent review entity if the covered person is hospitalized, or if, in the opinion of the treating provider, review under the standard time frame could, in the absence of immediate medical attention, result in any of the following:

 - (b) Serious impairment to bodily functions; or

- (12) (a) Every registered broker-dealer, *firm employing issuer agents*, and investment adviser shall make and keep all accounts, correspondence, memoranda, papers, books, and other records which the commissioner by rule prescribes. All records required shall be preserved for three (3) years unless the commissioner by rule prescribes otherwise for particular types of records. All required records shall be kept within this state or shall, at the request of the commissioner, be made available at any time for examination by him either in the principal office of the registrant or by production of exact copies thereof in this state. If a broker-dealer is registered with the United States Securities and Exchange Commission, the books and records required by this section are limited to those that the Securities Act of 1934 requires the broker-dealer to maintain. If an investment adviser has his principal place of business in another state, the requirements of this section shall be limited to those books and records requirements of that state, provided the adviser is registered in that state and in compliance with its recordkeeping requirements.
- (b) Every registered broker-dealer and investment adviser shall file such reports as the commissioner by rule prescribes. If a broker-dealer is registered with the United States Securities and Exchange Commission, the reports required by this section are limited to those required under the Securities Act of 1934. If an investment adviser has his principal place of business in another state, the requirements of this section shall be limited to the reporting requirements of that state, provided the adviser is registered in that state and in compliance with its reporting requirements.
- (c) If the information contained in any document filed with the commissioner or the commissioner's designee is or becomes inaccurate or incomplete in any material respect, the broker-dealer or investment adviser, as applicable, shall promptly file a correcting amendment. In the case of a covered adviser, the adviser shall file only copies of those documents required to be filed with the Securities and Exchange Commission.
- (d) The commissioner may make periodic examinations, within or without this state, of each broker-dealer, *firm employing issuer agents*, and investment adviser at such times and in such scope as he determines. These examinations may be made without prior notice to the broker-dealer, *firm employing issuer agents*, or investment adviser. The expense reasonably attributable to any such examination shall be paid by the broker-dealer, *firm employing issuer agents*, or investment adviser whose business is examined but the expense so payable shall not exceed an amount which the commissioner by rule prescribes. For the purpose of avoiding unnecessary duplication of examinations, the commissioner, insofar as he deems it practicable in administering this subsection, may cooperate with securities administrators of other states, the securities and exchange commission, and any national securities exchange or national securities association registered under the Securities Exchange Act of 1934.
- (e) The commissioner may by rule prohibit unreasonable charges, profits, commissions, or other compensation of broker-dealers and investment advisers.
- (f) The commissioner may prescribe rules for the conduct of business by broker-dealers and investment advisers which he finds appropriate in the public interest and for the protection of investors.
- (g) The commissioner may enter into an arrangement, agreement, or other working relationship with federal, other state, and self-regulatory authorities whereby documents may be filed and maintained in a central depository system with the National Association of Securities Dealers or other agencies or authorities. It is the intent of this paragraph that the commissioner be provided power to reduce duplication of filings, reduce administrative costs, and establish uniform procedures, forms, and administration with the states and federal authorities. The commissioner may permit initial and renewal registration filings required under this chapter to be filed with the Securities and Exchange Commission, the National Association of Securities Dealers, or other similar authorities. The commissioner may accept uniform securities examinations or other procedures designed to implement a uniform national securities regulatory system or facilitate common practices and procedures among the states.
- (13) (a) The commissioner may by order deny, suspend, or revoke registration of any broker-dealer, agent, investment adviser, or investment adviser representative, or bar or censure any registrant or any officer, director, partner, or person occupying a similar status or performing similar functions for a registrant, from employment with a registered broker-dealer or investment adviser, or restrict or limit a registrant as to any function or activity of the business for which registration is required in the Commonwealth of Kentucky, if he finds that the order is in the public interest and that the applicant or registrant or, in the case of a broker-dealer, or investment adviser, any partner, officer, or director, any person occupying a similar status or performing similar functions, or any person directly or indirectly controlling the broker-dealer or investment adviser:
1. Has filed an application for registration under this section which, as of its effective date, or as of any date after filing in the case of an order denying effectiveness, was incomplete in any material respect or contained any statement which was, in the light of the circumstances under which it was made, false or misleading with respect to any material fact;
 2. Has willfully violated or willfully failed to comply with any provision of this chapter or a predecessor law or any rule or order under this chapter or a predecessor law;
 3. Has been convicted, within the past ten (10) years, of any misdemeanor involving a security or any aspect

- of the securities business, or any felony, or has pending against him any such criminal charge;
4. Is permanently or temporarily enjoined by any court of competent jurisdiction from engaging in or continuing any conduct or practice involving any aspect of the securities business;
 5. Is the subject of an order of the commissioner denying, suspending, or revoking registration as a broker-dealer, agent, investment adviser, or investment adviser representative;
 6. Is the subject of any of the following orders that are currently effective and were issued within the last five (5) years:
 - a. An order by the securities agency or administrator of another state or Canadian province or territory, or by the Securities and Exchange Commission, entered after notice and opportunity for hearing, denying, suspending, limiting or revoking the person's license as a broker-dealer, sales representative, or investment adviser, or the substantial equivalent of those terms;
 - b. An order of a self-regulatory organization finding a violation of federal law or a rule of the self-regulatory organization;
 - c. A United States Postal Service fraud order;
 - d. A cease and desist or other administrative order entered after notice and opportunity for hearing by the commissioner, the securities agency or administrator of another state, or a Canadian province or territory, the Securities and Exchange Commission, or the Commodity Futures Trading Commission; or
 - e. An order by the Commodity Futures Trading Commission denying, suspending, or revoking registration under the Commodity Exchange Act;
 7. Has engaged in dishonest or unethical practices in the securities business;
 8. Is insolvent, either in the sense that his liabilities exceed his assets or in the sense that he cannot meet his obligations as they mature; but the commissioner may not enter an order against a broker-dealer or investment adviser under this paragraph without a finding of insolvency as to the broker-dealer or investment adviser;
 9. Is not qualified on the basis of such factors as training, experience, or knowledge of the securities business, except as provided in paragraph (b) below; or the commissioner may by order, deny, suspend, or revoke any registration if he finds that the order is in the public interest and that the applicant or registrant:
 - a. Has failed reasonably to supervise his agents if he is a broker-dealer or his employees or investment adviser representatives if he is an investment adviser; or
 - b. Has failed to pay the proper filing fee; but the commissioner may enter only a denial order under this clause, and he shall vacate any such order when the deficiency has been corrected.
 10. Has violated the law of a foreign jurisdiction governing or regulating any aspect of the business of securities or banking; or within the past five (5) years, has been the subject of an action of a securities regulator or a foreign jurisdiction denying, revoking, or suspending the right to engage in the business of securities as a broker-dealer, agent, investment adviser, or investment adviser representative or is the subject of an action of any securities exchange or self-regulatory organization operating under the authority of the securities regulator of a state, federal, or foreign jurisdiction suspending or expelling the person from membership in the exchange or self-regulatory organization.

The commissioner may not institute a suspension or revocation proceeding on the basis of a fact or transaction known to him when registration became effective unless the proceeding is instituted within the next thirty (30) days; or

- (b) The following provisions govern the application of subparagraph 9. of paragraph (a) of this subsection:
1. The commissioner may not enter an order against a broker-dealer on the basis of the lack of qualification of any person other than the broker-dealer himself if he is an individual or an agent of the broker-dealer;
 2. The commissioner may not enter an order against an investment adviser on the basis of the lack of qualification of any person other than the investment adviser himself if he is an individual or any other person who represents the investment adviser in doing any of the acts which make him an investment adviser;
 3. The commissioner may not enter an order solely on the basis of lack of experience if the applicant or registrant is qualified by training or knowledge or both;
 4. The commissioner shall consider that an agent who will work under the supervision of a registered broker-dealer need not have the same qualifications as a broker-dealer;
 5. The commissioner shall consider that an investment adviser is not necessarily qualified solely on the basis of experience as a broker-dealer or agent. When he finds that an applicant for initial or renewal registration

2000 Regular Session

as a broker-dealer is not qualified as an investment adviser or an investment adviser representative, he may by order condition the applicant's registration as a broker-dealer upon his not transacting business in this state as an investment adviser or an investment adviser representative;

6. The commissioner may by rule provide for an examination, which may be written or oral or both, to be taken by any class of or all applicants, as well as investment adviser representatives and persons who represent or will represent an investment adviser in doing any of the acts which make him an investment adviser.
- (c) The commissioner may by order summarily postpone an application for registration or suspend a registration pending final determination of any proceeding under this section. A summary suspension of an existing registration shall only be made based upon a finding by the commissioner that such action is in the public interest and that there is substantial evidence of a violation of law that constitutes an immediate danger to the public. KRS 13B.125 shall apply to the entry of a summary suspension of a registration. An appeal of a summary suspension shall address only the necessity of a summary action and shall not constitute an appeal of the merits of the underlying violation of the law. Upon the entry of the order, the commissioner shall promptly notify the applicant or registrant, as well as the employer or prospective employer if the applicant or registrant is an agent, that it has been entered and of the reasons therefor and that within fifteen (15) days after the receipt of a written request the matter will be set down for hearing. If no hearing is requested and none is ordered by the commissioner, the order will remain in effect until it is modified or vacated by the commissioner. If a hearing is requested or ordered, the commissioner, after notice of and opportunity for hearing, may modify or vacate the order or extend it until final determination.
- (d) If the commissioner finds that any registrant or applicant for registration is no longer in existence or has ceased to do business as a broker-dealer, agent, investment adviser, or investment adviser representative, or is subject to an adjudication of mental disability or to the control of a conservator or guardian, or cannot be located after reasonable search, the commissioner may by order cancel the registration or application.
- (e) Withdrawal from registration as a broker-dealer, agent, investment adviser, or investment adviser representative becomes effective thirty (30) days after receipt of an application to withdraw or within such shorter period of time as the commissioner may determine, unless a revocation or suspension proceeding is pending when the application is filed or a proceeding to revoke or suspend or to impose conditions upon the withdrawal is instituted within thirty (30) days after the application is filed. If a proceeding is pending or instituted, withdrawal becomes effective at such time and upon such conditions as the commissioner by order determines. If no proceeding is pending or instituted and withdrawal automatically becomes effective, the commissioner may nevertheless institute a revocation or suspension proceeding under subparagraph 2. of paragraph (a) of this subsection within one (1) year after withdrawal became effective and enter a revocation or suspension order as of the last date on which registration was effective. A notice filing may be withdrawn or terminated by providing notice of the withdrawal or termination, as the case may be, to the commissioner; the withdrawal or termination is effective upon receipt by the commissioner of the notice.
- (f) No order may be entered under any part of this section except the first sentence of paragraph (c) of this subsection without appropriate prior notice to the applicant or registrant (as well as the employer or prospective employer if the applicant or registrant is an agent or representative), opportunity for hearing, and written findings of fact and conclusions of law.
- (14) Notwithstanding subsection (1) of this section, any broker-dealer, agent, investment adviser or investment adviser representative, or transaction or class of transactions by such persons, for which the commissioner expressly by rule or order finds that registration is not necessary or appropriate in the public interest or for the protection of investors shall be exempt from registration under this section. The commissioner may require that persons exempted from registration under this provision file such forms and information for notice purposes and be bound by one (1) or several provisions of this section as the commissioner deems necessary and appropriate in the public interest or for the protection of investors and the commissioner may impose filing fees in connection therewith, provided however, that the amount of the fee shall not exceed the fee which would be due in the event the exempt person were required to obtain registration.

Section 15. KRS 292.470 is amended to read as follows:

Whenever it appears to the commissioner that any person has engaged or is about to engage in any act or practice constituting a violation of any provision of this chapter or any rule or order under this chapter, he may in his discretion bring any or all of the following remedies:

- (1) Issue a cease and desist order, with or without a prior hearing, appealable to Franklin Circuit Court, against the person or persons engaged in the prohibited activities directing that person or persons to cease and desist from illegal activity. In order to issue an order without a prior hearing, the commissioner must find that the delay in issuing a final cease and desist order will cause harm to the public;
- (2) An action in the Franklin Circuit Court or any other court of competent jurisdiction to enjoin any such acts or practices and to enforce compliance with this chapter or any rule or order under this chapter. Upon a proper showing a permanent or

temporary injunction, restraining order, or writ of mandamus shall be granted and a receiver or conservator may be appointed for the defendant or the defendant's assets. Upon a proper showing by the commissioner, the court may enter an order of rescission, restitution, or disgorgement directed to any person who has engaged in any act constituting a violation of this chapter or any rule or order under this chapter. The commissioner may not be required to post a bond; or

- (3) Issue a final order, after notice and an opportunity for a hearing, containing findings of fact and conclusions of law, directing any person or persons found to have engaged in, or about to be engaged in, activity that constitutes a violation of this chapter or any rule or order under this chapter:
 - (a) To cease and desist from the activity;
 - (b) To perform any other reasonable mandates directed by the commissioner pursuant to an appropriate remedy fashioned by the commissioner and reasonably calculated to carry out the provisions of this chapter; or
 - (c) To pay fines assessed under KRS 292.500(14) and costs assessed under KRS 292.500(15).

Section 16. KRS 291.990 is amended to read as follows:

~~[(1) Any person who violates subsection (3) of KRS 291.020 shall be fined not less than five hundred dollars (\$500) nor more than one thousand dollars (\$1,000).~~

~~(2) Any corporation or person which willfully violates any provision of KRS 291.410 to 291.600 is guilty of a misdemeanor and, upon conviction, shall be fined not less than one hundred dollars (\$100) nor more than one thousand dollars (\$1,000).~~

Section 17. KRS 287.720 is amended to read as follows:

- (1) A revolving credit plan, and all extensions of credit thereunder, may take such form and contain such provisions, not inconsistent with KRS 287.710 to 287.770 or otherwise prohibited by law, as the bank may from time to time establish and the debtor may accept, and each extension of credit made by the bank pursuant to such plan, evidenced in any manner provided in such plan, shall be evidence of a loan, which may be prepaid by the debtor under agreed conditions in whole or in part at any time, made by the bank to the debtor in the amount advanced by the bank.
- (2) Before opening any account under a revolving credit plan, the bank shall deliver or mail to the debtor a statement of the provisions of the plan containing, to the extent applicable, such information as may be required to be disclosed pursuant to ~~[KRS 360.210 to 360.265 and]~~ Title I of the Federal Consumer Credit Protection Act of 1968 (Public Law 90-321) and any amendments, additions or replacements thereto in effect after June 16, 1972, and containing a statement that the debtor may pay the unpaid balance of his account in whole or in part at any time. - (3) A statement of the provisions of a revolving credit plan in effect prior to June 16, 1972, delivered or mailed to a debtor prior to such effective date shall constitute, and be deemed to be, compliance with the provisions of subsection (2) of this section, if such revolving credit plan complies with the provisions of KRS 287.710 to 287.770 and such statement disclosed the information required by said subsection (2).

Section 18. KRS 287.730 is amended to read as follows:

- (1) For each billing cycle at the end of which there is an outstanding balance in the debtor's account or with respect to which a charge permitted by KRS 287.710 to 287.770 is imposed, the bank shall render a statement to the debtor containing, to the extent applicable, such information as may be required to be included therein pursuant to ~~[KRS 360.210 to 360.265 and]~~ Title I of the Federal Consumer Credit Protection Act of 1968 (Public Law 90-321) and any amendments, additions or replacements thereto in effect after June 16, 1972, and a legend to the effect that the debtor may at any time pay the aggregate balance owing by him or any part thereof.
- (2) In the event of an extension of credit by a bank hereunder that is affected by the use of a credit card for the purchase of goods or services and that results in payment by the bank directly to a third party, the finance charge as authorized by KRS 287.740 shall not be imposed upon the debtor on such extension if payment in full of the entire outstanding unpaid balances owing on the debtor's account is received at the place designated by the bank by the date of the statement for the next billing cycle.

On page 4, line 2 after "(1)" and before "may" by deleting "change" and inserting in lieu thereof "charge".

HB 634, AN ACT relating to investments.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF SUBTITLE 7 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

As used in this subtitle:

(1) "Acceptable collateral" means:

(a) As to securities lending transactions, and for the purpose of calculating counterparty exposure amount, cash, cash equivalents, letter of credit, direct obligations of, or securities that are fully guaranteed as to principal and interest by, the government of the United States, any agency of the United States, the Federal National Mortgage Association, or the Federal Home Loan Mortgage Corporation, and as to lending foreign securities, sovereign debt rated 1 by the SVO;

(b) As to repurchase transactions, cash, cash equivalents, direct obligations of, or securities that are fully guaranteed as to principal and interest by, the government of the United States, any agency of the United States, the Federal National Mortgage Association, or the Federal Home Loan Mortgage Corporation; and

(c) As to reverse repurchase transactions, cash and cash equivalents.

(2) "Acceptable private mortgage insurance" means insurance written by a private insurer protecting a mortgage lender against loss occasioned by a mortgage loan default and issued by a licensed mortgage insurance company, with an SVO 1 designation or a rating issued by a nationally recognized statistical rating organization equivalent to an SVO 1 designation, that covers losses to an eighty percent (80%) loan-to-value ratio.

(3) "Accident and health insurance" means protection that provides payment of benefits for covered sickness or accidental injury, excluding credit insurance, disability insurance, accidental death and dismemberment insurance, and long-term care insurance.

(4) "Accident and health insurer" means a licensed life or health insurer or health service corporation whose insurance premiums and required statutory reserves for accident and health insurance constitute at least ninety-five percent (95%) of total premium considerations or total statutory required reserves, respectively.

(5) "Admitted assets" means assets permitted to be reported as admitted assets in accordance with Subtitle 6 of KRS Chapter 304 on the statutory financial statement of the insurer most recently required to be filed with the

commissioner, but excluding assets of separate accounts.

- (6) "Affiliate" means, as to any person, another person that, directly or indirectly through one (1) or more intermediaries, controls, is controlled by, or is under common control with the person.
- (7) "Asset-backed security" means a security or other instrument, excluding a mutual fund, evidencing an interest in, or the right to receive payments from, or payable from distributions on, an asset, a pool of assets, or specifically divisible cash flows that are legally transferred to a trust or another special purpose bankruptcy-remote business entity, on the following conditions:
 - (a) The trust or other business entity is established solely for the purpose of acquiring specific types of assets or rights to cash flows, issuing securities and other instruments representing an interest in or right to receive cash flows from those assets or rights, and engaging in activities required to service the assets or rights and any credit enhancement or support features held by the trust, or other business entity; and
 - (b) The assets of the trust or other business entity consist solely of interest bearing obligations or other contractual obligations representing the right to receive payment from the cash flows from the assets or rights. However, the existence of credit enhancement, such as letters of credit or guarantees, or support features such as swap agreements, shall not cause a security or other instrument to be ineligible as an asset-backed security.
- (8) "Business entity" includes a sole proprietorship, corporation, limited liability company, association, partnership, joint stock company, joint venture, mutual fund, trust, joint tenancy, or other similar form of business organization, whether organized for profit or not-for-profit.
- (9) "Cap" means an agreement obligating the seller to make payments to the buyer, with each payment based on the amount by which a reference price, level, or the performance or value of one (1) or more underlying interests exceeds a predetermined number, sometimes called the strike rate or strike price.
- (10) "Capital and surplus" means the sum of the capital and surplus of the insurer required to be shown on the statutory financial statement of the insurer most recently required to be filed with the commissioner.
- (11) "Cash equivalents" means short-term, highly rated, and highly liquid investments or securities readily convertible to known amounts of cash without penalty and so near maturity that they present insignificant risk of change in value. Cash equivalents include government money market mutual funds and class one money market mutual funds. For purposes of this definition:
 - (a) "Short-term" means investments with a remaining term to maturity of ninety (90) days or less; and
 - (b) "Highly rated" means an investment rated P-1 by Moody's Investors Service, Inc., or A-1 by Standard and Poor's division of The McGraw-Hill Companies, Inc. or its equivalent rating by a nationally recognized statistical rating organization recognized by the SVO.

- (18) "Control" means the possession, directly or indirectly, of the power to direct, or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract other than a commercial contract for goods or nonmanagement services, or otherwise, unless the power is the result of an official position with or corporate office held by the person. Control shall be presumed to exist if a person, directly or indirectly, owns, controls, holds with the power to vote, or holds proxies representing ten percent (10%) or more of the voting securities of another person. This presumption may be rebutted by a showing that control does not exist in fact. The commissioner may determine, after furnishing all interested persons notice and an opportunity to be heard and making specific findings of fact to support the determination, that control exists in fact, notwithstanding the absence of a presumption to that effect.
- (19) "Counterparty exposure amount" means:
 - (a) The net amount of credit risk attributable to a derivative instrument entered into with a business entity other than through a qualified exchange, qualified foreign exchange, or cleared through a qualified clearinghouse ("over-the-counter derivative instrument"). The amount of credit risk equals:

1. The market value of the over-the-counter derivative instrument if the liquidation of the derivative instrument would result in a final cash payment to the insurer; or
 2. Zero (0) if the liquidation of the derivative instrument would not result in a final cash payment to the insurer.
- (b) If over-the-counter derivative instruments are entered into under a written master agreement that provides for netting of payments owed by the respective parties, and the domiciliary jurisdiction of the counterparty is either within the United States or if not within the United States, within a foreign jurisdiction listed in the Purposes and Procedures of the Securities Valuation Office as eligible for netting, the net amount of credit risk shall be the greater of zero (0) or the net sum of:
1. The market value of the over-the-counter derivative instruments entered into under the agreement, the liquidation of which would result in a final cash payment to the insurer; and
 2. The market value of the over-the-counter derivative instruments entered into under the agreement, the liquidation of which would result in a final cash payment by the insurer to the business entity.
- (c) For open transactions, market value shall be determined at the end of the most recent quarter of the insurer's fiscal year and shall be reduced by the market value of acceptable collateral held by the insurer or placed in escrow by one (1) or both parties.
- (20) "Covered" means that an insurer owns or can immediately acquire, through the exercise of options, warrants, or conversion rights already owned, the underlying interest in order to fulfill or secure its obligations under a call option, cap, or floor it has written, or has set aside under a custodial or escrow agreement, cash, or cash equivalents with a market value equal to the amount required to fulfill its obligations under a put option it has written, in an income generation transaction.
- (21) "Credit tenant loan" means a mortgage loan that is made primarily in reliance on the credit standing of a major tenant, structured with an assignment of the rental payments to the lender with real estate pledged as collateral in the form of a first lien.
- (22) (a) "Derivative instrument" means an agreement, option, instrument, a series, or combination thereof:
1. To make or take delivery of, or assume or relinquish, a specified amount of one (1) or more underlying interests, or to make a cash settlement in lieu thereof; or

- (25) "Dollar roll transaction" means two (2) simultaneous transactions with different settlement dates no more than ninety-six (96) days apart, so that in the transaction with the earlier settlement date, an insurer sells to a business entity, and in the other transaction the insurer is obligated to purchase from the same business entity, substantially similar securities of the following types:
- (a) Asset-backed securities issued, assumed, or guaranteed by the Government National Mortgage Association, the Federal National Mortgage Association, the Federal Home Loan Mortgage Corporation, or their respective successors; and

- (e) Investment in a common trust fund of a bank regulated by a federal or state agency;
 - (f) An ownership interest in mineral, oil, or gas, the rights to which have been separated from the underlying fee interest in the real estate where the mineral, oil, or gas are located;
 - (g) Instruments that are mandatorily, or at the option of the issuer, convertible to equity;
 - (h) Limited partnership interests and those general partnership interests authorized under subsection (4) of Section 4 of this Act;
 - (i) Member interests in limited liability companies;
 - (j) Warrants or other rights to acquire equity interests that are created by the person that owns or would issue the equity to be acquired; or
 - (k) Instruments that would be rated credit instruments except for the provisions of subsection (70)(b) of this section.
- (28) "Equivalent securities" means:
- (a) In a securities lending transaction, securities that are identical to the loaned securities in all features including the amount of the loaned securities, except as to certificate number if held in physical form, but if any different security shall be exchanged for a loaned security by recapitalization, merger, consolidation, or other corporate action, the different security shall be deemed to be the loaned security;
 - (b) In a repurchase transaction, securities that are identical to the purchased securities in all features including the amount of the purchased securities, except as to the certificate number if held in physical form; or

An accident and health insurer shall not be subject to this section but shall be subject to the same aggregate limitation on equity interests as a property and casualty insurer under Section 24 of this Act and also to the provisions of Section 20 of this Act.
- (3) An insurer shall not acquire under this section any investment that the insurer may acquire under Section 13 of this Act.
- (4) An insurer shall not short sell equity investments unless the insurer covers the short sale by owning the equity investment or an unrestricted right to the equity instrument exercisable within six (6) months of the short sale.

SECTION 12. A NEW SECTION OF SUBTITLE 7 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

- (1) (a) Subject to the limitations of Section 8 of this Act, an insurer may acquire tangible personal property or equity interests therein located or used wholly or in part within a domestic jurisdiction either directly or indirectly through limited partnership interests and general partnership interests not otherwise prohibited by subsection (4) of Section 4 of this Act, joint ventures, stock of an investment subsidiary or membership interests in a limited liability company, trust certificates, or other similar instruments.
- (b) Investments acquired under paragraph (a) of this subsection shall be eligible only if:
 1. The property is subject to a lease or other agreement with a person whose rated credit instruments in the amount of the purchase price of the personal property the insurer could then acquire under Section 9 of

this Act; and

2. The lease or other agreement gives the insurer the right to receive rental, purchase, or other fixed payments for the use or purchase of the property, and the aggregate value of the payments, together with the estimated residual value of the property at the end of its useful life and the estimated tax benefits to the insurer resulting from ownership of the property, shall be adequate to return the cost of the insurer's investment in the property, plus a return deemed adequate by the insurer.
- (2) The insurer shall compute the amount of each investment under this section on the basis of the out-of-pocket purchase price and applicable related expenses paid by the insurer for the investment, net of each borrowing made to finance the purchase price and expenses, to the extent the borrowing is without recourse to the insurer.
- (3) An insurer shall not acquire an investment under this section if, as a result of and after giving effect to the investment, the aggregate amount of all investments then held by the insurer under this section would exceed;
 - (a) Two percent (2%) of its admitted assets; or
 - (b) One-half of one percent (0.5%) of its admitted assets as to any single item of tangible personal property.
- (4) For purposes of determining compliance with the limitations of Section 8 of this Act, investments acquired by an insurer under this section shall be aggregated with those acquired under Section 9 of this Act, and each lessee of the property under a lease referred to in this section shall be the issuer of an obligation in the amount of the investment of the insurer in the property determined as provided in subsection (2) of this section.
- (5) Nothing in this section is applicable to tangible personal property lease arrangements between an insurer and its subsidiaries and affiliates under a cost sharing arrangement or agreement permitted under KRS 305.37-030.

SECTION 13. A NEW SECTION OF SUBTITLE 7 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

- (1) (a) Subject to the limitations of Section 8 of this Act, an insurer may acquire, either directly or indirectly through limited partnership interests and general partnership interests not otherwise prohibited by subsection (4) Section 4 of this Act, joint ventures, stock of an investment subsidiary or membership interests in a limited liability company, trust certificates, or other similar instruments, obligations secured by mortgages on real estate situated within a domestic jurisdiction, but a mortgage loan that is secured by other than a first lien shall not be acquired unless the insurer is the holder of the first lien. The obligations held by the insurer and any obligations with an equal lien priority, shall not, at the time of acquisition of the obligation, exceed:
 1. Ninety percent (90%) of the fair market value of the real estate, if the mortgage loan is secured by a purchase money mortgage or like security received by the insurer upon disposition of the real estate;
 2. Eighty percent (80%) of the fair market value of the real estate, if the mortgage loan requires immediate scheduled payment in periodic installments of principal and interest, has an amortization period of thirty (30) years or less, and periodic payments made no less frequently than annually. Each periodic payment shall be sufficient to assure that at all times the outstanding principal balance of the mortgage loan shall be no greater than the outstanding principal balance that would be outstanding under a mortgage loan with the same original principal balance, with the same interest rate, and requiring equal payments of principal and interest with the same frequency over the same amortization period. Mortgage loans permitted under this subsection are permitted notwithstanding the fact that they provide for a payment of the principal balance prior to the end of the period of amortization of the loan. For residential mortgage loans, the eighty percent (80%) limitation may be increased to ninety-seven percent (97%) if acceptable private mortgage insurance has been obtained; or
 3. Seventy-five percent (75%) of the fair market value of the real estate for mortgage loans that do not meet the requirements of subparagraph 1. or 2. of this paragraph.
- (b) For purposes of paragraph (a) of this subsection, the amount of an obligation required to be included in the calculation of the loan-to-value ratio may be reduced to the extent the obligation is insured by the Federal Housing Administration, guaranteed by the Administrator of Veteran Affairs, or their successors.
- (c) A mortgage loan that is held by an insurer under subsection (6) of Section 2 of this Act or acquired under this section and is restructured in a manner that meets the requirements of a restructured mortgage loan in accordance with the NAIC Accounting Practices and Procedures Manual or successor publication shall continue to qualify as a mortgage loan under this subtitle.
- (d) Subject to the limitations of Section 8 of this Act, credit lease transactions that do not qualify for investment under Section 9 of this Act with the following characteristics shall be exempt from the provisions of paragraph (a) of this subsection :
 1. The loan amortizes over the initial fixed lease term at least in an amount sufficient so that the loan balance at the end of the lease term does not exceed the original appraised value of the real estate;
 2. The lease payments cover or exceed the total debt service over the life of the loan;
 3. A tenant or its affiliated entity whose rated credit instruments have a SVO 1 or 2 designation or a

- comparable rating from a nationally recognized statistical rating organization recognized by the SVO has a full faith and credit obligation to make the lease payments;
4. The insurer holds or is the beneficial holder of a first lien mortgage on the real estate;
 5. The expenses of the real estate are passed through to the tenant, excluding exterior, structural, parking, and heating, ventilation, and air conditioning replacement expenses, unless annual escrow contributions, from cash flows derived from the lease payments, cover the expense shortfall; and
 6. There is a perfected assignment of the rents due in accordance with the lease to or for the benefit of the insurer.
- (2) (a) An insurer may acquire, manage, and dispose of real estate situated in a domestic jurisdiction either directly or indirectly through limited partnership interests and general partnership interests not otherwise prohibited by subsection (4) of Section 4 of this Act, joint ventures, stock of an investment subsidiary or membership interests in a limited liability company, trust certificates, or other similar instruments. The real estate shall be income producing or intended for improvement or development for investment purposes under an existing program in which case the real estate shall be deemed to be income producing.
- (b) The real estate may be subject to mortgages, liens, or other encumbrances, the amount of which shall, to the extent that the obligations secured by the mortgages, liens, or encumbrances are without recourse to the insurer, be deducted from the amount of the investment of the insurer in the real estate for purposes of determining compliance with paragraphs (b) and (c) of subsection (4) of this section.
- (3) (a) An insurer may acquire, manage, and dispose of real estate for the convenient accommodation of the insurer's, which may include its affiliates, business operations, including home office, branch office, and field office operations:
1. Real estate acquired under this subsection may include excess space for rent to others, if the excess space, valued at its fair market value, would otherwise be a permitted investment under subsection (2) of this section and is so qualified by the insurer;
 2. The real estate acquired under this subsection may be subject to one (1) or more mortgages, liens, or other encumbrances, the amount of which shall, to the extent that the obligations secured by the mortgages, liens, or encumbrances are without recourse to the insurer, be deducted from the amount of the investment of the insurer in the real estate for purposes of determining compliance with paragraph (d) of subsection (4) of this section; and
 3. For purposes of this subsection, "business operations" shall not include that portion of real estate used for the direct provision of health care services by an accident and health insurer or its insured. An insurer may acquire real estate used for these purposes under subsection (2) of this section.
- (4) (a) An insurer shall not acquire an investment under subsection (1) of this section if, as a result of and after giving effect to the investment, the aggregate amount of all investments then held by the insurer under subsection (1) of this section would exceed:
1. One percent (1%) of its admitted assets in mortgage loans covering any one (1) secured location;
 2. One-quarter of one percent (0.25%) of its admitted assets in construction loans covering any one (1) secured location; or
 3. Two percent (2%) of its admitted assets in construction loans in the aggregate.
- (b) An insurer shall not acquire an investment under subsection (2) of this section if, as a result of and after giving effect to the investment and any outstanding guarantees made by the insurer in connection with the investment, the aggregate amount of investments then held by the insurer under subsection (2) of this section plus the guarantees then outstanding would exceed:
1. One percent (1%) of its admitted assets in one (1) parcel or group of contiguous parcels of real estate, except that this limitation shall not apply to that portion of real estate used for the direct provision of health care services by an accident and health insurer for its insureds, such as hospitals, medical clinics, medical professional buildings, or other health facilities used for the purpose of providing health services; or
 2. Fifteen percent (15%) of its admitted assets in the aggregate, but not more than five percent (5%) of its admitted assets as to properties that are to be improved or developed.
- (c) An insurer shall not acquire an investment under subsection (1) or (2) of this section if, as a result of and after giving effect to the investment and any guarantees made by the insurer in connection with the investment, the aggregate amount of all investments then held by the insurer under subsections (1) and (2) of this section plus the guarantees then outstanding would exceed forty-five percent (45%) of its admitted assets. However, an insurer may exceed this limitation by no more than thirty percent (30%) of its admitted assets if:
1. This increased amount is invested only in residential mortgage loans;

2. The insurer has no more than ten percent (10%) of its admitted assets invested in mortgage loans other than residential mortgage loans;
 3. The loan-to-value ratio of each residential mortgage loan does not exceed sixty percent (60%) at the time the mortgage loan is qualified under this increased authority, and the fair market value is supported by an appraisal no more than two (2) years old, prepared by an independent appraiser;
 4. A single mortgage loan qualified under this increased authority shall not exceed one-half of one percent (0.5%) of its admitted assets;
 5. The insurer files with the commissioner, and receives approval from the commissioner for, a plan that is designed to result in a portfolio of residential mortgage loans that is sufficiently geographically diversified; and
 6. The insurer agrees to file annually with the commissioner records that demonstrate that its portfolio of residential mortgage loans is geographically diversified in accordance with the plan.
- (d) The limitations of Section 8 of this Act shall not apply to an insurer's acquisition of real estate under subsection (3) of this section. An insurer shall not acquire real estate under subsection (3) of this section if, as a result of and after giving effect to the acquisition, the aggregate amount of real estate then held by the insurer under subsection (3) of this section would exceed ten percent (10%) of its admitted assets. With the permission of the commissioner, additional amounts of real estate may be acquired under subsection (3) of this section.

SECTION 14. A NEW SECTION OF SUBTITLE 7 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

An insurer may enter into securities lending, repurchase, reverse repurchase, and dollar roll transactions with business entities, subject to the following requirements:

- (1) The insurer's board of directors shall adopt a written plan that is consistent with the requirements of the written plan in Section 3 of this Act that specifies guidelines and objectives to be followed, such as:
 - (a) A description of how cash received will be invested or used for general corporate purposes of the insurer;
 - (b) Operational procedures to manage interest rate risk, counterparty default risk, the conditions under which proceeds from reverse repurchase transactions may be used in the ordinary course of business, and the use of acceptable collateral in a manner that reflects the liquidity needs of the transactions; and
 - (c) The extent to which the insurer may engage in these transactions.
- (2) The insurer shall enter into a written agreement for all transactions authorized in this section other than dollar roll transactions. The written agreement shall require that each transaction terminate not more than one (1) year from its inception or upon the earlier demand of the insurer. The agreement shall be with the business entity counterparty, but for securities lending transactions, the agreement may be with an agent acting on behalf of the insurer, if the agent is a qualified business entity, and if the agreement:
 - (a) Requires the agent to enter into separate agreements with each counterparty that are consistent with the requirements of this section; and
 - (b) Prohibits securities lending transactions under the agreement with the agent or its affiliates.
- (3) Cash received in a transaction under this section shall be invested in accordance with this subtitle and in a manner that recognizes the liquidity needs of the transaction or used by the insurer for its general corporate purposes. For so long as the transaction remains outstanding, the insurer, its agent, or its custodian shall maintain, as to acceptable collateral received in a transaction under this section, either physically or through the book entry systems of the Federal Reserve, Depository Trust Company, Participants Trust Company, or other securities depositories approved by the commissioner:
 - (a) Possession of the acceptable collateral;
 - (b) A perfected security interest in the acceptable collateral; or
 - (c) In the case of a jurisdiction outside of the United States, title to, or rights of a secured creditor to, the acceptable collateral.
- (4) The limitations of Sections 8 and 15 of this Act shall not apply to the business entity counterparty exposure created by transactions under this section. For purposes of calculations made to determine compliance with this subsection, no effect will be given to the insurer's future obligation to resell securities, in the case of a repurchase transaction, or to repurchase securities, in the case of a reverse repurchase transaction. An insurer shall not enter into a transaction under this section if, as a result of and after giving effect to the transaction:
 - (a) The aggregate amount of securities then loaned, sold to, or purchased from any one (1) business entity counterparty under this section would exceed five percent (5%) of its admitted assets. In calculating the amount sold to or purchased from a business entity counterparty under repurchase or reverse repurchase transactions, effect may be given to netting provisions under a master written agreement; or
 - (b) The aggregate amount of all securities then loaned, sold to, or purchased from all business entities under this

section would exceed forty percent (40%) of its admitted assets.

- (5) In a securities lending transaction, the insurer shall receive acceptable collateral having a market value as of the transaction date at least equal to one hundred two percent (102%) of the market value of the securities loaned by the insurer in the transaction as of that date. Investments in obligations of foreign governments, their political subdivisions, and government sponsored enterprises of these persons, except for those exempted under subsections (3) and (4) of this section, shall be subject to the limitations of Section 8 of this Act.

- (2) An insurer shall not acquire an investment under this section if, as a result of and after giving effect to the investment, the aggregate amount of investments then held by the insurer under this section would exceed the greater of twenty-five percent (25%) of its admitted assets or one hundred percent (100%) of its surplus as regards policyholders.
- (3) An insurer shall not acquire under this section any investments that the insurer may acquire under Section 26 of this Act.
- (4) An insurer shall not short sell equity investments unless the insurer covers the short sale by owning the equity investment or an unrestricted right to the equity instrument exercisable within six (6) months of the short sale.

SECTION 25. A NEW SECTION OF SUBTITLE 7 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

- (1) (a) Subject to the limitations of Section 21 of this Act, an insurer may acquire tangible personal property or equity interests therein located or used wholly or in part within a domestic jurisdiction either directly or indirectly through limited partnership interests and general partnership interests not otherwise prohibited by subsection (4) of Section 4 of this Act, joint ventures, stock of an investment subsidiary or membership interests in a limited liability company, trust certificates, or other similar instruments.
- (b) Investments acquired under paragraph (a) of this subsection shall be eligible only if:
 1. The property is subject to a lease or other agreement with a person whose rated credit instruments in the amount of the purchase price of the personal property the insurer could then acquire under Section 22 of this Act; and
 2. The lease or other agreement provides the insurer the right to receive rental, purchase, or other fixed payments for the use or purchase of the property, and the aggregate value of the payments, together with the estimated residual value of the property at the end of its useful life and the estimated tax benefits to the insurer resulting from ownership of the property, shall be adequate to return the cost of the insurer's investment in the property, plus a return deemed adequate by the insurer.
- (2) The insurer shall compute the amount of each investment under this section on the basis of the out-of-pocket purchase price and applicable related expenses paid by the insurer for the investment, net of each borrowing made to finance the purchase price and expenses, to the extent the borrowing is without recourse to the insurer.
- (3) An insurer shall not acquire an investment under this section if, as a result of and after giving effect to the investment, the aggregate amount of all investments then held by the insurer under this section would exceed:
 - (a) Two percent (2%) of its admitted assets; or
 - (b) One-half of one percent (0.5%) of its admitted assets as to any single item of tangible personal property.
- (4) For purposes of determining compliance with the limitations of Section 21 of this Act, investments acquired by an insurer under this section shall be aggregated with those acquired under Section 22 of this Act, and each lessee of the property under a lease referred to in this section shall be deemed the issuer of an obligation in the amount of the investment of the insurer in the property determined as provided in subsection (2) of this section.
- (5) Nothing in this section is applicable to tangible personal property lease arrangements between an insurer and its subsidiaries and affiliates under a cost-sharing arrangement or agreement permitted under KRS 304.37-030.

SECTION 26. A NEW SECTION OF SUBTITLE 7 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

- (1) Subject to the limitations of Section 21 of this Act, an insurer may acquire, either directly or indirectly through limited partnership interests and general partnership interests not otherwise prohibited by subsection (4) of Section 4 of this Act, joint ventures, stock of an investment subsidiary or membership interests in a limited liability company, trust certificates, or other similar instruments, obligations secured by mortgages on real estate situated within a domestic jurisdiction, but a mortgage loan that is secured by other than a first lien shall not be acquired unless the insurer is the holder of the first lien. The obligations held by the insurer and any obligations with an equal lien priority, shall not, at

the time of acquisition of the obligation, exceed:

- (a) Ninety percent (90%) of the fair market value of the real estate, if the mortgage loan is secured by a purchase money mortgage or like security received by the insurer upon disposition of the real estate;
 - (b) Eighty percent (80%) of the fair market value of the real estate, if the mortgage loan requires immediate scheduled payments in periodic installments of principal and interest, has an amortization period of thirty (30) years or less, and periodic payments made no less frequently than annually. Each periodic payment shall be sufficient to assure that at all times the outstanding principal balance of the mortgage loan shall not be greater than the outstanding principal balance that would be outstanding under a mortgage loan with the same original principal balance, with the same interest rate, and requiring equal payments of principal and interest with the same frequency over the same amortization period. Mortgage loans permitted under this subsection are permitted notwithstanding the fact that they provide for a payment of the principal balance prior to the end of the period of amortization of the loan. For residential mortgage loans, the eighty percent (80%) limitation may be increased to ninety-seven percent (97%) if acceptable private mortgage insurance has been obtained; or
 - (c) Seventy-five percent (75%) of the fair market value of the real estate for mortgage loans that do not meet the requirements of paragraph (a) or (b) of this subsection.
- (2) For purposes of subsection (1) of this section, the amount of an obligation required to be included in the calculation of the loan-to-value ratio may be reduced to the extent the obligation is insured by the Federal Housing Administration, guaranteed by the Administrator of Veteran Affairs, or their successors.
 - (3) A mortgage loan that is held by an insurer under subsection (6) of Section 2 of this Act or acquired under this section and is restructured in a manner that meets the requirement of a restructured mortgage loan in accordance with the NAIC Accounting Practices and Procedures Manual or successor publication shall continue to qualify as a mortgage loan under this subtitle.
 - (4) Subject to the limitations of Section 21 of this Act, credit lease transactions that do not qualify for investment under Section 22 of this Act with the following characteristics shall be exempt from the provisions of subsection (1) of this section:
 - (a) The loan amortizes over the initial fixed lease term at least in an amount sufficient so that the loan balance at the end of the lease term does not exceed the original appraised value of the real estate;
 - (b) The lease payments cover or exceed the total debt service over the life of the loan;
 - (c) A tenant or its affiliated entity whose rated credit instruments have a SVO 1 or 2 designation or a comparable rating from a nationally recognized statistical rating organization recognized by the SVO has a full faith and credit obligation to make the lease payments;
 - (d) The insurer holds or is the beneficial holder of a first lien mortgage on the real estate;
 - (e) The expenses of the real estate are passed through to the tenant excluding exterior, structural, parking, and heating, ventilation and air conditioning replacement expenses, unless annual escrow contributions, from cash flows derived from the lease payments, cover the expense shortfall; and
 - (f) There is a perfected assignment of the rents due under the lease to or for the benefit of the insurer.
 - (5) An insurer may acquire, manage, and dispose of real estate situated in a domestic jurisdiction either directly or indirectly through limited partnership interests and general partnership interests not otherwise prohibited by subsection (4) of Section 4 of this Act, joint ventures, stock of an investment subsidiary or membership interests in a limited liability company, trust certificates, or other similar instruments. The real estate shall be income producing or intended for improvement or development for investment purposes under an existing program, in which case the real estate shall be deemed to be income producing.
 - (6) The real estate may be subject to mortgages, liens, or other encumbrances, the amount of which shall, to the extent that the obligations secured by the mortgages, liens, or encumbrances are without recourse to the insurer, be deducted from the amount of the investment of the insurer in the real estate for purposes of determining compliance with subsections (9) and (10) of this section.
 - (7) An insurer may acquire, manage, and dispose of real estate for the convenient accommodation of the insurer's, which may include its affiliates, business operations, including home office, branch office, and field office operations.
 - (a) Real estate acquired under this subsection may include excess space for rent to others if the excess space, valued at its fair market value, would otherwise be a permitted investment under subsections (5) and (6) of this section and is so qualified by the insurer;
 - (b) The real estate acquired under this subsection may be subject to one (1) or more mortgages, liens, or other encumbrances, the amount of which shall, to the extent that the obligations secured by the mortgages, liens, or encumbrances are without recourse to the insurer, be deducted from the amount of the investment of the insurer in the real estate for purposes of determining compliance with subsection (11) of this section; and
 - (c) For purposes of this subsection, "business operations" shall not include that portion of real estate used for the

direct provision of health care services by an insurer whose insurance premiums and required statutory reserves for accident and health insurance constitute at least ninety-five percent (95%) of total premium considerations or total statutory required reserves, respectively. An insurer may acquire real estate used for these purposes under subsections (5) and (6) of this section.

- (8) An insurer shall not acquire an investment under subsections (1) to (4) of this section if, as a result of and after giving effect to the investment, the aggregate amount of all investments then held by the insurer under subsections (1) to (4) of this section would exceed:
- (a) One percent (1%) of its admitted assets in mortgage loans covering any one (1) secured location;
 - (b) One-quarter of one percent (0.25%) of its admitted assets in construction loans covering any one (1) secured location; or
 - (c) One percent (1%) of its admitted assets in construction loans in the aggregate.
- (9) An insurer shall not acquire an investment under subsections (5) and (6) of this section if, a result of and after giving effect to the investment and any outstanding guarantees made by the insurer in connection with the investment, the aggregate amount of investments then held by the insurer under subsections (5) and (6) of this section plus the guarantees then outstanding would exceed:
- (a) One percent (1%) of its admitted assets in any one (1) parcel or group of contiguous parcels of real estate, except that this limitation shall not apply to that portion of real estate used for the direct provision of health care services by an insurer whose insurance premiums and required statutory reserves for accident and health insurance constitute at least ninety-five percent (95%) of total premium considerations or total statutory required reserves, respectively, such as hospitals, medical clinics, medical professional buildings, or other health facilities used for the purpose of providing health services; or
 - (b) The lesser of ten percent (10%) of its admitted assets or forty percent (40%) of its surplus as regards policyholders in the aggregate, except for an insurer whose insurance premiums and required statutory reserves for accident and health insurance constitute at least ninety-five percent (95%) of total premium considerations or total statutory required reserves, respectively, this limitation shall be increased to fifteen percent (15%) of its admitted assets in the aggregate.
- (10) An insurer shall not acquire an investment under subsections (1) to (6) of this section if, as a result of and after giving effect to the investment and any guarantees it has made in connection with the investment, the aggregate amount of all investments then held by the insurer under subsections (1) to (6) of this section plus the guarantees then outstanding would exceed twenty-five percent (25%) of its admitted assets.
- (11) The limitations of Section 21 of this Act shall not apply to an insurer's acquisition of real estate under subsection (7) of this section. An insurer shall not acquire real estate under subsection (7) of this section if, as a result of and after giving effect to the acquisition, the aggregate amount of all real estate then held by the insurer under subsection (7) of this section would exceed ten percent (10%) of its admitted assets. With the permission of the commissioner, additional amounts of real estate may be acquired under subsection (7) of this section.

SECTION 27. A NEW SECTION OF SUBTITLE 7 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

An insurer may enter into securities lending, repurchase, reverse repurchase and dollar roll transactions with business entities, subject to the following requirements:

- (1) The insurer's board of directors shall adopt a written plan that is consistent with the requirements of the written plan in subsection (1) of Section 3 of this Act that specifies guidelines and objectives to be followed, such as:
- (a) A description of how cash received will be invested or used for general corporate purposes of the insurer;
 - (b) Operational procedures to manage interest rate risk, counterparty default risk, the conditions under which proceeds from reverse repurchase transactions may be used in the ordinary course of business, and the use of acceptable collateral in a manner that reflects the liquidity needs of the transaction; and
 - (c) The extent to which the insurer may engage in these transactions.
- (2) The insurer shall enter into a written agreement for all transactions authorized in this section other than dollar roll transactions. The written agreement shall require that each transaction terminate not more than one (1) year from its inception or upon the earlier demand of the insurer. The agreement shall be with the business entity counterparty, but for securities lending transactions, the agreement may be with an agent acting on behalf of the insurer, if the agent is a qualified business entity, and if the agreement:
- (a) Requires the agent to enter into separate agreements with each counterparty that are consistent with the requirements of this section; and
 - (b) Prohibits securities lending transactions under the agreement with the agent or its affiliates.
- (3) Cash received in a transaction under this section shall be invested in accordance with this subtitle and in a manner that recognizes the liquidity needs of the transaction or used by the insurer for its general corporate purposes. For so long

as the transaction remains outstanding, the insurer, its agent, or its custodian shall maintain, as to acceptable collateral received in a transaction under this section, either physically or through the book entry systems of the Federal Reserve, Depository Trust Company, Participants Trust Company, or other securities depositories approved by the commissioner:

- (a) Possession of the acceptable collateral;
 - (b) A perfected security interest in the acceptable collateral; or
 - (c) In the case of a jurisdiction outside of the United States, title to, or rights of a secured creditor to, the acceptable collateral.
- (4) The limitations of Sections 21 and 28 of this Act shall not apply to the business entity counterparty exposure created by transactions under this section. For purposes of calculations made to determine compliance with this subsection, no effect will be given to the insurer's future obligation to resell securities, in the case of a repurchase transaction, or to repurchase securities, in the case of a reverse repurchase transaction. An insurer shall not enter into a transaction under this section if, as a result of and after giving effect to the transaction:
- (a) The aggregate amount of securities then loaned, sold to, or purchased from any one (1) business entity counterparty under this section would exceed five percent (5%) of its admitted assets. In calculating the amount sold to or purchased from a business entity counterparty under repurchase or reverse repurchase transactions, effect may be given to netting provisions under a master written agreement; or
 - (b) The aggregate amount of all securities then loaned, sold to, or purchased from all business entities under this section would exceed forty percent (40%) of its admitted assets, but the limitation of this subsection shall not apply to reverse repurchase transactions for so long as the borrowing is used to meet operational liquidity requirements resulting from an officially declared catastrophe and subject to a plan approved by the commissioner.
- (5) In a securities lending transaction, the insurer shall receive acceptable collateral having a market value as of the transaction date at least equal to one hundred two percent (102%) of the market value of the securities loaned by the insurer in the transaction as of that date. If at any time the market value of the acceptable collateral is less than the market value of the loaned securities, the business entity counterparty shall be obligated to deliver additional acceptable collateral, the market value of which, together with the market value of all acceptable collateral then held in connection with the transaction, at least equals one hundred two percent (102%) of the market value of the loaned securities.
- (6) In a reverse repurchase transaction, other than a dollar roll transaction, the insurer shall receive acceptable collateral having a market value as of the transaction date at least equal to ninety-five percent (95%) of the market value of the securities transferred by the insurer in the transaction as of that date. If at any time the market value of the acceptable collateral is less than ninety-five percent (95%) of the market value of the securities so transferred, the business entity counterparty shall be obligated to deliver additional acceptable collateral, the market value of which, together with the market value of all acceptable collateral being held in connection with the transaction, at least equals ninety-five percent (95%) of the market value of the transferred securities.
- (7) In a dollar roll transaction, the insurer shall receive cash in an amount at least equal to the market value of the securities transferred by the insurer in the transaction as of the transaction date.
- (8) In a repurchase transaction, the insurer shall receive as acceptable collateral transferred securities having a market value at least equal to one hundred two percent (102%) of the purchase price paid by the insurer for the securities. If at any time the market value of the acceptable collateral is less than one hundred percent (100%) of the purchase price paid by the insurer, the business entity counterparty shall be obligated to provide additional acceptable collateral, the market value of which, together with the market value of all acceptable collateral then held in connection with the transaction, at least equals one hundred two percent (102%) of the purchase price. Securities acquired by an insurer in a repurchase transaction shall not be sold in a reverse repurchase transaction, loaned in a securities lending transaction, or otherwise pledged.

SECTION 28. A NEW SECTION OF SUBTITLE 7 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

- (1) Subject to the limitations of Section 21 of this Act, an insurer may acquire foreign investments, or engage in investment practices, with persons of or in foreign jurisdictions of substantially the same types as those that an insurer is permitted to acquire under this subtitle, other than of the type permitted under Section 23 of this Act, if, as a result of and after giving effect to the investment:

 - (b) The aggregate amount of foreign investments then held by the insurer under this subsection in a single foreign jurisdiction does not exceed ten percent (10%) of its admitted assets as to a foreign jurisdiction that has a sovereign debt rating of SVO 1 or five percent (5%) of its admitted assets as to any other foreign jurisdiction.

- (2) Subject to the limitations of Section 21 of this Act, an insurer may acquire investments, or engage in investment practices denominated in foreign currencies, whether or not they are foreign investments acquired under subsection (1) of this section, or additional foreign currency exposure as a result of the termination or expiration of a hedging transaction with respect to investments denominated in a foreign currency, if:
- (a) The aggregate amount of investments then held by the insurer under this subsection denominated in foreign currencies does not exceed fifteen percent (15%) of its admitted assets; and
 - (b) The aggregate amount of investments then held by the insurer under this subsection denominated in the foreign currency of a single foreign jurisdiction does not exceed ten percent (10%) of its admitted assets to a foreign jurisdiction that has a sovereign debt rating of SVO 1 or five percent (5%) of its admitted assets as to any other foreign jurisdiction;
 - (c) However, an investment shall not be considered denominated in a foreign currency if the acquiring insurer enters into one (1) or more contracts in transactions permitted under Section 29 of this Act and the business entity counterparty agrees under the contract or contracts to exchange all payments made on the foreign currency denominated investment for United States currency at a rate that effectively insulates the investment cash flows against future changes in currency exchange rates during the period the contract or contracts are in effect.
- (3) In addition to investments permitted under subsections (1) and (2) of this section, an insurer that is not authorized to do business in a foreign jurisdiction and that has outstanding insurance, annuity, or reinsurance contracts on lives or risks resident or located in a foreign jurisdiction and denominated in foreign currency of that jurisdiction, may acquire foreign investments respecting that foreign jurisdiction, and may acquire investments denominated in the currency of that jurisdiction subject to the limitations set forth in Section 21 of this Act. However, investments made under this subsection in obligations of foreign governments, their political subdivisions, and government sponsored enterprises shall not be subject to the limitations of Section 21 of this Act if those investments carry an SVO rating of 1 or 2. The aggregate amount of investments acquired by the insurer under this subsection shall not exceed the greater of:
- (a) The amount the insurer is required by law to invest in the foreign jurisdiction; or
 - (b) One hundred twenty-five percent (125%) of the amount of its reserves, net of reinsurance, and other obligations under the contracts.
- (4) In addition to investments permitted under subsections (1) and (2) of this section, an insurer that is not authorized to do business in a foreign jurisdiction but that has outstanding insurance, annuity, or reinsurance contracts on lives or risks resident or located in a foreign jurisdiction and denominated in foreign currency of that jurisdiction, may acquire foreign investments respecting that foreign jurisdiction, and may acquire investments denominated in the currency of that jurisdiction subject to the limitations set forth in Section 21 of this Act. However, investments made under this subsection in obligations of foreign governments, their political subdivisions, and government sponsored enterprises shall not be subject to the limitations of Section 21 of this Act if those investments carry an SVO rating of 1 or 2. The aggregate amount of investments acquired by the insurer under this subsection shall not exceed one hundred five percent (105%) of the amount of its reserves, net of reinsurance, and other obligations under the contracts on risks resident or located in the foreign jurisdiction.
- (5) Investments acquired under this section shall be aggregated with investments of the same types made under this subtitle, and in a similar manner, for purposes of determining compliance with the limitations of this subtitle, if any. Investments in obligations of foreign governments, their political subdivisions, and government sponsored enterprises of these persons, except for those exempted under subsections (3) and (4) of this section, shall be subject to the limitations of Section 21 of this Act.

 - (b)~~((2))~~ Funds guaranteed as to principal amount or stated rate of interest, is maintained in any separate account, a portion of the assets of such separate account at least equal to such reserve liability shall be invested in accordance with the applicable provisions of this subtitle.

The investments in such separate account or accounts shall not be taken into account in applying the investment limitations applicable to other investments of the insurer.

- (2) On application by an insurer, the commissioner may approve different investment limitations and restrictions for specified separate accounts of the insurer. The commissioner shall only approve the insurer's proposed limitations and restrictions if he finds that the requested investment limitations and restrictions adequately protect the interests of the insured protected by the separate account and the solvency of the insurer.

Section 32. KRS 304.7-320 is amended to read as follows:

The amortization provided for in this subsection may be calculated with reasonable approximations. The commissioner shall have the power to determine by rule the eligibility of investments for valuation under this subsection.
- (2) (a) Securities, other than those referred to in subsection (1) of this section, held by an insurer shall be valued, in the discretion of the commissioner, at their fair market value, at their appraised value, or at prices determined by the commissioner as representing their fair market value.

- (2) "Master Settlement Agreement funding" means moneys paid to the state as a result of the Master Settlement Agreement. Payments are scheduled to come to the state on January 10 and April 15 of each calendar year through 2025 and possibly beyond.
- (3) "Phase II Agreement" means the National Tobacco Grower Settlement Trust Agreement dated July 19, 1999, entered into by tobacco states and major tobacco companies to compensate tobacco growers and quota owners for losses resulting from the Master Settlement Agreement; and
- (4) "Phase II payment program" means the twelve (12) year program for providing payments, which result from the Phase II agreement, to tobacco growers and quota owners.

Section 2. KRS 248.654 is amended to read as follows:

- (1) There is established in the State Treasury a permanent and perpetual fund to be known as the "Tobacco Settlement Agreement Fund" to which shall be credited any funds designated to the Commonwealth from the tobacco settlement agreement or related federal legislation. Any funds designated to the Commonwealth from the settlement agreement or related federal legislation shall not be expended until appropriated by the General Assembly. The General Assembly's highest priority for distributing any funds from this account shall be for tobacco farmers and tobacco-impacted communities, ~~and~~ health-related areas, and early childhood development programs. The fund shall not lapse and interest accrued on the fund, from the first to the last payment of Master Settlement Agreement funding, shall remain in the fund for transfer to the other funds or accounts created or referenced in Sections 1 to 8 of this Act.
- (2) Moneys received in the Tobacco Settlement Agreement Fund from Master Settlement Agreement funding on or before June 30, 2000, along with accrued interest, shall be divided and allocated on the effective date of this Act as follows:
 - (a) Ten million dollars (\$10,000,000) shall be transferred to the multicounty account referred to in subsection (4)(b)1. of Section 4 of this Act.
 - (b) Fifty percent (50%) of the funds remaining in the Tobacco Settlement Agreement Fund shall be transferred to the Phase II Supplement Fund created in Section 3 of this Act; and
 - (c) Fifty percent (50%) of the funds remaining in the Tobacco Settlement Agreement Fund shall be transferred to the Research Challenge Trust Fund and the Regional University Excellence Trust Fund created in KRS 164.7911. The funds shall be transferred in the following proportions:
 1. Eighty-three and thirty-three hundredths percent (83.33%) to the Endowment Program of the Research Challenge Trust Fund of the Council on Postsecondary Education; and
 2. Sixteen and sixty-seven hundredths percent (16.67%) to the Endowment Program of the Regional University Excellence Trust Fund of the Council on Postsecondary Education.
- (3) Moneys received in the Tobacco Settlement Agreement Fund from Master Settlement Agreement funding after June 30, 2000, along with accrued interest, shall be divided and allocated in 2000 on the effective date of this Act and each subsequent year on July 1 as follows:
 - (a) For the life of the Phase II payment program, funds shall be allocated to the Phase II Supplement Fund when needed as outlined in Section 3 of this Act;
 - (b) The remainder of the funds left, after removal of funds needed as outlined in paragraph (a) of this section, shall be allocated each year as follows:
 1. Fifty percent (50%) of the funds in the Tobacco Settlement Agreement Fund shall be transferred to a Tobacco Farmers and Tobacco Communities Fund created in Section 4 of this Act;
 2. Twenty-five (25%) percent of the funds in the Tobacco Settlement Agreement Fund shall be transferred to an Early Childhood Development Fund created in Section 7 of this Act; and

3. Twenty-five percent (25%) of the funds in the Tobacco Settlement Agreement Fund shall be transferred to a Health Care Improvement Fund created in Section 8 of this Act.
- (4) Interest earned on any moneys in any fund or account created in Sections 1 to 8 of this Act shall accrue to that fund until transferred to another fund or account created or referenced in Sections 1 to 8 of this Act.
- (5) None of the moneys left at the end of a fiscal year in any fund or account created or referenced in Sections 1 to 8 of this Act shall lapse, but shall stay with the fund or account as long as the fund or account exists, or until the moneys are transferred to another fund or account created or referenced in Sections 1 to 8 of this Act. In the case of any fund or account created in Sections 1 to 8 of this Act that is terminated with a remaining balance, the balance shall be returned to the Tobacco Settlement Agreement Fund, or to the fund or source from which it came.

SECTION 3. A NEW SECTION OF KRS CHAPTER 248 IS CREATED TO READ AS FOLLOWS:

- (1) There is created in the State Treasury the "Phase II Supplement Fund".
- (2) Fifty percent (50%) of the moneys credited to the Tobacco Settlement Agreement Fund from Master Settlement Agreement funding for 1998, 1999, and through June 30, 2000, and after the ten million dollars (\$10,000,000) for the multicounty account referred to in subsection (2)(a) of Section 2 of this Act is removed, shall be transferred to the Phase II Supplement Fund. Additional funds shall be transferred to the Phase II Supplement Fund as needed from moneys credited to the Tobacco Settlement Agreement Fund after June 30, 2000.
- (3) The Phase II Supplement Fund shall be used to supplement Phase II payments to tobacco growers and quota owners so that the total amount available for payment to them each year does not fall below the total amount of Phase II funds available for distribution to them in 1999, which was one hundred fourteen million dollars (\$114,000,000). If the Phase II supplement funds, received from the Tobacco Settlement Agreement Fund from Master Settlement Agreement funding before June 30, 2000, fall below the amount needed to reach the one hundred fourteen million dollar (\$114,000,000) in any year before the end of the twelve (12) year Phase II program, procedures outlined in subsection (4) of this section shall be followed.
- (4) If the moneys received into the Phase II Supplement Fund before June 30, 2000, become insufficient to continue to meet the yearly one hundred fourteen million dollar (\$114,000,000) funding level, moneys needed to supplement Phase II funding to maintain funding at the 1999 level of one hundred and fourteen million dollars (\$114,000,000) per year for each of the twelve (12) years of the Phase II funding program shall continue to be provided to the Phase II Supplement Fund from funds received in the Tobacco Settlement Agreement Fund after June 30, 2000. As Master Settlement Agreement funding becomes available after June 30, 2000, for calendar year 2001 and each year thereafter for the life of the Phase II payment program, the moneys needed for the Phase II Supplement Fund to assure availability of the one hundred and fourteen million dollar (\$114,000,000) funding level for that year shall be taken from the Tobacco Settlement Agreement Fund before any other distributions are made. On the last year of distribution of the Phase II supplement funds, any excess funds beyond those needed to reach the one hundred fourteen million dollar (\$114,000,000) level shall be returned to the Tobacco Settlement Agreement Fund.
- (5) The Tobacco Settlement Trust Corporation board created in 2000 HB 96 shall use the same formula and process for distribution of the Phase II supplement funds as it uses for distributions under the regular Phase II payment program, except that the corporation shall send the list of supplement payment recipients to the Revenue Cabinet rather than to the trustee of the National Tobacco Grower Settlement Trust. The Department of Revenue shall process the information and issue the checks at no charge to the Phase II supplement fund. The Phase II supplement funds shall be identified as supplement funds when distributed to tobacco growers and quota holders.

SECTION 4. A NEW SECTION OF KRS CHAPTER 248 IS CREATED TO READ AS FOLLOWS:

- (1) There is created in the State Treasury the "Tobacco Farmers and Tobacco Communities Fund" which shall receive funds as outlined in Section 2(3)(b)1. of this Act. The funds for the County Extension Service Offices shall be based on the distributions to the individual counties as set out in subsection (4)(b) of this section and shall be allocated directly to each County Extension Service Office.
- (2) The Tobacco Farmer and Tobacco Community Assistance Office is created in the Kentucky Department of Agriculture. The office shall provide assistance to the local Access to Capital boards, authorized in subsection (3) of this section, as the boards carry out their duties as outlined in subsection (3) of this section. - (c) Providing technical support, training, and assistance to the local Access to Capital boards; and

 - (3) A local Access to Capital Board shall be established in each tobacco producing county.
 - (a) The local board shall receive applications and determine which applicants shall receive funding, referred to in subsection (4)(a) of this section, according to terms set out in subsection (5) of this section. The local board shall forward these determinations to the Tobacco Farmer and Tobacco Community Assistance Office in the Department of Agriculture which shall submit the determinations on behalf of the local boards to the Master Settlement Agreement Oversight Subcommittee created in Section 6 of this Act.
 - (b) Membership on the local Access to Capital boards shall include:
 - 1. One (1) member selected by the county Farm Service Agency board that serves that county;
 - 2. One (1) member selected by the Natural Resources Conservation Service board that serves that county;
 - 3. One (1) member selected by the Cooperative Extension Service board that serves that county; and
 - 4. One (1) member, who is a young farmer between the ages of twenty-one (21) and thirty-five (35) years of age, selected by the members in subparagraphs 1. to 3. of this paragraph.
 - (c) Members shall initially be appointed by September 1, 2000. These members shall serve until June 30, 2002. On July 1, 2002 and every two (2) years thereafter, members shall be appointed for two (2) year terms.
 - (d) The Access to Capital Board shall be attached to the County Cooperative Extension Service Office for administrative support.
 - (e) No existing member, or his or her family member, of the local Farm Service Agency board, the local Natural Resources Conservation Service board, or the local county Cooperative Extension Service board involved in the selection of local Access to Capital board members shall be eligible for service on the local Access to Capital board.
 - (4) The moneys received in the Tobacco Farmers and Tobacco Communities Fund as outlined in Section 2(3)(b)1. of this Act, less the amounts for county Extension Service offices and the Department of Agriculture outlined in Section 4(1) of this Act, shall be distributed to accounts for each of the tobacco-producing counties or to a multicounty project account within twenty (20) days of receipt of moneys in the Tobacco Farmers and Tobacco Community Fund each year and shall be divided as follows:
 - (a) The first fifty million dollars (\$50,000,000), or the total amount coming into the Tobacco Farmers and Tobacco Communities Fund during the year if it is less than fifty million dollars (\$50,000,000), shall go to accounts created for each tobacco-producing county based on the following weighed factors:
 - 1. Fifty percent (50%) weight to the county's percentage of state tobacco allotment based on 1999 data;
 - 2. Twenty-five percent (25%) weight to the county's number of farms with tobacco quota in the county as a percentage of farms with tobacco quotas statewide, based on 1999 data; and
 - 3. Twenty-five percent (25%) weight to the economic impact index for each county, which shall be calculated in the following manner:
 - a. The tobacco income for each county (burly tobacco production times average burley market price) divided by the total personal income for each county. The data used shall reflect the year most recently available for total personal income.
 - b. The percentage derived in subdivision a. of this subparagraph (tobacco income as a percentage of total personal income for each county) shall then be summed across all counties.
 - c. The economic impact index amount shall be each county's tobacco income as a percentage of total personal income, divided by the aggregate percentage stated in subdivision b. of this subparagraph.
- Repaid loans and interest shall be returned to the appropriate county's account.
 - (b) 1. Any amount over the fifty million dollars (\$50,000,000) referred to in paragraph (a) of this subsection shall go to an account for multicounty projects in tobacco-producing counties. When the multicounty projects account reaches twenty million dollars (\$20,000,000), it shall be capped. Excess moneys shall go to the tobacco producing counties' accounts in paragraph (a) of this subsection until the multicounty projects account falls below the cap. The funds in the multicounty projects account shall be utilized for a fifty percent (50%) match with funds from two (2) or more tobacco-producing counties.
 - 2. Multicounty projects shall be public-private partnerships. All operating funds for the projects shall be provided by private parties. Assistance in determining the use of the funds referred to in subparagraph 1. of this paragraph and assistance in formulating projects and administering the project funds shall be provided by the Agricultural Diversification and Development Council created in KRS 248.650.

- (2)
 - (a) Every person filing an application for exemption under the homestead exemption provision must be sixty-five (65) years of age or older during the year for which application is made or must have been classified as totally disabled under a program authorized or administered by an agency of the United States government or by ~~any~~the Railroad retirement system either within or without the Commonwealth of Kentucky on January 1 of the year in which application is made.

Every two (2) years thereafter, if the cost of living index of the United States Department of Labor has changed as much as one percent (1%), the maximum exemption shall be adjusted accordingly.
 - (f) The real property may be held by legal or equitable title, by the entireties, jointly, in common, as a condominium, or indirectly by the stock ownership or membership representing the owner's or member's proprietary interest in a corporation owning a fee or a leasehold initially in excess of ninety-eight (98) years. - (b) Any totally disabled person granted the homestead exemption under the disability provision shall report any change in disability classification to the property valuation administrator in the county in which the homestead exemption is authorized.
- (c) Any person making application and qualifying for the homestead exemption before payment of his property tax bills for the year in question shall be entitled to a full or partial exoneration, as the case may be, of the property tax due to reflect the taxable assessment after allowance for the homestead exemption.

The House of Representatives of the Commonwealth of Kentucky hereby adjourns this day in honor and memory of Private Robert Brooks of Sadieville, Kentucky. The beloved son of Mr. and Mrs. Roy Brooks, this young man left the farm he grew up on to enlist in the Armed Forces during the pre-World War II period, where he was enrolled in a regular army unit. Later transferred to the segregated white Armored Division National Guard Unit, this courageous young African-American was the first Scott County soldier to die in action and the first member of the Armored Force to die in combat. He was killed by flying shrapnel during a Japanese action which took place near Fort Stotsenberg in the Philippines, following the attack at Pearl Harbor in World War II. Lost to all those who loved him while serving to protect the freedoms enjoyed by this great nation, his friend, the late Sam Wood, worked diligently to have the Scott County Community appropriately recognize the sacrifices of Private Robert Brooks and his family. The Armored Force recently, and with full military honors, dedicated the main parade ground at Fort Knox, designated as Brooks Field, in his honor. A historical marker in his honor is to be dedicated this weekend at Sadieville's former depot and future city hall. The members of this distinguished body do hereby join with Representative Charlie Hoffman in paying ardent tribute to the memory of this brave young soldier and in extending to his family, friends and fellow citizens expressions of sincere gratitude that the supreme sacrifice of Private Robert Brooks has been appropriately acknowledged and honored. Done in Frankfort, this eighteenth day of February, in the year of our Lord, two thousand.
